Here's What Makes

Amana

Stor-Mor Freezers Best

Amana Fact No. 1

Amana reserve power and efficiency brings zero degree temperature faster and safer than all others tested... because Amana is designed and built to be a true food freezer not just a "holding cabinet" that "freezes" cold.

Amana Fact No. 2

Amana maintains an even zero degree temperature because Amana has 6 fast freezing surfaces. All foods are directly on or below these FAST FREEZING SHELVES. True, consistent zero degree temperature protects your foods from TEMPERATURE DAMAGE.

Amana Fact No. 3

Amana has uniform food storage temperature. Many others have long running cycles which indicate lack of freezing capacity. Amana insures "locked-in" nutritional values because of TRUE ZERO degree temperature throughout.

"EVEN ZERO TEMPERATURE IS THE KEY TO SAFE FOOD PRESERVATION"

Merit's has a selection of all current Amana Models in stock. This includes Amana Uprights, Combination Freezer - plus - Refrigerator and Deep-freeze Chests. A size and style to meet your exact needs.
