

Youths Drown At Oceanlake

OCEANLAKE (AP)—Two youths cavorting in the surf were carried to their deaths in the Pacific Ocean by an outgoing tide here Saturday.

The victims were Allen Leroy Gedde and James Frederick Williamson, both 20 and both of Portland, state police said.

Neither body was recovered immediately. The Coast Guard ended its search Saturday night. Relatives of the victims, and the fire department here, looked Sunday without success.

Police said one youth was floating on a rubber air mattress in the surf, and the other was swimming nearby, when they were caught by a vicious outgoing tide.

Several persons on the beach saw the two far out in the surf, but by the time aid could be called the men had vanished. The mattress later washed ashore.

The Coast Guard sent boats out to search but found nothing. An airplane, too, was pressed into the search. Its pilot said he thought he saw a body far out in the sea shortly before darkness forced him to land.

Gravel Plant Will Reopen

CORVALLIS (AP)—A sand and gravel plant here, closed by a Teamsters Union strike, said it would reopen today with law officers on patrol.

John Gallagher Jr., president of the Corvallis Sand & Gravel Co., said he asked Sheriff C. N. Lilly for deputies "just in case."

Lilly agreed to assign two deputies, but said he doubted if there would be any trouble.

Ward Graham, head of the Teamsters Union Local 324 on strike at the plant, said he too doubted if there would be trouble.

The pickets, said Graham, would be at the plant as usual, and he predicted no union men would report for work.

Gallagher said he believed some union men would cross the picket lines, established at the plant May 11.

The dispute began at the firm and spread throughout the mid-Willamette Valley when the Cascade Employers Assn. ruled a strike against one a strike against all. Eight plants at Salem, one at Independence and two others here closed.

The sand, gravel and ready-mix concrete shutdown has halted much construction in the area.

The dispute stems from a union demand for an immediate 35-cent an hour wage increase, and management's insistence that the 35 cents be spread over a three-year period. The union contract expired Dec. 31.

11 Honored By Scouts

SAN FRANCISCO (UPI)—Comedian Bob Hope, Restaurateur George Mardikian and nine other men have been honored by the Boy Scouts for "distinguished service to boyhood."

The awards were presented Saturday at the closing luncheon session of the scouts' National Council convention here.

They received the Silver Buffalo Award given for noteworthy service to youth either through activities with the Boy Scouts or independent of the organization.

Hope was honored for his "Exploring with Hope" telecast which helped launch the new Explorer Scout program for the 14-16 age group.

Mardikian, San Francisco restaurateur and author, was cited for being "one of scouting's greatest and most enthusiastic ambassadors here and abroad."

Other honorees included Milo W. Benins, Los Angeles.

Woman Saves Fire Victim

CORVALLIS, Ore. (AP)—Mrs. Alene Brittain, about 40, Monroe, was visiting at nearby Kings Valley Saturday when she saw a neighboring house on fire.

She hurried to the house and saw on the floor Gene Woods, 45. He was unconscious and his clothes were aflame.

Mrs. Brittain removed her blouse, tied it about her head and pulled Woods outside. Then she tore off his burning clothing. He was taken to a Corvallis hospital, unconscious and in critical condition.

The fire, of undetermined origin, destroyed the house.

MONKEYING WITH DIET BERLIN (UPI)—Visitors are no longer permitted to feed the monkeys at the West Berlin zoo. Officials said the visitors had been providing such tasty snacks that the monkeys were snubbing their regular meals, and snubbing the keepers too.

New Plane Ends Test

EDWARDS AFB, Calif. (UPI)—The Doak 16, a new plane capable of hovering, going straight up or flying like a conventional craft, has competed successfully its first flight test, the Army announced today.

The craft, designated the C2ADA by the Army, was hailed as more adaptable than the helicopter because of its unique barrel-shaped power plants located on the tips of its wings. The power plants, which look like large encased fans, can swivel into positions which make the craft act like a conventional plane or a helicopter.

The Army said the Doak 16 was designed for longer ranges and higher speeds than helicopters and would be used as a liaison plane. It was built by Doak Aircraft, Torrance, Calif.

Meet Ended By WWI Vets

ALBANY, Ore. (AP)—The Oregon Veterans of World War I closed its annual convention here over the weekend after naming Ray Carnathan of Portland department commander.

Ralph J. Baldwin of Salem, the outgoing president, was elected a trustee. He also was assigned to manage a booth for World War I veterans at the Oregon Centennial Exposition at Portland.

Other officers are Ralph Aylesworth of Roseburg, senior vice commander; Dan Reed Jr., Baker, junior vice commander; Orval Karney, Mulino, quartermaster; Stewart Arnold, Taft, judge advocate; Melvin James, Hillsboro, chaplain; and Montee C. Walton, Portland, adjutant.

Mrs. Muriel Jardine of Salem was elected department auxiliary president.

Other auxiliary officers:

Canada had an estimated population of 17,048,000 on June 1, 1958. Montreal is the largest city with a population of 1,109,439.

Graham Raps West World For Overemphasis On Sex

LONDON (UPI)—Overemphasis on sex is one of the greatest dangers faced by the western world, American evangelist Billy Graham said today.

Graham, in London for a rest after three months of crusades in Australia and New Zealand, pointed to London's parks as an example of what he meant.

He said the great parks of London were so much like bedrooms that he was forced to cut short a walk he was taking with his wife Sunday.

He told a press conference that he and Mrs. Graham had strolled through parts of three of the biggest parks in London—Hyde Park, Green Park and St. James.

"It was about dusk," he said, "and I could hardly believe it. The parks looked as if they had been turned into bedrooms, with people lying all over the place in all sorts of conditions."

The 40-year-old North Carolina evangelist added, "Where once we could walk through the London parks and enjoy the birds, the ducks and the water, it was so embarrassing on Sunday that I finally took my wife out."

Graham added:

"We have made idols of people who put their emphasis on sex. I think the new generation coming along is far better acquainted with Jayne Mansfield's statistics than it is with the Second Commandment, which orders that thou shalt not take unto thee any image . . . Rome and other cities. "It is going to bring the judgment of God on any city that goes the way of Sodom and Gomorrah."

U.A.R. - LEBANON PACT
CAIRO (UPI)—The United Arab Republic and Lebanon signed an economic agreement Sunday. U.A.R. Finance Minister Abdel Moneim Kayoumi said it would "promote our aim of establishing Arab economic unity and an Arab common market."

The agreement slashed customs duties and reduced by half the fees on the movement of persons between the two countries.

Idaho has more than 20 million acres in national forests.

SUNNY BROOK
The Great Whiskey of the Old West

WINNING THE WEST
After the famous American artist—Frederic Remington
"STAMPEDE"

WHY THIS GREAT KENTUCKY WHISKEY COMES IN TWO BOTTLINGS!

There are two great tastes in American whiskey. Some people prefer blends. Others like straight bourbon. With the quality assurance of Sunny Brook you can buy either.

In Sunny Brook's round bottle is an unusual blend of Kentucky whiskeys and the lightest grain neutral spirits.

In the square bottle is Sunny Brook's straight Kentucky bourbon, deliciously mild and sunny.

Round bottle blend or square bottle straight—every drop is Kentucky whiskey.

66 PROOF STRAIGHT \$4.60 4/5 Qt. \$3.00 Pint

BLENDED WHISKEY \$4.60 4/5 Qt. \$3.00 Pint

OLD SUNNY BROOK CO., LOUISVILLE, KY., DISTRIBUTED BY NATIONAL DISTILLERS PRODUCTS COMPANY, KENTUCKY
