Nuclear Negotiations Resume Today In Geneva

GENEVA (AP)—The three-power nuclear negotiations resume today amid prospects that a final decision on suspending the testing of atomic and hydrogen weapons will be taken at a summit meeting.

Girl Killed In Accident

ASHEVILLE, N.C. (AP)—Two girls on a church assembly outing fell 30 feet over a waterfall near here Saturday. One was killed and the other injured seriously.

The girls, members of a party of 19 from the Ridgecrest Baptist Assembly, hiked to the Upper Catawba Falls in McDowell County.

Members of the party said one girl apparently slipped, and when the other attempted to grab her, both went over.

Barbara Butler, Saluda, S.C., a high school student, died about four hours after she was brought out of the western North Carolina county by jeep.

Her companion, Margaret Sue Morrow, 29, of Inman, S.C., suffered from a broken jaw, a broken leg and exposure.

Old-Fashioned Triangle Comes To Light In Trial

CINCINNATI (AP)—A murder trial that is expected to mix technical legal battles with the age-old love triangle opens today in Hamilton County Criminal Court.

On trial is Edythe Klumpp, 41, blonde part-time home economics teacher and operator of a day boarding home for children.

Mrs. Klumpp, twice divorced and the mother of four, is accused of slaying Louise Bergen, 32, last Oct. 30. The state claims Mrs. Bergen was killed because she refused to divorce her husband, William, so he and Mrs. Klumpp could marry.

Mrs. Bergen's badly burned body was found Nov. 1 on the shore of Lake Cowan in nearby Clinton County. The state claims Mrs. Klumpp made a statement admitting Mrs. Bergen was shot to death and the body was kept in her automobile overnight before she took it to Lake Cowan and set it afire.

Mrs. Klumpp has claimed the shooting was an accident as she and Mrs. Bergen grappled over a gun in Mrs. Klumpp's car.

A special venire of 75 persons begins the tedious job of selecting a jury today in Judge Frank Gusweiler's court.

Hamilton County Prosecutor C. Watson Hoyer hopes that task can be completed in three days. Defense attorney William F. Hopkins isn't so optimistic.

Hopkins is expected to make much of what he says is the fail-

ure of the state to have a coroner's report on the actual cause of death. Mrs. Bergen's body was examined twice by a pathologist and Hopkins is expected to contend there has been no definite word as to how Mrs. Bergen actually died.

Hopkins is frankly hopeful of winning his case on the contention that the state cannot prove where the slaying actually occurred—in Hamilton or Clinton counties. His contention is that there must be further proof even though police say Mrs. Klumpp admitted the shooting occurred in this county. Hoover contends such proof is not necessary.

Arriving from London, Ormsby-Gore told reporters this is "the last lap—we hope."

Ormsby-Gore assumed any treaty the negotiators might draft probably would still have holes that would have to be filled in by Eisenhower, Macmillan and Khrushchev.

"Certain points might have to be dealt with at the summit," he said.

Of the birthstones, only the diamond, ruby, sapphire and emerald are considered precious. The other eight are semi-precious.

He held a one-man commencement for Dale Plante, landscape architecture major, at 10:30 a.m. Sunday, 5½ hours ahead of schedule. That permitted Mrs. Plante to hurry to Wesleyan University, Middletown, Conn., to see the other twin, Dana, receive his degree at 6 p.m.

Illness Of Long Puzzles Doctors

GALVESTON, Tex. (AP)—"We still can't tell what's the matter with him," a psychiatrist attending Louisiana's Gov. Earl K. Long said Sunday.

The physician, who asked not to be named, said Long steadfastly refused to cooperate with doctors seeking to diagnose his illness.

On petition of his wife, a court order for holding the 63-year-old governor in protective custody was issued last week. A sanity hearing is set for next Saturday.

Long is a patient in the psychiatric clinic at John Sealy Hospital. He was flown here May 30.

Cleric Fired By Church For Race Harmony Story

COLUMBUS, Ga. (AP)—A Presbyterian minister who wrote a national magazine article on racial harmony has been dismissed after several years of disunity and unrest among members of his congregation.

The Rev. Robert B. McNeill, pastor of the First Presbyterian church, was dismissed Sunday by a judicial commission of the Southwest Georgia Presbytery.

The eight-man commission said the action was taken because "the interests of religion imperatively demand it."

The decision was read by the Rev. Frank C. King of Valdosta, chairman of the group, to a stunned and subdued congregation.

The announcement came without advance notice although the

commission statement was dated June 2. McNeill said he was informed of the impending action Wednesday.

The 44-year-old gray-haired pastor said he was surprised by the action but had not decided whether to submit the matter to a higher court.

The dismissal could be appealed to the Presbytery Synod of Georgia and even to the General Assembly of the Presbyterian Church, U.S.

Garrett Shackelford, a former elder, said he would appeal the decision "only with Mr. McNeill's permission. He is being sacrificed for the sake of the commission having the easiest way out."

King said the dismissal was "in no sense a rebuke to Mr. McNeill. We are just trying to make progress and feel more can be accomplished this way."

He urged all church officers to continue in their posts and said "this concerns no one but Mr. McNeill."

One tearful woman replied that "it concerns all of us who love him and don't think he should leave."

McNeill said that several years ago the church organized a Negro congregation in Columbus. When

they were unable to secure a Negro pastor the white church employed a retired white minister. McNeill said this burned some members of the congregation.

Opposition to him came to a head after Look magazine published an article he wrote on May 28, 1957, in which he discussed ways of bringing racial harmony to the South through "a creative contact between leaders of both races."

Last June a commission was appointed by the presbytery to investigate reports of dissension among some of the 1,200 members of the church.

In November that commission dissolved the church's session, governing body of the church, after it reported findings of unrest and disharmony.

The session's function of receiving new members was bestowed on the pastor who was given the powers of evangelist. McNeill, a native of Birmingham, Ala., is married and the father of two children. He has been with the First Presbyterian church since November 1952.

'Johnny Reb' Given Award

HOUSTON, Tex. (AP)—To the distinction of being the last survivor of the Confederate army, 115-year-old Walter Williams has added still another.

Now he holds higher rank than any ever achieved by his comrades at arms.

In a weekend ceremony at his bedside, a group calling itself the Confederate High Command presented the old soldier an honorary commission as a five-star general—a rank which didn't exist in Civil War days.

Donald A. Ramsey, a St. Petersburg, Fla., mining engineer, made the presentation as executive commissioner of the semi-military order.

Williams, fortified with a nip of whisky for what his doctor described as a slight chill, dozed during most of the ceremony.

Former Officer Stroke Victim

CLEARWATER, Fla. (AP)—James Joseph Maloney, 63, former chief of the Secret Service, died at a veterans hospital Sunday after a stroke.

Maloney began his law enforcement career as a police patrolman at Binghamton, N.Y. Later he was a New York state trooper. He entered the U.S. Treasury Department's Secret Service in 1931.

When he retired in 1950 he was coordinator of all the Treasury Department's agencies—Secret Service, Intelligence, Customs, Narcotics and Alcohol Tax units.

Noud was the driver of a flat-bed truck loaded with chickens that went out of control and over an embankment at 2:30 p.m. Thursday, June 4, on Highway 99.

Cuban Refugees Seek Asylum

KEY WEST, Fla. (AP)—Florida's Cuban refugee colony is larger today by five ex-soldiers and a sailor.

They told immigration authorities they chipped in \$700 to buy the 16-foot motor boat in which they cruised from Havana to Key West.

Miguel Victoreto y Garcia, 29, said he fled from Fidel Castro's navy because of political trouble and hid out 15 days before embarking.

The others said they were in the Cuban army of ex-President Fulgencio Batista. All asked political asylum.

CAMPAIGN DECISION COMING

WASHINGTON (UPI)—Sen. Hubert H. Humphrey (D-Minn.) says he will decide this fall whether to seek the Democratic presidential nomination in 1960. Humphrey said some of his friends have considered entering him in the Wisconsin election primary. But he said "no firm decision" has been made on that either.
