Driver Reports Hit-Run Wreck

Vern R. Jameson of Alturas reported to state police that his car had been struck by a hit and run driver early Saturday morning. Jameson said the accident occurred on State Route 66 between the suburban area and Lakeview Junction when a car almost entirely on the wrong side of the highway came speeding at him at 3 a.m. Jameson said the fleeing car probably lost a tail light and some chrome in the sideswipe accident.

Biggest Theft In World Axed By Federal Agents

CHICAGO (AP)—A story of international high finance was unfolded by the FBI in the wake of the arrest of three men in connection with the theft of \$1 1/2 million dollars in Canadian bonds. The FBI called the theft the biggest burglary in the world. The bonds, plus cash and jewelry, were taken May 3, 1958, from the Brockville Trust and Savings Co., Brockville, Ont., by a gang of safecrackers using blowtorches. The FBI said men seized Thursday all were involved in attempts to dispose of part of the loot. One of their schemes, said U.S. Asst. Atty. James B. Parsons, was to try to purchase a European bank as a clearing house. Arrested were three Americans

—among five persons named in a suppressed indictment returned by a federal grand jury here June 30. The other two are Canadians, still at large. Captured were Sam Mannarino, 53, New Kensington, Pa.; Norman Rothman, 44, Surfside, Fla., who is under indictment in Pittsburgh for running guns to Cuba; and William Rabin, 52, Chicago. Mannarino was arraigned in Pittsburgh before U.S. Commissioner Alex McNaughton and freed on \$5,000 bond. Rabin, a business consultant, was free on bond at the time of his arrest in Miami on earlier charges he received \$98,000 in stolen bonds. Still being sought are Rene Rob-

ert and Giuseppe Cotroni, both of Montreal. Three other men had been seized last year in connection with the bonds. The indictment charges that Rabin put up as security more than \$138,000 worth of Canadian bonds at a Chicago bank in September and October 1958. It further charged him with fraud by wire in pledging \$140,000 in stolen bonds to a Swiss bank. Rabin has denied any knowledge the bonds were stolen. The break in the case came, Parsons said, when a Swiss bank learned the bonds were stolen and notified police, who tipped the FBI. Canadian police have located

some of the bonds, Parsons said, and a man he named as Rene Martin has been sentenced to 12 years in jail in connection with the actual burglary.

Plan Announced By Bank To Sponsor College Pupils

A college-on-credit plan will be pioneered in Oregon by the First National Bank of Oregon, it was announced by C. B. Stephenson, president of the statewide banking system.

To be known as the Firstbank College Education Plan, the new concept will enable responsible parents or sponsors to buy an all-important college education for their son or daughter on a monthly installment basis just as they buy their home or automobile.

The First National plan has been hailed by educators and public officials throughout the state as a program which will make it possible for many more students to secure a higher education.

"Our decision to pioneer this plan in Oregon was prompted by the urgent need of qualified students who would be unable to secure a college education in any other way," C. B. Stephenson, bank president, explained.

The parents may contract for an unsecured personal loan for a period up to six years, with the money being paid by the bank to either the parents or the school in equal installments at the beginning of each college term.

The loan funds may be used to pay any of the normal expenses which students incur—transportation, tuition, books, room and board, etc.

The college education plan carries with it life insurance provisions which insure that the loan funds will continue to be available for the student's education in the event of the death of the parent or guardian, and at the same time cancel the indebtedness.

Should the parents need assistance to augment other funds in the amount of \$4,000, for example, for a complete four-year college education, the funds advanced by the bank would be repayable at the rate of \$63.48 per month for 72 months. Adjusted programs for two or three years will be available for students who have already started college.
