

Congress In Good Spot To Slash Appropriations

WASHINGTON (AP) — The Senate so far has exceeded President Eisenhower's budget requests by 668 million dollars with passage of the biggest of the money bills—the 40-billion-dollar defense measure.

Despite this record, however, Congress still seems to be in a good position to make some overall cut in the President's total appropriations requests when it winds up the 1959 session.

Democratic leaders have been predicting such a cut, although Senate Majority Leader Lyndon B. Johnson (D-Tex.) has been saying recently the final total may not be too much below the Eisenhower budget.

The Senate passed the big defense bill 90-0 Tuesday after two days of debate. It included in the measure \$39,594,339,000 of new money as well as 430 million of transfer authority from revolving funds.

The new cash was 346 million more than President Eisenhower asked and 746 million more than the House voted.

The Senate put into the measure 380 million for the nation's second nuclear-powered aircraft carrier, instead of the 260-million conventional carrier budgeted by Eisenhower. An amendment proposed by Sen. William Proxmire (D-Wis.) to eliminate the 380 million was defeated.

The Senate approved also its Appropriations Committee's Action in adding 403 million dollars to the \$1,024,000,000 Eisenhower asked to give the Army more

modern weapons and equipment. The longest floor debate involved a relatively small provision earmarking 100 million dollars for commercial airlines out of the 293 million the bill would provide for the Military Air Transport Service.

Sen. Strom Thurmond (D-S.C.) called this a subsidy to the private carriers and sought to cut it to 80 million. He lost on a tie vote, 46-46.

Vice President Richard M. Nixon was in the chamber and could have broken the tie, but elected not to do so.

The Senate made fairly small cuts totalling 223 million dollars in the first nine regular appropriations bills for fiscal 1960. The year started two weeks ago on July 1.

But it more than wiped out the savings by going 365 million over the budget on the bill for the Labor and Health-Education-Welfare departments. Most of this was for health research.

Then it exceeded Eisenhower's requests by 80 million on the public works bill carrying money for water projects for all parts of the country. Finally, it went 346 million over on defense.

But all three of these increases

probably will be whittled down somewhat in conference since the Senate allowances are well beyond those voted by the House.

There also will be an opportunity for some further cuts on four big money bills yet to be considered, particularly on the foreign aid measure which always is sharply disputed. Others still ahead are a clean-up supplemental money bill, an atomic energy appropriations bill, and a military construction measure. Democratic leaders look for some cuts on all of these.

Lures Success; Buffalo Caged

PROVIDENCE, R. I. (AP) — Shades of Buffalo Bill Cody, great hunter of the Western Plains!

Zookeepers and police spread grain and bread on the ground Tuesday night, successfully luring a 1,600-pound bull buffalo back into its enclosure at Roger Williams Park.

The four-year-old animal pushed through the wire fence and was leisurely nibbling foliage when discovered.

He eluded all efforts until the bread and grain were spread.

Working Wives Finance Extras

GREENSBORO, N.C. (AP) — Why do many women continue to work after marriage?

Dr. Kate H. Mueller, Indiana University specialist in the counseling of college women, says it's to help finance the long and expensive American weekend.

Weekend trips, the new car, entertaining, clubs, and all the luxury paraphernalia associated with the pace of modern life make that second check necessary for young people," she said in address here Tuesday.

Ships must sail 110 miles up the Rio Plata to reach the port of Buenos Aires, Argentina's capital.
