**Producer's Wife Termed Better**

HOLLYWOOD (AP) — The wife of film producer Harold Hecht today was recovering from an overdose of sleeping pills.

Police said it was a possible suicide attempt. But Hecht said: "I really can't believe my wife really meant to take her own life since she left a note to the children asking them to wake her at 8:30 this morning."

Gloria Hecht, 32, was found unconscious Thursday in the couple's Beverly Hills home. Hecht is Burt Lancaster's partner in Hecht-Hill-Lancaster Productions.

**Phew -- Skunks Cause Problem In Los Angeles**

LOS ANGELES (AP) — "We have nothing against skunks; we just don't want them in our neighborhood."

So spoke Wanita Brewer as she rejected as too cruel a skunk trap offered by the city Thursday.

Problem of the exclusive Eagle Rock neighborhood in north Los Angeles: five of the little black and white critters. They've settled in Mrs. Brewer's garage.

A garden hose was no help—when they were squirted with it the skunks deserted the driveway for the garage, good naturedly.

The chamber of commerce was no help. It advised calling the police, who advised calling the humane society. An inspector said:

"If I shoot one, lady, the others will surely raise a—uh—scene."

So—that's where things stand.

**Parade Set For Train**

Independence, Oregon, is calling for entries in a parade to greet the "On to Oregon Cavalcade Covered Wagon Train" when it completes its 2,000 mile journey from Independence, Missouri, August 15.

The parade will be a portion of a "Covered Wagon Days" celebration that is expected to receive nationwide press, radio and television coverage.

Entries are requested to supply the following information: Name of the organization, its address, name of the person in charge, his or her address and phone number, the type of entry—whether it is a band, a marching or mounted unit, a commercial, civil, fraternal, or other type of float—and the number of persons or horses involved.

The catalpa tree yields decidedly durable wood that is principally used for fence posts.

**BOUNCE LOCKS WHEELS**

OLATHE, Kan. (UPI) — A veteran airline pilot bounced the wheels of his crippled plane on the ground to lock them in place Tuesday, then landed the airliner with 43 persons aboard without a hitch.

The crew of Braniff Flight 326 from San Antonio to Chicago tried for an hour and a half to lock the landing gear. Finally, Capt. W. W. Garbett touched down lightly at the Olathe Naval Air Station, locking the wheels in place. He made another approach and landed smoothly.
