

MARKETS and FINANCE

Stocks WALL STREET NEW YORK (AP) — Steel and chemical shares spearheaded an upswing in stock market prices this afternoon. Trading ran at a moderate rate. Volume for the day was estimated at 3,000,000 shares against 2,720,000 Friday. Pivotal issues pushed ahead fractions to around two points. Some selected issues soared three points. Motors, rubbers, aircrafts, metals, rails, oil and tobacco generally joined the advance. Some utilities eased. U.S. Steel featured the steel group by advancing nearly 2. Bethlehem and Republic Steel climbed close to 1. Youngstown Sheet & Tube faded a bit from an earlier high. DuPont punched ahead almost 5. Thiokol added more than 2. Air Reduction rose about 1. Union Carbide gained around 2. Litton and Motorola both stepped up more than 2. But Emerson Radio and Philco each lost around 1. Schenley pushed ahead more than 2 and Reynolds around 2. Gains of a point or more were scored by Caterpillar, Westinghouse Electric and U.S. Rubber. U.S. government bonds were mixed.

THREE POTENTIAL QUEENS, competing for the crown at Weed's Italian Carnivale, September 5 and 6, are, left to right, Bonnie Ganim, Lois Williams and Julie Barcaglia. Weed's carnival queen will be chosen at the coronation ball Saturday night, September 5, to reign over the two-day festivities. Mrs. Rena Santini is general chairman for the event.

Swim Course To Be Held

McCLOUD — A two-week swimming instruction program for beginners and pre-beginners will be held at the McCLOUD pool starting July 27. Carol Sellstrom, Yreka, will be the Red Cross authorized instructor. Eighty one children signed up for the course; 51 beginners and 30 pre-beginners under 8. The McCLOUD River Lumber Company is paying the instructor's salary and mileage. The McCLOUD Junior Women's Club is assisting in the program. Judy Nelson, McCLOUD lifeguard, will assist the instructor. "We wish every child in the community that has a desire to learn to swim to do so. It can mean the saving of lives," M. C. Gerlicher, assistant general manager of the lumber company said. Mrs. Barrett Ray and Mrs. Beulah Orlovski, committee mothers, help at the pool.

DIRK CHANDLER, Castella, a member of the U. S. Forest Service fire suppression crew, carefully checks the wreckage of the fire-damaged home of Mrs. Mable Benkosky in Dunsuir. Extremely dry, hot weather makes any blaze a menace to the entire area, Paul Dryden, fire control assistant, explained. Mrs. Benkosky suffered second degree burns and shock when her home was destroyed early Saturday morning.

Woman Back From Journey

MOUNT SHASTA — Mrs. Anna Douglass, retired local school teacher, returned recently from a four and one-half months tour of Europe, during which time she visited England, Scotland, Ireland, France, Switzerland, Italy, Germany, Sweden, Denmark, Holland, Luxembourg, Austria and Norway. Her companion most of the trip was Lorraine Brown, a former teacher here, who is now teaching the children of United States servicemen in Wiesbaden, Germany. When Mrs. Douglass returned to the United States, she flew by jet plane from London to New York. There she met her son, Harold Douglass, principal of Price Elementary School, Woodland. He and his family traveled across country with his mother. On the way they visited Niagara Falls, Yellowstone and other points of interest. Although Mrs. Douglass feels that many of the countries she visited were charming, Holland in particular, she still thinks that Mount Shasta is the most desirable spot on earth in which to live.

Car, Truck Hit On Road

A car and a tractor-trailer collided Monday morning in the driveway of Melita's Cafe on U.S. 97 near Chiloquin Junction, state police reported. Officers said the car driven by Glenn Hillary Goodman, 60, Issaquah, Washington, was following a truck driven by Myron C. Railey, 37, Redding, when Railey signaled a left turn into the restaurant driveway. Goodman's car left skid marks for 165 feet before it ran into the rear of the truck, police said. Goodman was cited for following too closely. With Goodman was a passenger, Victor J. Alvarez, San Jose. Police reported no injuries.

Men Saved On Scaffold

OAKLAND (UPI) — Two electricians clung to an up-ended scaffold 17 stories above the ground for a half hour Monday before fellow workers were able to lower them a bosun's chair from the roof. The two workmen, Fred Turney, 38, San Leandro, and Ted Johnson, 34, Oakland, carefully inched the fouled scaffold to the ground as thousands of persons watched from the street below. The descent took almost an hour and a half. The accident occurred as Turney and Johnson were raising the scaffold to work on an electrical sign for the new 28-story Kaiser Center Building. A hoisting cable slipped, leaving the scaffold in a vertical position and both men clinging helplessly to rope railings. They righted the scaffold after the bosun's chair was lowered, then gradually worked their way to the ground as other workers shouted instructions from below.

Five Perish In Blaze

NEW YORK (AP) — Four adults and a baby girl, all Negroes, perished today as fire swept through two Brooklyn tenement houses. Two of the dead were women and two men. Four others jumped from the third floor. They were reported in serious conditions at a hospital. Three policemen were injured fighting the fire. The fire broke out shortly after 3 a.m. It was reported under control about two hours later. Police said the fire was apparently of suspicious origin. The neighborhood is a tenement district, police said, predominantly inhabited by Negro and Puerto Rican families.

Free Fishing Bill Nears

DUNSMUIR — A provision that elderly people of limited income will be able to fish without having to buy a license is due to become effective before the close of the present fishing season. Gov. Edmund Brown has signed Senate Bill 423, introduced by Sen. Randolph Collier and backed by Assemblywoman Pauline Davis. The bill provides free sport fishing licenses for women over 62 and men over 65 with incomes of \$140 a month or less. The measure is the result of a petition circulated in Dunsuir, sponsored by Clint Bryan, one of the community's senior citizens.

Boat Ramp Job Planned

ALTURAS — A delegation of city and county officials and representatives of the Department of Fish and Game and the Wildlife Conservation Board will investigate the construction of a boat launching access at West Valley Reservoir Wednesday, July 29. Karol P. Woodward, chairman of the Modoc County Council of the Shasta-Cascade Wonderland Association, sponsors of the access program, made the announcement today. Raymond J. Nesbit, coordinator of the Wildlife Conservation Board, will fly in from Sacramento Wednesday morning and meet with the delegation from Modoc County. He will be accompanied by John F. Reginato, general manager of the Shasta-Cascade Wonderland Association of Redding, and representatives of the Department of Fish and Game.

The association has designated the West Valley Reservoir access facility as one of its top projects in Modoc County. Woodward stated, adding that "with the increased use of the reservoir by fishermen and other water sports enthusiasts, it is important and vital that a boat launching ramp, parking area and sanitation facilities be constructed. The association is also working to establish access facilities of Dorris, Big Sage, Ballard and Fee reservoirs and on Goose Lake," Woodward concluded.

Dunsuir Boy Goes Abroad

DUNSMUIR — Tom Seed, son of Mr. and Mrs. John R. Seed, is spending the summer abroad under the sponsorship of the American Field Service. He is staying with the Angus James Watt-Smith family, Sheffield, England. On the trip to Europe he shared quarters with boys from Los Angeles, Salem, Pittsburgh and Minneapolis. They docked at Rotterdam, Netherlands, and spent several days bicycling through the country before traveling on to England. Tom's "summer father" is a partner in a paint firm and gardens as a hobby. He also serves on a Rotary Club committee which sponsors an International Youth Camp and provides trips to the seashore for the handicapped. His "mother" is the English counterpart of the American housewife, he reports. The family has two daughters. Tom has stated in his letters home that he has visited a steel plant and has also eaten his way through a candy factory. He will return to New York on September 5 and fly across country by chartered plane, arriving just in time to enter his senior year at Dunsuir High School.

Sheep Killing Dog Hunted

Monday was animal day for state police here. The county pound requested an officer investigate a report that dogs had killed a sheep grazing near Klamath Lumber and Box Company. Earlier, Mrs. Ray Dorrell, 4405 Bisbee Street, said 10 white pullets had been stolen from her henhouse. But she called later to say she had found them in her barn.

DAM WASHINGTON (AP) — Construction of Bully Creek Dam and reservoir at a cost of \$3,328,000 was approved by the Senate Reclamation Committee Monday. It would extend the Vale Irrigation Project in Eastern Oregon by 2,900 acres.

SISKIYOU Sketchbook

MRS. RUTH W. NIELSON, Mount Shasta City Hostess

By J. O. McKinney Mrs. Ruth Nielson, in her capacity of city hostess meets all newcomers to Mount Shasta, learns of their interests, and extends a welcome to the community and to its various activities. It is she that creates an impression of the

friendliness of the people, and shows the desirability as a residential spot. Mrs. Nielson is no accidental choice to the position. Past member of O.E.S. officer in Women's Society of Christian Service, officer in Wesleyan Guild, she carries into her work a knowledge of the community, and how it can serve—and be served.

Pair To Spend Lives In Jail

SAN DIEGO (UPI) — Mrs. Wanda Brogdon, 33, and her lover, Kenneth Merriam, 36, have been sentenced to life imprisonment without possibility of parole for strangling her two small sons because they were "a bother." The former Rockford, Ill., couple, both found legally sane but of subnormal intelligence, expressed unconcern about their fate Sunday when the verdicts were rendered.

Training for this work began with a degree from Stanford University. Twenty one years in the teaching profession, and several years as greeter for her banker-husband has polished the natural talents she possessed to where the chamber of commerce, and Merchants' Association considered no other candidate. The Nielson home on Russell Avenue, a red wood structure, radiates a charm that is pleasing to all who enter it. Not the least interesting subject therein is a huge yellow cat that answers to the name of Happy. When Happy wants attention, he gets it. His method is to walk across the keys of the piano until his wishes are recognized, and either complied with, or discouraged.

"I don't care," said Mrs. Brogdon. "I don't have anyone to live for anymore. I don't have my kids or anything." Each faced a possible death sentence. The same jury of six men and six women which earlier convicted her and Merriam of the May 2 strangulation of Virgil Jr., 5, and David Brogdon, 3, Sunday sentenced her to "two life terms in prison without possibility of parole."

But the panel was unable to agree on a verdict for Merriam after two days of deliberation. Superior Judge William P. Mahedy took the matter in his own hands and imposed the same sentence on Merriam as rendered against Mrs. Brogdon. He explained he saw no difference in guilt between the two prisoners.

Truck Strike Averted

SAN FRANCISCO (UPI) — A threatened Teamsters Union strike was averted Sunday when three Bay Area Teamsters locals accepted a new contract calling for a 45-cent hourly wage hike over the next two years. The locals in Oakland, Contra Costa and San Jose accepted the offer of the California Trucking Association for a 25-cent hourly increase retroactive to July 1, and a 20 cent an hour wage increase next year. The strike, which would have affected some 3,000 drivers, was scheduled for Friday.

School Bus Funds Found

MOUNT SHASTA — Decision of the Siskiyou County Board of Education to allocate funds from the sale of forest service timber to the purchase of a new school bus has been announced by I. W. Kelspe, superintendent of Mount Shasta Union Elementary School District. The decision comes as a solution to the district's school bus problem. Formerly two buses had been in operation, but curtailed funds for the coming school year allowed the use of only one bus. Either of the district's present buses, old and run down mechanically, would require a large sum of money for repair. They will both be traded in on a new one.
