The camp program included morning watch and camp fire devotional services, morning Bible study, mission study classes, royal ambassador and girl auxiliary studies, afternoon recreation, evening variety and feature periods and evening worship services.

Honor campers included Nancy Ostrom, Susan Edgar, Linda Storm, Glenda Storm, Linda Flowers, Beulah Welch, Fred Collman, Norman Harvey, Bobby Edgar and Dicky Kelly.

Baptism Service Prompts Reunion

By RUTH KING

The christening of their grandson, 5-month-old Richard Carl, brought Mr. and Mrs. Carl Kircher by boat and plane from Wiesbaden, Germany, to Klamath Falls. To Richard Carl and his older brother, James Robert, they are opa (grandfather) and oma (grandmother).

Mr. and Mrs. Kircher are the parents of Mrs. Robert (Sigrid) Mongold, who married her American husband when he was stationed with the Air Force in Germany. He is a former resident of Westboro, Ohio and is presently stationed at Kingsley Air Force Base as a radio technician, 827 AC & W Squadron, serving on Haymaker Mountain.

Richard Carl was christened August 2 in the base chapel by Capt. Jefferson Davis, Air Force chaplain.

Mrs. Mongold became a U.S. citizen in January of this year.

Mr. and Mrs. Kircher who will spend three months in this country traveled on the USS American to New York, and by plane to Oregon. This is their first visit and they are already charmed with the West after having seen Crater Lake. They both learned to speak English about five years ago in school in Germany. Before returning home they will visit relatives in Florida and Stamford, Connecticut.

Mr. Kircher, who was a major in the German Air Force during World War II is now with the German-American consulate in Wiesbaden.

Mr. and Mrs. Mongold and sons live at the Mt. View Trailer Court.

Lad Charged With Theft

A 15-year-old boy was arrested in a pawn shop Wednesday afternoon after he attempted to hock a transistor radio.

City police and juvenile authorities said the boy insisted he did not steal the radio, but he did admit stealing band instruments from Sacred Heart Academy in June.

Juvenile authorities said the boy admitted taking a snare drum, drum stand and flute from the academy music room and trying to hock them at a loan company.

His attempts to pawn the instruments were unsuccessful, he said, so he cached the instruments in a garbage can in a downtown alley.

He came back three days later but the loot was gone. City police had the instruments at the station.

This alerted police, who kept an eye open. When the boy reappeared with the radio.

The boy was released to his parents after questioning, pending formal disposition by the juvenile department.

Boy's Venture Ends Sadly

EVANSVILLE, Ind. (AP) — A 16-year-old boy's first venture into business ended Thursday with a warning, parole and confiscation of his \$30 worth of marijuana seed.

The youth told Juvenile Court Judge French Clements he had gone to California to join the Merchant Marine, was turned back, and decided to go into business with a former Evansville friend he met there.

They bought the seed, and he shipped it home, intending to plant it along Pigeon Creek and send his crop back to his California friend for sale. However, the youth's father received the seed, had it identified, and turned it over to police.

Judge Clements withheld judgment on a charge of possession of narcotics and paroled the youth to his parents. Names were not disclosed.

WHY DO WITHOUT A LITTLE LUXURY LIKE THIS... LET ALONE THESE BIG CHEVY VIRTUES!

greater roominess
Automobile Manufacturers Association records carry the facts on this. In a Chevy sedan, for example, you've got more front seat head room than all but one of the high-priced cars! And Chevy's front seat hip room spreads up to 5.9 inches wider than comparable cars.

bigger brakes
Bigger, yes, and built with bonded linings for as much as 66% longer life. And how's this for proof that Chevy's a real stopper: in a NASCAR*-conducted test of repeated stops from highway speeds, Chevrolet outstopped both of the "other two" time after time.

full coil ride
You're the expert on ride, so you'll want to try Chevy's easygoing smoothness for yourself. MOTOR TREND magazine can give you a hint of what you're in for: "... the smoothest, most quiet, softest riding car in its price class." And Full Coil springs, of course, never squeak, never need grease.

award-winning engines
The NASCAR Outstanding Achievement award goes to Chevrolet! Chevy wins for "the creation and continuing development of America's most efficient V-type engine... for the establishment of new levels of V8 compactness combined with outstanding smoothness." And you can choose among eight V8's and the Six that won the Mobilgas Economy Run for its class.

fresh styling
POPULAR SCIENCE magazine's thoughtful look, then said it this way: "In its price class, Chevy establishes a new high in daring styling..." You'll find your own happy way of saying that Chevy's the only unmistakably modern car in its class.

bigger savings
Here's solid proof that Chevrolet squeezes more miles out of a gallon: in the famous Mobilgas Economy Run, two Chevrolet sixes with Powerglide took the first two places in their class, averaging 22.38 miles per gallon. And that, friends, won top honors for Chevy from every full-sized car!

higher trade-in
N.A.D.A.* Guide Books prove that your Chevrolet will keep its value. Chevy used car prices last year, for example, averaged up to \$128 higher than comparable models of the other two cars in Chevrolet's field.
