

New Air Defense Proposals To Be Tested By Congress

WASHINGTON (AP) — The administration's new air defense proposals get an indirect congressional test today as the Senate takes up a bill to authorize wide-spread military construction projects.

The measure would open the way for spending \$1,209,971,000 on U.S. military installations ranging from missile bases to housing in this country and around the world. Some of them are secret.

A comparatively small part of the bill involves construction of bases from which missiles would be fired against attacking enemy planes. Action had been held up while the Pentagon revised its plans for air defense.

As it went to the Senate, the bill is tailored to the Pentagon's decision to continue on a cut-down basis installation of both the Army's Nike-Hercules and the Air Force's Bomarc missiles for defense against enemy planes. The money for these and for stepped-up development of a defense against enemy missiles will come later in other bills.

The only advance opposition to the program has come from Sen. Stuart Symington (D-Mo.), who said in an interview Saturday he considered the new program an unsound compromise "which forces the taxpayer to continue to waste billions of dollars." He contended it would give only a false sense of security.

He followed up in a television interview Sunday with the com-

Pact Talks In Recess

NEW YORK (AP) — Steel industry contract negotiations are recessed until Wednesday. A strike deadline has been postponed for two weeks, until midnight July 14.

President Eisenhower's intervention Saturday paved the way for the postponement. The strike had been scheduled for Tuesday night, barring a sudden settlement, which nobody expected.

David J. McDonald, head of the United Steelworkers, scheduled meetings today with his 33-man executive board and 171-member international wage policy committee. Both sessions were expected to be routine.

The industry position against granting any labor cost increases still stands. This was made clear in a statement by R. Conrad Cooper, chief industry negotiator, and by Thomas Patton, president of Republic Steel Corp.

Patton said on a nationwide television broadcast Sunday night that his firm is unwilling to grant any labor cost increases without compensating price increases. Asked about record 1959 profit reports, Patton said the long-range expectation is what must be considered.

McDonald called Cooper's re-statement of concern over inflation "a rebash of the same old mishmash." The union is insisting on sizable gains in wages and other worker benefits. According to government figures, steelworkers earned an average of \$3.10 an hour in April.

ARMSTRONG APPEALS DECISION MEXICO CITY (AP) — Guillermo Osorio Sosa, sentenced to four years in prison for unpre-meditated murder, appealed his case. A higher court decided Sunday that Osorio's crime was pre-meditated and boosted his sentence to 20 years.

Toronto Greet Queen Liz With Biggest Reception

TORONTO (AP) — Queen Elizabeth II received the biggest, noisiest reception of her Canadian tour on her arrival in Toronto today.

More than 6,000 people overflowed a temporary grandstand erected on the pier where the royal yacht Britannia tied up. Several thousand others were standing around a huge enclosure.

In the harbor, hundreds of boats, large and small, were lined up.

Star Takes Third Mate

HOLLYWOOD (AP) — Actress Terry Moore and her third husband, wealthy socialite businessman Stuart Cramer III, began a honeymoon today aboard his yacht off the California coast.

They were married Sunday night at the Church of the Hills in Forest Lawn Memorial Park. About 100 friends of both families attended the ceremony.

Bishop John Bernhardt of the Church of Jesus Christ of Latter-day Saints officiated.

Miss Moore is 29 and Cramer 34. Following a reception at the home of her parents, the couple left on Cramer's 55-foot yacht, Kirawan. They plan to live in Beverly Hills.

Miss Moore was previously married to West Point football star Glenn Davis and Panamanian businessman Eugene McGrath. Cramer was married briefly to actress Jean Peters.

The surprise ceremony caught most of the Hollywood colony off guard. No film notables were present.

Actress Sheds Hollywood Mate

SANTA MONICA, Calif. (AP) — Swedish-born actress Birgitta Hall says that during their marriage actor Barry Sullivan "several times asked me to leave."

On the verge of tears the tall, strawberry blonde so testified as she divorced Sullivan Thursday. She charged mental cruelty.

Miss Hall, 30, and Sullivan, 46, married last July 25 in Tijuana, Mexico, and separated last month. He will pay \$600 a month alimony until June 1, 1962, unless she remarries before then.

Old Mail System Deemed The Best

RAHNS, Pa. (AP) — The folks in this rural southeastern Pennsylvania hamlet gave home-delivered mail a try. They didn't like it.

Eighty-nine of the 118 residents have signed a petition asking the Post Office Department to go back to the old system of delivering mail to the branch post office in the village store.

David M. Schmidt, chairman of the petition committee, said the folks enjoyed the walk to the post office and the village gossip when they got there.

Request Renewed By NEA For U.S. Aid To Education

Associated Press Education Writer ST. LOUIS (AP) — The National Education Assn. today renewed its demand for a massive program of federal aid to education. It said failure to finance adequate schooling is "a tragedy for the under-educated, a menace to the society, and an incongruity in the world's richest nation."

A statement issued by the Education Policies Commission of the NEA and the American Assn. of School Administrators said ignorance and poverty go hand-in-hand. This is a national problem, it said, because ignorance and poverty cannot be quarantined.

It said Americans are spending just over 10 1/2 billion dollars annually to operate public schools. Quality education requires more than 18 billion dollars a year, the statement said, adding that the average expenditure per pupil should be raised from \$310 a year to a minimum of \$540.

and increasing teacher's salaries. Higher salaries in industry, it said, are luring many potential teachers into other fields. The commission said the federal government is the only tax collecting agency able to raise the money needed for quality education.

OLD GRANDDAD HOLLYWOOD (AP) — Actor John Wayne is a grandfather for the second time, a 7-pound 5 ounce girl, named Alicia Marie, was born Saturday to the actor's son, Michael, and the former's wife, Gretchen Diebel.

It said Americans are spending just over 10 1/2 billion dollars annually to operate public schools. Quality education requires more than 18 billion dollars a year, the statement said, adding that the average expenditure per pupil should be raised from \$310 a year to a minimum of \$540.

Many states and the local communities do not have the resources to finance adequate education, the commission said. It said that Mississippi, for instance, in 1955 spent only \$132 per pupil. But that figure represented a greater effort on the part of Mississippi than did New York's expenditure of \$365 that year, the commission said.

The NEA Sunday announced plans for a long-range study of the nation's educational needs and problems. Dr. Ruth A. Stout, NEA president, said the study would deal with every facet of education. Some \$50,000 has been set aside for the first year of the study, which is expected to take three or four years to complete.

Musician Recovered

SPOLETO, Italy (AP) — Trumpeter Louis Armstrong was discharged from Spoleto Hospital today, pronounced recovered from a severe attack of pneumonia.

The famed jazz musician left for Rome, telling hospital attendants he planned to do some sight-seeing. Physicians warned him to take it easy.

Armstrong was stricken last Tuesday, shortly after he arrived here to take part in the Festival of Two Worlds.

Dr. Alexander Schiff, Armstrong's personal physician, said the musician and his wife would remain in Rome until Thursday, then fly to New York.

Armstrong said he wanted to get back to America in time for his birthday. He will be 59 July 4.
