

AN AIRPLANE'S roar competing with the pounding of 29 hearts produced the scene above, when these students with perfect attendance for the Lorella Full Gospel Church vacation Bible School each received a plane ride as their reward. Pictured with them are the Rev. Richard Stewart and his wife and the various parents of the children.

# Trail Left By B-24 Crew Spurs Probe For Remains

WIESBADEN, Germany (AP)—Discovery of a marker trail pointing north over the Libyan Desert has spurred the search for the remains of nine crewmen of a U. S. bomber which crashed in World War II.

The trail was found by a U. S. Army mortuary team which has searched across some 200 square miles of sand in the past three weeks. The team's next objective was the remains of about 10 persons several miles beyond the end of the trail.

# Three Airmen Face Charges

AMARILLO, Tex. (AP)—Three airmen who caused authorities all sorts of trouble by faking a kidnapping may learn today what disciplinary action they face.

City police, sheriff's officers, highway patrolmen and 40 Air Force police fanned out Saturday night in a search for a getaway car.

Maj. Theodore Newnam, provost marshal, identified the Amarillo Air Force Base trio as Airmen Charles J. Moore, 20, Tucson, Ariz.; Clarence Marcurela, 22, Matagorda, Tex., and Raymond L. Watson Jr., 26, Nashville, Tenn.

Watson played the victim as the others forced his hands behind his back and took him from the base service club into a car outside.

An airman who witnessed the incident supplied a description of the trip and the car.

Arrested at their barracks, the men admitted the prank but gave no reason for it, Maj. Newnam said.

# Bible School Youngsters Given Ride On Airplane

An airplane ride at the Klamath air field was the treat given 29 youngsters with perfect attendance at the Lorella Full Gospel Church vacation Bible School held recently.

The school concluded its two weeks not only with the airplane ride, but also with a special program held last week. Carrying out the theme "Flying with Christ," the church was decorated with model planes donated by the Hobby World. The United Air Lines furnished posters for the walls and plastic models of the DC-7 Main Liner to each child. Other models furnished by Mr. and Mrs. Barney Brown were hung at each window.

During the evening Bible verses were recited, songs were sung and handicrafts were on display. Air Force M. Sgt. Leon Colas presented each student with his "wings."

# House Solon Hits Policy

DALLAS, Tex. (AP)—Inflation and the recent increase in the national debt ceiling were blamed Sunday by Rep. Wright Patman (D-Tex.) on a high interest policy instituted in 1953.

Patman, member of the House Banking and Currency Committee, was a guest on the weekly radio and TV program of Sen. Ralph Yarborough (D-Tex.). "If the administration in 1953 had not increased interest rates they would not have asked Congress to increase the national debt limit six times, as they have," Patman said.

"And Congress has increased it six times. We've been paying interest on interest," Patman added.

## ROCKET RESEARCH

SACRAMENTO (UPI)—The state fire marshal will be authorized to issue licenses for amateur rocket research and testing under a new law signed by Gov. Edmund G. Brown Thursday.

The measure, introduced by Sen. Hugh P. Donnelly (D-Turlock), also includes rockets in existing definitions of "fireworks" in state codes.

north. After more than 16 years in the hot, dry Libyan Desert, the gear was virtually intact.

The tracks at the crossing were made by five Italian vehicles which tried to cross the desert during the war. Three were abandoned and two made it to the coast.

Reports from Bengasi said the remains of about 10 persons lie near the abandoned vehicles. It had been assumed they were Italian soldiers, but the mortuary crew said they could be the Ameri-

can bomber crewmen who are still carried on U. S. records as missing in action.

"It is possible, the team theorizes, that the missing airmen—by conserving their energies and walking only at night—could have followed the route (of the Italian cars) until they reached the abandoned vehicles where last hope faded," an Air Force official said.
