### Men's Necks 'Slit Gently'

LOS ANGELES (AP) — The chairman of the striking United Steelworkers union local eased back into a U.S. Steel Co. chair and plopped his feet on a company desk in an air-conditioned company office.

He was sitting in a portable field office the company provided for the pickets outside its Maywood plant Thursday. The company even ran in special water and power lines.

Robert Paige, the local chairman, and Otto Oster, plant superintendent, even were seen to smile at each other—on opposite sides of the high wire fence surrounding the plant. Said Paige: "We slit each other's throats gently around here."

## Rules Revision Requested Of Network Par Time Rule

WASHINGTON (AP)—A partial blackout from one of his favorite media — television — brought a demand from Sen. Hubert H. Humphrey (D-Minn) today for speedy congressional revision of the radio-TV equal time rule. Because his friends put him into the race for the 1960 Democratic presidential nomination this week, Humphrey said his scheduled appearance on CBS' Face the Nation next Sunday had been canceled.

Today show. He would be "immobilized" from speaking over radio or television. In New York, Sig Mickelson, CBS vice president in charge of news, confirmed that the network's attorneys had advised that the invitation to Humphrey be withdrawn. Mickelson said in a statement: "This decision is impelled by the danger that we would be required, if Sen. Humphrey appeared, to devote Face the Nation to insignificant or obscure or now unknown aspirants for the Democratic presidential nomination."

"Such a requirement would destroy Face the Nation as an important informational program," Humphrey contended that he is no more an official candidate than Sen. John F. Kennedy (D-Mass.) and other hopefuls, despite the fanfare of an announcement Tuesday by Gov. Orville Freeman of Minnesota and Sen. Eugene J. McCarthy (D-Minn) they were putting him up for the nomination.
