

a classic look for young scholars

by Allyn Rice

Little girls in the know choose Jack Borgenicht's corduroy jumper and striped shirt (\$9) or a woven plaid by Cinderella (\$9).

BACK TO SCHOOL! Why so soon? Summer is only a few weeks old. But it's a wise mother who starts early to plan her children's new school wardrobe.

Fashions for the pre-teen young lady reflect the femininity marking mother's clothes, with bows, simple ruffles, and lacy details. This Fall's version of the classic jumper has very full skirts and is worn with colorful leotards. Jumpers are prettier and more popular than ever, as are the blouses worn with them.

Nor has the young man of the house been slighted. There's a handsome country-gentleman look to the shaggy blazer sweaters and short coats with elegant contrasting collars and pocket detailing in designs scaled especially for him.

They say that if you dress youngsters like ladies and gentlemen, they'll behave accordingly. Try it and see.

Listerine stops bad breath 4 times better than tooth paste!

- Tooth paste is for your teeth; Listerine is for your breath. Germs in the mouth cause most bad breath. You need an antiseptic to kill germs.
- Always reach for Listerine after you brush your teeth. No tooth paste is antiseptic, so no tooth paste kills germs the way Listerine Antiseptic does . . . on contact, by millions.
- Listerine stops bad breath four times better than toothpaste—nothing stops bad breath as effectively as the Listerine way.
