MESSAGE FROM THE MANAGEMENT:

We are offering approximately \$50,000 worth of stock that was in our upstairs warehouse. This merchandise was definitely not touched by fire or water... but is merely smoked a little. Thousands of items that were in sealed cartons will not even show the slightest smoke damage. Other items that were uncartoned will, of course, show smoke. This is no "gimmick" sale. Absolutely no merchandise from any other source will be added to this stock. We are eager to empty the warehouse, consequently we have priced it to your advantage. As the sale progresses more merchandise will be moved from the old location... so if you don't see what you're looking for the first time... come back again. Hurry in today! Don't miss these terrific values.
