

CENTENNIAL DRESSES were worn by the housekeeper and maid staff of the Winema Hotel during the Oregon State Elk Association Convention, June 4-6. From left to right are Mrs. Stella Persell, Housekeeper; Mary Pryor, Sarah Kirby, Dorothy Hawthorne, Lillian Mechem, Mary Owens and Gladys Foltz. Not pictured is Ruth Gray.

Long Urges Bill Passage

BATON ROUGE, La. (AP)—Gov. Earl K. Long, in telephone calls from a psychiatric clinic in Galveston, Tex., Monday called on the Louisiana Legislature to pass bills he had sponsored and said he hoped to be home soon.

The calls, apparently made with permission of the governor's physicians, came one day before the Legislature's final adjournment.

Long was flown to John Sealy Hospital in Galveston May 30 after venting his wrath before the Legislature with profanity. He was committed June 2 by Mrs. Long.

Both the House and Senate, acting within minutes of each other, passed a resolution urging the 63-year-old governor to continue treatment as long as necessary to recover completely.

Long's physicians reported earlier this week they had made no progress in trying to diagnose his illness. "We still can't tell what's the matter with him," said one doctor.

Physicians said Long continued to deny efforts to gain his cooperation.

House Speaker Robert Angelle, who spoke to Long in one call, told the governor that most of his bills had passed in the Legislature.

GONE WITH THE WIND
STEVENS POINT, Wis. (AP)—When a wind storm ripped off the roof of the Worzalla Publishing Co., a fresh printing of a book was destroyed. The book: "The Way of the Weather."

Aide Ask Union Citing

SAN FRANCISCO (AP)—An examiner for the National Labor Relations Board Monday recommended that the Longshoremen's Union be cited for unfair labor practices in a Portland, Ore., waterfront dispute.

Examiner Howard Myers recommended that the union be ordered to halt picketing of unloading operations by General Ore, Inc., and not to interfere with unloading of ore for the Harvey Aluminum Co. at The Dalles.

In addition, the recommendations would require the union not to try to force General Ore into the Pacific Maritime Assn., a group of waterfront employees which has an agreement with the longshoremen.

The dispute arose last summer when pickets appeared at the General Ore pier in Portland. The firm unloads ore for Harvey Aluminum.

Election Results Ignite Scramble

PALERMO, Sicily (AP)—Indecisive results from Sicily's regional assembly elections touched off a scramble today for alliances by Italy's rival political parties.

Once again the balance of power appeared to rest with Silvio Milazzo, rich Sicilian landowner who broke with Italian Premier Antonio Segni's Christian Democrat party last year and took over the autonomous Sicilian government with the backing of the Red left and Fascist right.

In the voting Sunday, Milazzo's Christian Social Union won only 9 of the 90 Assembly seats. But with none of the big parties getting a majority, those nine were the key.

NAMED ADJUTANT GEN'L
SALEM (AP)—Col. Paul Kliever of Salem, director of armories for the Oregon National Guard, Monday night was named assistant adjutant general for the state.

Parents Die; 8 Orphaned

DURHAM, England (AP)—Death of a newlywed couple Monday in the nearby village of Pity Me, orphaned eight children.

Jack Morley, 36, a widower, and Jenny Howell, 35, a widow, had been married only 36 hours when their motor scooter and an automobile collided.

Morley was the father of six children, his bride the mother of two.

Kenaf is a tall, towering plant grown in Cuba which supplies valuable commercial fibers. It is akin to jute in its uses.

Space Theory Being Mulled

SAN DIEGO, Calif. (AP)—Should space pilots be kept in sterile isolation during training, or should they be allowed to live normal lives?

In short, as a flight surgeon with a sense of humor put it at a session of the American Rocket Society: "Should our space pilot sleep with his ultra-violet lamp or with his wife?"

Dr. Toby Freedman of North American Aviation Inc. said the answer is simple.

"If space flight were a one-shot affair," he said Monday, "no precaution would be spared to keep the crew germ free. But once we realize that space flight is not a one-shot affair and that the fliers will be trained, not for a single stab into the darkness but for continuing space exploration, then it is obvious that isolation is neither possible or desirable."

Dr. Freedman proposed normal life for space candidates as a guiding principle for flight surgeons who will be faced with making decisions that will affect the survival of tomorrow's rocketmen.

SCOUT NEWS

DORRIS—Dorris Cub Scout Pack 70 held a potluck dinner before the recent meeting in the high school cafeteria for the scouts and their families.

Johnny Moreno led the salute to the flag. The song, "Let Me Call You Sweetheart," was sung by the cubs and their dads as a tribute to their mothers.

The following awards were given: Danny Struble, wolf; Jon McCollum, gold arrow; Terry Sundkvist, silver arrow; Larry Williamson, lion; Rennie Cleland, gold and silver arrow; Marty Egeline, wolf; Stanley Egeline, denner stripe; Gene Milligan, assistant denner stripe.

Boys receiving awards at the April pack meeting were: Rennie Cleland, wolf and denner stripe; Gary Allen, bear; Rodney Smith, lion; Floyd Stallcop, gold arrow; Gary Cavener, lion; Danny Lucas, lion and gold arrow; Jimmy Hoskins, bobcat; Lennie Carnini, wolf and gold arrow; Robby Egeline, gold and silver arrow; Bobby Edgar, bear.

The theme for the May meeting was the musical hoo-down and the den put on musical skills for the audience.

Cubmaster Bob Edgar announced that there would be no meetings during the month of June, but individual dens would hold some meetings in July and the pack will plan a picnic to be held sometime in August.

In closing, the Cub Scouts gave the law of the pack and sang "Good Night, Cub Scouts."
