## NATO Builds New Quarters

PARIS (UPI)—Late this year or in early 1960, NATO will move into a brand-new, 10 million dollar headquarters on the edge of the Bois de Boulogne, at the other end of the Avenue Foch from the Arch of Triumph.

The structure will be seven stories tall and shaped like a tuning fork, with each prong 278 feet long.

It will have 1,000 offices, 13 conference rooms (including the main council chamber and press con-

ference room), four radio studios, two television studios, two bars, a large and small restaurant and a cafeteria.

It will house the NATO secretariat staff of 500 international civil servants, technicians and stenographers as well as all 15 NATO delegations.

It is NATO in construction as well as intent. Contractors in all member countries were invited to bid for various parts of the project.

### MORE GROCERIES

CHICAGO (UPI)—The nation's grocers are showing their confidence in business by building new stores at an increased rate, according to a trade publication. The NARGUS Bulletin, published by the National Association of Retail Grocers of the United States, reported that association members will open 15,318 new stores this year at an average cost of \$308,942 per store. That's 2,208 more stores than were opened in 1958.
