

MARKETS and FINANCE

Stocks WALL STREET NEW YORK (AP) — Oil shares surged ahead sharply as stock market prices generally lost some of their earlier gains this afternoon. Trading slackened. Volume for the day was estimated at 3,200,000 shares against 2,910,000 Monday. Most leading stocks picked up fractions to round a point. But many issues relinquished part of their morning advances. Oil stocks, though, continued to rush ahead in response to healthy first half earnings reports by many of the companies. Steels, metals, chemicals, rails and tobaccos were generally higher. Most motors turned lower while electronics were mixed. Gulf Oil led the sweeping advance in oils by running up 3. Standard Oil (New Jersey), Richfield Oil, Ohio Oil, and Standard Oil (California) all rose a point or better. Royal Dutch and Socony Mobil added around a point. Motors, after edging ahead fractionally earlier, generally were topped by profit taking. American Motors fell nearly a point. Ford and Chrysler took smaller losses. Dupont topped ahead more than 5. Thokol added more than 1. General Tire sprang ahead about a point and a half.

Livestock KLAMATH FALLS LIVESTOCK AUCTION MARKET July 27, 1959 Receipts: Cattle 375, Hogs 110, Sheep 30. Compared last Monday fed cattle steady; cows 50 lower; feeders steady on short supply; hogs 1.50 lower. Pensioned Steel Men Ask Boost PITTSBURGH (AP)—Attention steel contract negotiators: Pensioned steelworkers say don't forget that they, too, want more money. Some 170 of them came out of retirement in Clairton, Pa., Tuesday to dramatize their demands for better pensions. Their demands posted on signs, the pensioners marched to the entrance of U.S. Steel Corp.'s strike-bound Clairton works and circled the picket area twice. "We've got to have a living wage for retired men as well as working men," said Leonard Pickering, vice president of the United Steelworkers Pensioners Assn., Dist. 15. Pickering said the average pension is \$60 a month. He said the men want \$4 a year for each year of service. Meanwhile in Ohio, Gov. Michael DiSalle urged President Eisenhower in a telegram to seek an early end to the steel strike. A prolonged strike, said DiSalle, would severely harm more than 100,000 Ohio steelworkers. In Washington, the Commerce Department notified 110 steel companies still operating that the government may call on them to divert part of their output to military contractors. Rep. Richard Simpson, Pennsylvania Republican, laid the blame for the steel strike on what he called the "shortsighted and irresponsible policies" of United Steelworkers President David McDonald and his associates. "Unreasonable union demands at the bargaining table have brought us to the point where American steelmakers may be priced out of enough markets to force the permanent closing of some of our largest steel mills," Simpson said in a statement. As for the 500,000 striking steelworkers, some are beginning to feel a pinch in their pocketbooks. Most have drawn their last full paychecks, placing them at the mercy of their savings accounts. The same goes for 78,000 workers furloughed in industries allied to steel. Some USW locals have food vouchers worth \$27.50 each for distribution to members applying for assistance. An official of a USW local at a Pittsburgh plant of U.S. Steel Corp. estimated that in another week half of his local's 4,500 members would apply for aid.

CHICAGO (AP) — The grain futures market slipped into general weakness most of the time today on the Board of Trade but there was not much tendency to push it hard and prices eased fractions of a cent. Trade was at its slowest pace in more than two weeks in the absence of any significant new market influences and with commercial demand at a low ebb. Dealers said that the recent bullish influence in soybeans which stemmed from government confirmation of curtailed acreage appeared to have run out of steam on word that the crop had been not severely damaged generally by dry weather. Carlot grain receipts in Chicago were estimated at: wheat 15 cars, corn 32, oats 18, rye 2, barley 18 and soybeans 2. Stockmen Ask Change VALE, Ore. (AP) — Stockmen Tuesday asked the Bureau of Land Management to repeal grazing restrictions in Malheur County in Eastern Oregon. The appeal was made at a BLM hearing here by stockmen of the Cow Creek area. One of those ranchers, Richard Bennett, said Cow Creek Stockmen had conducted a survey and ended with results far different than those obtained in an investigation by the BLM. The bureau last year made a survey, and later ordered grazing restricted to 8,000 animal unit months. In terms of grazing rights that meant use of the land was cut as much as 50 per cent. In his testimony, Bennett said the survey by stockmen showed the land would support 18,000 animal unit months. And, he added, the survey showed the land improving, not deteriorating.

Stamp Honors Conservation MONTAGUE — The Shasta Valley Conservation District is one of 2,000 such districts through the country being honored by issuance of a commemorative soil conservation stamp by the post office department, according to Tom Williams, district director. The stamp will be issued August 26 at Rapid City, South Dakota at the annual meeting of the Soil Conservation Society of America, and will go on sale at local post offices the following day. Williams said the stamp, in three colors, depicts a modern conservation farm, and is of four-cent denomination. The Shasta Valley Soil Conservation District was organized by local farmers on June 14, 1953. The district now has 224 cooperators, of whom 46 have basic conservation plans. The district is governed by a board consisting of Vayve Ralston, Grenada; Tom Williams, Bill Peters, Vic Stuart, of Montague, and C. C. Dougherty of Gazelle. Technical assistance is provided by the Soil Conservation Service. Ed Anderson is in charge. Other SCS persons working with the district include John Lenz, Herb Jackson, Loren Herman, and Mrs. Tucker. The soil conservation stamp, Tom Williams said, is a salute to progress in our own district and other such districts across the country.

Flaming Sundae Wins Top Honor FORT WORTH, Tex. (AP)—Lucille Bridges of Brenham, Tex., mixed vanilla ice cream, pecans, whipped cream, cherries and pretzels and set the concoction afire. Sound terrible? It must have tasted good, because judges gave the 16-year-old Brenham, Tex., girl the title of "Fountain of 59" at the Texas Pharmaceutical Assn. convention Monday. Her winning entry was called a "Satellite Sundae."

MISS BAY CITY, Mich. (AP)—Lillian McCormick missed the boat Tuesday — with the champagne bottle. The sponsoring party had to board a tug and follow the destroyer Lynde McCormick into the harbor for the christening. The 4,500-ton vessel is named after Mrs. McCormick's late husband, an admiral.

SISKIYOU Sketchbook

By BETTY DOW YREKA — J. E. "Jim" Cummings mixes pills most of the time at the Medical Center Pharmacy which he has owned and operated since 1932, when he isn't otherwise occupied with the city administration duties as mayor of Yreka. Jim Cummings marked the half century of his life on June 15, as he was born on that date in 1909 in Chico, and where he acquired all of his education prior to entering a College of Pharmacy in San Francisco. The year 1930 was an important one for Jim, for it was in that year he completed his pharmacist's training, took unto himself a bride, Alberta Doughty, also of Chico, and came to Yreka to work for John Janson at his first position as a pharmacist. He didn't remain in Yreka long, returning to Chico for a period, and in 1936 returned to Yreka, when he established the Cummings Drug Store, which is still in operation at the corner of Miner and Broadway, with Homer Atchley as its owner. Jim has been active in many civic affairs, served for many years on the county personnel board, and also has held posts on state boards. He takes great pride in one of his major achievements, that of developing the Yreka City Park as it stands today. Since his home was situated across the street from the park, he told how he often looked out his front window and saw the large lot, with just one small corner devoted to park space, while the remainder was one mass of unsightly weeds. He finally determined that something should be done about it, and he proceeded to do just that, promoting the project of cleaning up the lots and enlarging the park, and after five years the project reached completion. Today it stands as a monument, embracing an area of nearly two city blocks, which includes the park proper, tennis courts and the baseball park, and is a fine example of what hard work and determination can produce, providing the right man takes the helm and steers the course. However, there came a brief period in Jim's life, when he had to slow up and take it easy about six years, as he had developed a heart condition that required less active work. But he was not idle even then. For he, with John Janson, and L. A. T. Soldane, purchased the land where the present Montague Airport stands, developed the airfield, and Jim became the first airplane dealer (he holds a pilot's license) in the area. In 1952 his heart condition had disappeared and he opened up his present business, the Medical Center Pharmacy, which is located on South Highway 99, next to the Yreka Medical Center. John Janson, his first employer, works there with him and he also has in his employ, Mrs. Betty Barnett. His wife, Alberta, has operated the Style Shop on Broadway in Yreka, for many years, which is owned by both of them, and in which Jim also takes an active interest. Jim also is ardently devoted to his work with the city, striving always to further improvements.

J. E. CUMMINGS Yreka Mayor

having served as that club's first president. Jim is really a modest man, stating that he really hasn't done anything outstanding, but just works along with the many projects as they come along, putting forth his best efforts to help, and when finished forgets it, and takes up another.

develop new areas, holding steadfast to the ideal of pleasing the citizens of the town. He is also a member of several organizations, and holds a membership in all affiliated groups of the Masonic Lodge. He is a charter member of the Siskiyou County Shrine Club,

Police Report Accidents MOUNT SHASTA — California Highway Patrol officers report two automobile accidents on Highway 99, Saturday, July 25, as a result of drivers crossing the traffic center line. Clyde E. Dillard, Mount Shasta, was found unconscious on the highway 10 miles south of Dunsmuir, with his 55-Triumph motorcycle nearby. Tracks showed a truck had crossed the center line, colliding with the cyclist. Apparently the truck did not stop at the scene of the accident. Dillard was taken to a hospital where he is recovering and officers are investigating the accident. On the highway a short distance south of Mount Shasta Rene T. Gamich, Torrance, crossed the white line, ramming a car driven by Garriel Daggett, Weed merchant. Gamich was cited for reckless driving and taken to a hospital. Daggett and his passengers, wife Evelyn and daughter Yvonne, sustained only superficial injuries and were not hospitalized.

Stamp Honors Conservation MONTAGUE — The Shasta Valley Conservation District is one of 2,000 such districts through the country being honored by issuance of a commemorative soil conservation stamp by the post office department, according to Tom Williams, district director. The stamp will be issued August 26 at Rapid City, South Dakota at the annual meeting of the Soil Conservation Society of America, and will go on sale at local post offices the following day. Williams said the stamp, in three colors, depicts a modern conservation farm, and is of four-cent denomination. The Shasta Valley Soil Conservation District was organized by local farmers on June 14, 1953. The district now has 224 cooperators, of whom 46 have basic conservation plans.
