### Khrushchev Still Wants A Visit To United States

By LEON DENNEN  
BERLIN (NEA)—It is no longer merely a summit meeting that Nikita Khrushchev wants. He also wants a state visit to the U.S., a seasoned Communist diplomat told NEA Service during a private discussion of the West Berlin crisis.

The diplomat also suggested:  
1. That in his view an invitation to Khrushchev to visit the U.S. probably would be extended by Vice President Richard Nixon at the end of his Russian trip or by President Eisenhower himself at a forthcoming summit meeting.  
2. That Soviet Foreign Minister Andrei Gromyko would turn a deaf ear to Western pleas for some commitment on West Berlin until it is reasonably sure that President Eisenhower will receive the Soviet Premier in the White House.

Like all Communist officials, this diplomat engaged in typical Red doubletalk. But the meaning of his words was unmistakable. Later, a leading West German political leader, who recently saw the Soviet Premier in Moscow, gave me a similar opinion. He said he believed the summit meeting and the possibility of a trip

### Hussein Makes Nasser Overture

AMMAN, Jordan (AP)—King Hussein of Jordan is patching up his differences with President Gamal Abdel Nasser of the United Arab Republic and the two Arab nations soon will restore diplomatic relations.

He announced the decision Sunday at a news conference. Premier Hazza Majali said the move would be before the end of this month, in time for the Arab League meeting in Casablanca Sept. 1.

"Believe me, Mr. Askew, you wouldn't want to take my sister out without her face on!"

#### HARRIMAN LAUDS NIXON

NEW YORK (UPI)—Former New York Gov. Averell Harriman praised Vice President Richard M. Nixon Sunday for standing up to Nikita Khrushchev in their public debate at the U.S. Exhibition in Moscow two weeks ago. "I was glad to see that happen," Harriman, a former U.S. ambassador to Moscow, said on a television program. "Mr. Khrushchev has gone around the world boasting about a lot of things, saying a lot of things against the United States, and I was glad to see him 'called' by an American."

#### PROPER SPIRIT

JACKSON, Miss. (UPI)—A division of the state Education Board is sponsor for a five-day conference, opening today, on means of helping Mississippi alcoholics. Mississippi is legally dry.

#### BUS WRECK HURTS 60

COVILHA, Portugal (UPI)—Sixty persons were injured last night, many of them seriously, when two buses ran off a mountain road near here. The passengers were returning from a week-end outing.

They said that this is highly speculative. However, there is no doubt that Khrushchev feels that he holds all the cards on Berlin and that he can exploit the status of the beleaguered city for important agreements with the U.S.

Some experts on Russia believe that Khrushchev, who has achieved power late in life, is a status seeker.

Although he is now top man in the Kremlin his position is by no means as secure as he has led some Western visitors to believe. In Stalin's time he never achieved high rank among the dictator's lieutenants. A self-educated miner who did not join the Communist Party until he was 24, Khrushchev was always treated with contempt by the so-called "intellectual veterans" of communism.

He has since defeated most of his opponents. He has received the staged accolades from Albania to Poland. He has at his disposal tools of military power that Stalin never had. Yet his political authority, not only internationally but also in the Communist world, is not yet fully established.

For his own self esteem and for the prestige it will bring him, he wants to sit as an equal with the President of the U.S.—symbol of power and authority in the world at large.
