

Anti-Trust Reaction Promised

WASHINGTON (AP) — American and National League clubs have been told that Congress will be forced to act if they throw any roadblocks into the organization path of a third major baseball league.

That word from Sen. John Carroll (D-Colo.) came after Baseball Commissioner Ford C. Frick had pledged full support of the present major leagues for formation of a third circuit.

The subject of the projected Continental League came up Wednesday while Frick was testifying before the Senate Antitrust subcommittee. The subcommittee is studying bills that would clarify the status of pro baseball, football, basketball and hockey under the antitrust laws.

Frick supported a measure that would exempt such pro practices as the player draft and contract reserve clauses from the antitrust laws. The strictly commercial aspects of the sports would be subject to those laws under the bill. "Frick said he favored formation of another big league, adding it will not be simple or easy but will take 'planning and scheming to bring it about.'"

Frick said founders of the Continental League will meet Aug. 18 with a seven-man committee from the National and American leagues for a full and open discussion of all the problems.

Carroll broke in to say he would consider it most inadvisable for the 16 American and National league clubs to hamper formation of a third league. Carroll said Congress would be forced to act in any case.

Frick asked that baseball be left to work out the problem without interference from Congress.

Sen. Estes Kefauver (D-Tenn.) asked where the new league would get its players. He has contended the major league teams have tied up many more players than they need and has proposed an 80-player limit for each club.

Frick said the new league would have all development rights now available to present clubs, adding they will acquire draft rights and rights of waivers, to negotiate, trade and purchase contracts and to have working agreements with minor league clubs. He added he believed that with a development program there would be ample player talent within a few years to support a third big league.

Ex-Duck Obtained By Giants

WINOOSKI, Vt. (AP)—The New York Giants of the National Football League today found themselves with five quarterback backs, including newly acquired George Shaw, and Coach Jim Lee Howell was confronted with a big question.

The question Howell has to answer is whether to abandon the experiment to make a quarterback out of all-league halfback Frank Gifford. Right now Howell intends to go ahead with his original plans. What takes place in the future is up to Shaw and Gifford.

Shaw was obtained from the champion Baltimore Colts Wednesday night in exchange for the Giants No. 1 draft choice in 1960 and another high draft pick later this year.

The former Oregon passing ace, who lost his first string job with the Colts to Johnny Unitas when he suffered an injury midway of the 1956 season, wanted to be traded. The Philadelphia Eagles and the Chicago Cardinals reportedly also were after him.

With Shaw reporting at the Giants training camp here today, Howell can look over the practice field and see, in addition to the ex-colt, veteran signal caller Charlie Conerly, who at 38 is nearing the end of the trail; Don Heinrich, capable as a team general but not in Conerly's class as a passer, and Gifford. With the College All-Stars and due to report after the Aug. 14 game in Chicago is another quarterback hopeful, rookie Lee Grosscup of Utah.

JOCKEY WINS FIVE
DEL MAR, Calif. (UPI) — Ismael Valenzuela booted home five winners at Del Mar Wednesday. Valenzuela won the first four races with Wagon Master, Brighter Days, Gay Tower, and Prince Ivan and then rode Chevalate to victory in the featured seventh.

Northern California League baseball received a shot in the arm last Sunday when one of the largest crowds of the season gathered to witness the North-Star All Star game played at Weed.

A bugaboo plaguing the league throughout the early part of the season was a noticeable lack of attendance at most Nor-Cal league contests. Sunday's turnout brightened the aspect considerably for club managers who necessarily must eye the gate as a yardstick by which to measure the length of time that their teams may continue to operate.

The All-Star attendance included spectators who had made the trip to Weed to back up the four or five players who were selected to play from each town in the league. League officials were impressed by the interest shown and individual team managers, each of which leads his respective squad back into league play this coming Sunday, evidenced a new enthusiasm for the remainder of the season.

With two games left on the league slate, the Klamath Falls make their last home stand Sunday at Gem Stadium when they host the Scott Valley Stars; the Dunsmuir Merchants visit Weed; and the Yreka Indians trek to Mount Shasta for a match with the Seals.

At the conclusion of the season, the finale comes August 9, the league wraps up the season with the annual President's cup playoffs beginning on or about August 16.

In Klamath Falls special interest has been engendered in the future of the Kubs at the announcement by manager Irv Whit of the addition of four ex-American League ballplayers, to the nearly depleted K roster.

The quartet, Rich Depew, Don Willey, Blake Griggs and Dave Saks are expected to fill holes vacated by Mike Dolan, Bob Lawery, Butch Dollar and Rube Johnson, all of whom, for one reason or another, have been forced to drop out of Nor-Cal action.

Said Whit, "We had to have help from the Legion else we would have been unable to field a team. We still have one problem—we have been unable to practice with the newcomers for lack of the availability of a field. Of course these four have been playing a lot of ball and are in shape—I'm sure they will fit in well. We're looking forward to Sunday's game."

The Kubs, after the Sunday game at Gem, wind up regular league play on August 9 at Mount Shasta. The last time the Kubs met the Stars they collected a 5-2 win. In their previous meeting with Mount Shasta the KF squad was handed a 14-12 whipping.

K Falls Little Leaguers Travel For District Tournament Play

A team of Klamath Falls Little Leaguers marked a milestone in the progress of local youth baseball when they boarded a six-car caravan at the city hall at 7:30 this morning for the long ride to Portland where they will compete in the district playoff, the first step toward a World Little League championship.

The squad, under the direction of manager B. M. Antle and coaches Bob Moore and Veryl Young, represents Klamath Falls first entrant in National League competition.

The youngsters received a rousing send-off from an enthusiastic swarm of early-rising fans and parents who gathered at the city hall. A dozen or so parents accompanied the young players and a large number are planning on joining the squad in Portland to see the first game.

The first stop for the KF kids is a Portland Teevee station where they will appear on a sports program at 4:30 this afternoon.

They step onto the diamond for the first time at Fairview Farms Little League field, a brand new installation, at 5:30 for a match with Montavilla in the semifinal round. A victory Friday afternoon will boost them into the championship playoff Saturday at 3 p.m. on the same field, while a loss means consolation action set for Saturday at 1 p.m.

The local team won its right to make the Portland jump by virtue of a power-packed 8-1 victory over Lakeview on KF's Mills Little League Park last Saturday.

A pair of triumphs in Portland this weekend will guarantee the All-Stars a return trip ticket for next weekend. The state playoffs, which pit the four district winners, will be held at Blasing Field Friday, August 7, and Saturday, August 8.

The following are the individual batting statistics for the complete 1959 LL season to date:

SF Boss Bemoans Hitting

SAN FRANCISCO (AP) — "It just takes one guy to light a fire. It might be anybody. If we could just get one guy hitting, just one guy to get two or three hits then everybody would come around."

Manager Bill Rigney bemoaned the lack of hitting on his San Francisco Giants, a club that came home last week 3½ games ahead of the National League and then went into a tailspin with nobody hitting. Five times in eight games they have gone down to defeat.

Wednesday the last place Phillies knocked them out of first place with a 3-1 victory coupled with Los Angeles 2-0 night triumph over Pittsburgh. The Dodgers thus vaulted into the lead.

Willie Mays, usually the biggest Giant of them all with the bat, slumps along at a .294 average. Wednesday Willie came to bat in the eighth with Jimmy Davenport on first and two out. Young Don Cardwell struck him out with a sidearm delivery low but in the strike zone.

Orlando Cepeda, the only San Francisco batter over .300, collected solo homers the past two days but they weren't enough. The last place Phils won the opener 3-2 and Wednesday made it two in a row.

"We don't need good luck charms the way our pitchers are pitching," declared Rigney. "They're pitching like 'hell. We just need a couple of doubles back to back."

Ray Bluth of St. Louis received \$1,210, a watch and a trophy for winning the ninth annual ABC Masters bowling tournament.

"Andy The Great" Sets KF Appearance

Andy Varipapa of bowling's Hall of Fame will show Klamath Falls bowlers the tenpin wizardry that has carried him to many bowling titles when he appears in Klamath Falls on Lucky Lanes Saturday, August 1, in two shows, one at 2 p.m. and another at 8 p.m. Varipapa appears through the courtesy of the Brunswick Advisory Staff of Bowling Champions.

Andy claimed one of the most sensational careers in the tenpin sport in December of 1947 by winning the annual All-Star Tournament in Chicago for the second consecutive time, averaging 210.4 in the finals and beating the challenge of the nation's top bowlers.

Rosenbush said that the Sept. 22 date which has been set for the "target" for the rematch would be "out" unless agreement is reached with Johnson on contract terms before Aug. 11.

Johnson has refused to discuss terms for the bout until he receives a complete accounting of financial figures for the first bout. Rosenbush has given Johnson complete figures on gate receipts, from which Ingemar's take will be about \$50,000, but Teleprompter Corp. has yet to supply figures on theater television, radio, and movie receipts.

Rosenbush said he believed the delay on these figures was due to the widespread distribution of the fight movies. He said he was sure Teleprompter would have the accounting by Aug. 11 because the New York State Athletic Commission is asking the figures to determine its tax cut.

Winning Rocky Mountain Conference wrestling championships is a habit with Colorado State College. The Bears 1959 crown was their 23rd conference title in succession.

Dick Sisker's record for his first two years as Nashville baseball manager shows 153 victories and 147 defeats. His team was third in the Southern Assn. in 1957, fifth in 1958.

Previously, in October, he had paired with Lou Campi to capture the national match game doubles title in Houston, making him one of the very few ever to hold both titles simultaneously.

Andy, who never has been accused of being modest, prefers to be called "Andy the Great," and unblinkingly admits that he is the world's best bowler. Where a few years ago this might have brought ridicule, the Klamath Falls record now would seem to bolster such a statement.

The barrel-chested Italian broke into the headlines when he teamed with Joe Falcara of New York in a doubles match. His sensational scores in that match, including three consecutive games of 279, made him a sports headliner and he has remained so ever since.

His next doubles effort netted him a 229 average for 36 games, and two subsequent matches found the little giant shooting averages of 228 for 20 games, and 225 for 21 games, respectively. Barney Spinella, holder of three ABC titles, fell before Andy by nearly 600 pins.

One of his greatest "iron man" stunts came in 1950, when he rolled 30 games of exhibition and trick shot bowling, and still managed to average 338 for his final five games.

Andy has authored no fewer than 72-000 games, and many others of 299 and 298. But just to show that he is human like all the rest of us, he ran into a dismal 709 game in the Peterson Classic several years ago.

He has rolled a three-game series of 357, with games of 300, 270, and 278, as well as a five-game series in which he averaged 275, and a 10-game series in which he averaged 265.

Andy is the holder of the world's exhibition record of 275-1-3 for six games, rolled in 1932. On another occasion, in 1934, in Brooklyn, he rolled nine games, including two of 300, for a 256 average. He as founded the natives of Tulsa in 1939 by averaging 257 for 23 games.
