

"Hair restorer on a two weeks' vacation? Man, this is suntan lotion!"

Triplets Answer Mother's Wish
EAST ORANGE, N.J. (AP) — Mrs. Probyn Thompson Jr. always had her heart set on having five children. In eight years of marriage she had two.
Over the weekend she realized her ambition by having three at once.
Her husband was asked if he'd like more triplets. "I wouldn't mind, but I think my wife would chicken out," he said.
"I've definitely chickened out," the happy mother quickly added.

Actor's Death Shows Folly Of Film Fame
By BOB THOMAS
HOLLYWOOD (AP)—The death of Preston Sturges gives further testimony to the fleeting nature of success in the movie jungle.
When I started on this beat 15 years ago, there was no hotter film creator than Sturges. He had filmed a string of dazzling hits: "The Great McGinty," "Sullivan's Travels," "Palm Beach Story," "The Lady Eve," "Miracle of Morgan's Creek," "Hale the Conquering Hero."

Homemade Airplanes Look Odd
ROCKFORD, Ill. (AP) — Some weird airplanes, born of the do-it-yourself impulse, have dropped from the sky on this city.
They are airplanes built in barns, basements and garages by people with time and money to spend and an irresistible urge to put something different in the sky.
"There are darn few things here that look and act like real airplanes," one observer said.
One has four wings, another is powered with an automobile engine. One tiny biplane, "The Flea," is 15 feet long. A Detroit man flew his creation half way here and drove the rest of the distance on the highways.
The strange things began flying and driving earlier last week with the opening of the annual convention of the Experimental Aircraft Assn., whose 50,000 members must rebuild conventional aircraft or start from scratch to qualify for membership.
Most build airplanes for the same reason others build boats in basements or put dual carburetors on stripped-down cars—the pleasure of creating something new and different.
But some, like W. J. Bryan of Detroit, owner of an aircraft he says can do several hundred miles an hour in the air and 32 m.p.h. on the highway, claim significant breakthroughs in aeronautical engineering.
Bryan says his "Rotobil," which he can fly or drive after eight minutes of rearranging various parts, "is the pioneering answer to the needs of dual transportation all in one—flying and driving."

Chimpanzee Terrorizes Fair Crowd
PORTLAND, Ind. (AP)—A 150-pound chimpanzee escaped from his cage at the Jay County Fair Friday night, terrified several thousand persons and bit a 15-year-old girl before his trainer recaptured him.
The chimp, named "Mickey," knocked Joy Lanning to the ground and bit her twice as panicked fairgoers fled to their cars and other places of safety.
Trainer Barney Dexter said the animal picked the lock on his cage shortly after the dinner hour and bolted around the fairgrounds as spectators scattered. The 13-year-old animal hitched a ride on a "dodge-em" car just before he bit the Lanning girl.
One of the bites, in the girl's back, required two stitches. The other was a superficial nip on the hand. Miss Lanning was given a tetanus shot, and authorities said they may order a rabies test for the animal.
After biting the girl, Mickey fled in to an exhibition hall, where he ate candy and cookies on display and started to wreck the exhibits.
Dexter, who said the animal had become "very mean," crept up behind and managed to snap a chain to its collar. He tethered the chimp to a tree until a truck was summoned to return it to its cage.

Customers Order From Wrong Man
NEWARK, Ohio (AP) — Ivan Smith, state liquor enforcement chief, got mistaken for a bartender when he and nine of his agents staged a 3 a. m. raid on a secluded bootleg den Sunday.
So rapidly did Smith slip into the rustic-type building, well hidden on a thickly wooded farm just southwest of here, that when he got behind the bar to grab the bartender, several customers ordered drinks from him, he said.
The liquor agents arrested three persons and seized two cases of whiskey and 20 cases of beer.

Khushchev Gets Game Invitation
HERSHEY, Pa. (AP) — The World Penthalon Committee has invited Soviet Premier Nikita Khushchev to see the Soviets defend their title in the 1959 International Games which open here Sept. 25.
The five-sport competition is being held for the first time on the North American continent. It will conclude Sept. 30.
A record 1,534,264 acres were reforested in the United States during 1958. Both private owners and government agencies cooperated in planting the new trees.

The Dalles	91	62	--

Eastern Oregon—Fair through tonight; increasing cloudiness Tuesday with isolated thundershowers in vicinity of mountains late Tuesday. Low tonight 56-66; high Tuesday 82-92.
Western Oregon—Increasing cloudiness tonight and Tuesday with scattered showers or thundershowers Tuesday; slightly cooler over interior. Low tonight 53-58; high Tuesday 75-80 in north, 85-90 in south, 58-68 along coast. Coastal winds southwesterly to northwesterly, 10-20 m.p.h.
Northern Oregon beaches—Cloudy through Tuesday with a few light showers and some sunny periods in afternoon. Bar winds westerly, 10-20 m.p.h. Temperature range 48-62.

LOGGERS FIRE WEATHER
Continued very high fire danger in interior of Oregon through Tuesday, but slight decrease in danger in Coast Range and northwestern Oregon by Tuesday afternoon.
Five Day Forecasts
Eastern Washington, Eastern Oregon and Idaho — Temperatures averaging slightly above normal following a little cooler weather Tuesday or Wednesday. Chance of a few showers in Northeast Washington and Northern Idaho Tuesday or Wednesday and possible isolated afternoon thundershowers in the mountains of the extreme southern portion of Idaho and of Eastern Oregon. High temperatures generally 84-94. Minimums 48-60.
Western Washington and Western Oregon — Cooler Tuesday but warmer thereafter with temperatures averaging above normal. A few showers likely Western Washington and Northwest Oregon Monday night or Tuesday. Otherwise little or no precipitation. High temperatures mostly 80-95 in Western Oregon and 88-78 Western Washington, except 65-70 on the coast. Minimums 48-56.

Ruffled Hen Gets Free Ride
DALLAS, Tex. (AP) — Ruffles didn't take kindly to having her nest moved, so she and her five eggs got a free trip to Oklahoma and back.
L. H. McDonald, Dallas truck driver, discovered the setting hen in her nest atop the gas tank of his truck.
When McDonald tried to move the nest, Ruffles pecked his hand, so he left her, nest and eggs where he found them and headed for Oklahoma.
Back in Dallas, McDonald looked at the gas tank. Ruffles and the eggs survived the trip.

Inevitable
ATLANTA, Ga. (UPI)—Wilbur L. Lewis, 35, and William A. Eller, 34, apparently are men with little patience — and poor aim.
After their automobiles collided Sunday, the two men pulled out guns and shot at each other but missed.

B-52 Crashes; None Injured
CANDIA, N.H. (AP)—A huge B-52 Air Force Stratofortress, her navigation instruments out of commission, crashed in a heavy rainstorm today in southeastern New Hampshire.
All eight men aboard parachuted to safety on a farm near this town 30 miles west of Portsmouth. None was reported injured.
The craft was en route from Westover Air Force Base, Chicopee, Mass., to Goose Bay, Labrador, when the order to abandon ship was given. It had left Westover earlier heading for Albany, N.Y., when the commander, Capt. George E. Kusch, told Westover the radar unit was not functioning.

BACK AT SEA
NANTUCKET, Mass. (AP) — Dore Schary, stage and film producer, was back on his yacht today after weekend treatment at a hospital for a virus infection.

Grange Youth Conferees Make Report
MONTAGUE — Carol Peterson and Nola Wheeler returned this week from Arcata where they had attended the 1959 summer conference of the California State Grange Youth Committee as delegates of the Greenhorn Grange. The conference was held at Humboldt State College.
In addition to regular conference sessions, delegates participated in swimming, dancing, a talent show and a bus trip to the Big Lagoon Holdings in the Redwood Forest. They toured the town's industries arranged by the Arcata Chamber of Commerce, which included a plywood plant and a Coast Guard station.
The youth committee of the Dows Prairie Grange presented first degree ceremonies.

SCOUT NEWS
WEED — Boy Scouts of Weed Troop 31 returned recently from a session at the Crater Lake Area Boy Scout Council Camp McLoughlin at Lake of the Woods.
Those completing achievements and receiving merit badges at camp included Don Welch, swimming, lifesaving, forestry, cooking, Ronnie Mallory, swimming, lifesaving, forestry; Jeff Reents, swimming, forestry; first aid, scholarship; Jim Bob Culley, first aid, basketry, forestry; Sammy Williams, second class rank; Lewis Shelton, forestry; Michael Auman, camping, pioneering, forestry, archery and Tomny Pease, swimming.
Scouts who worked for rank advancement included Tim Layton, Stanley Ellison, Mike Yates, Richard Cross, Richard Cedros, Louis Rizzo, Robert Delgado, Jerry Bond, Darrel Browning, Omri Hildreth and Mickey Duchi.
Those among the group scaling Mt. McLoughlin, nearly 10,000 feet high, were Don Welch, Richard Cedros, Jerry Bond, Omri Hildreth, Mickey Duchi, Jim Bob Culley, Lewis Shelton, Ronnie Mallory, Robert Delgado and Michael Auman.

Lumberjack Fiesta Gives Club Offer
YREKA — At the July meeting of the Yreka Rock and Mineral Club, at its new headquarters in the Community Center Building on Fourth Street, members heard an invitation extended by the Siskiyou Gem and Mineral Society of McCloud to participate in the McCloud Lumberjack Fiesta.
Mrs. Herb Jackson, display chairman for the Yreka club, is to be contacted by any member of the local club who wishes to display his own exhibits.
The club's present project is the construction of display cases for use when exhibiting at such events as the fiesta. Club members wishing aid in the project should contact Thomas George of Yreka.
The Yreka group is proud to announce that all future meetings will be held in its new headquarters at the community center. Meetings will open with a potluck supper at 6:30, the remainder of the evening will be spent completing the club room and working on the display cases.

Gets Promotion
YREKA—Lloyd D. Urbach, son of Mrs. Frances V. Wacker, 412 North Street, Yreka, recently was promoted to specialist four in Germany, where he is a member of an Army engineer battalion.
Urbach entered the service in April, 1958, and completed basic training at Fort Ord. He arrived in Europe last November.
He was graduated from Yreka High School in 1954.

Taxi Driver Admits Hoax
BUFFALO, N.Y. (AP) — Cabbie Orval L. Pollard, 29, found locked in the trunk of his cab in a deserted lot, claimed two men had robbed him of \$372 and left him there. Later he admitted it was a hoax. The truth was, he told police Saturday, that he had lost the money, part of it belonging to friends, at Batavia Downs race track and had locked himself in the trunk. It was nine hours before he was found.

Party Fetes Chico State Professors
MONTAGUE—A progressive dinner party was held recently in honor of three visiting professors from Chico State College, who have been conducting classes in psychology and English for the past two weeks at Yreka High School.
Honorees for the event were Dr. Hugh Bell, Dr. Kenneth Clarke, and Prof. Arthur Solomon. Serving as hostesses were five of the students from the class of 61 persons who have been attending hostesses were Mrs. Roy Townley, Mrs. B. H. Hager, Mrs. S. M. Cairns and Mrs. Paul Reichman.
The party began with cocktails and hors d'oeuvres at the home of Mr. and Mrs. Roy Townley in Little Shasta, followed with a buffet supper at the home of Dr. and Mrs. B. H. Hager in Willow Creek, with Mrs. Sam Cairns sharing hostess duties with Mrs. Hager. The dinner ended with dessert at the home of Mr. and Mrs. Paul Reichman on the Ager Road.
Present in addition to the honorees and the four hostesses were Mrs. Kenneth Clarke and daughter, Susan; Dr. and Mrs. Keneth Young of Yreka, Roy Townley, Gary Townley, Dr. Hager and Paul Reichman.

FHA Group Names Leader
YREKA — Henry L. "Bud" Meiners, co-owner and operator of the Mount Shasta Milling Company of Montague, was chosen as a new member of the Siskiyou County committee of the Farmers Home Administration, succeeding Lloyd Churchill of Montague whose three year term expired June 30.
Meiners will be in charge of reviewing all loan applications to the agency. Serving with him are Cline Soula, Montague, and J. Neale Giger, Grenada.
Farmers wishing to buy livestock and machinery, finance annual operating costs, improve buildings and fences, and purchase land, are given loans for this purpose by the Farmers Home Administration.
The administration also loans money to farmers or their non-profit associations to create and operate approved soil and water conservation work, and for the installation and improvement of irrigation and farmstead water supply facilities.
The office is located in Room 11, Warrens Building, on Broadway in Yreka.

4-H NEWS
ETNA—The Etna 4-H Community Club held its monthly meeting on July 27 at Pleasure Park. The meeting was presided by a wiener roast.
George McMullen gave an interesting talk on diligence in one's chosen field of work. It was announced that Patty Rich will be club delegate to Davis.
Sharon Young.

Five Day Forecast
SAN FRANCISCO (UPI) — Five-day weather forecast for Northern California: No precipitation. Temperatures above normal; normal minimum - maximum Sacramento to 58-91. Red Bluff 65-97, Eureka 53-81, Santa Rosa 47-82, Blue Canyon 58-71.

Buyers' Strike Threatened If Little Rock Integrates
LITTLE ROCK, Ark. (AP)—One of the top segregationist leaders Saturday threatened a "buyers' strike" against downtown merchants here if high school integration comes as scheduled Wednesday.
"If one Negro even attempts to attend a white high school," said Amis Guthridge, "we are calling on the people of every school district in Arkansas to stage a buyers' strike against Little Rock Main Street merchants, and against every firm that employs even one Negro."
Guthridge, attorney for the Segregationist Capital Citizens Council, also said his organization had planned other actions in connection with integration, but said he couldn't reveal it.
Grainger Williams, President of the Little Rock Chamber of Commerce, when asked to comment, said he felt "additional comment would be in poor taste."
The chamber last winter officially urged the re-opening of public high schools.
Guthridge said the merchants "claim they want peaceful public schools."
"All they need to do is tell Daisy Bates to tell the Negroes to go to Horace Mann and we will have permanent peace in Little Rock."
In this, Guthridge hit at the Committee for Peaceful Operation of Our Public Schools, a new group of civic and business leaders. Daisy Bates is Mrs. L. C. Bates, Arkansas head of the National Assn. for the Advancement of Colored People, and Horace Mann is a Negro high school.
Guthridge set a deadline of 9 a.m. Monday for the merchants "to assure us"—and declined to elaborate further.
Another segregationist charged that police plan to use tear gas against "peaceable assemblies" when integrated schools open here Wednesday.
Only four days remain before six Negroes are scheduled to begin classes in two once white schools.
Four days before school opening in 1957, segregationists were busy organizing resistance to integration.
Last year, school patrons waited for Gov. Orval E. Faubus to invoke a school closing law handed him by a special session of the Legislature.
Segregationist violence brought federal troops to enforce integration in 1957. And the schools are scheduled to open Wednesday for the first time since Faubus closed them in 1958.
Today there are no known scheduled segregationist meetings.
There are only nebulous rumors that Faubus plans a special legislative session to replace the school closing law thrown out by a federal court.
The tear gas charge by Dr. Malcolm G. Taylor, president of the Capital Citizens Council, was discounted by city officials.

Some Version Of Labor Bill Should Pass
WASHINGTON (AP) — Sponsors of three different labor control bills agreed that the House this year will pass some kind of bill aimed at labor racketeers.
A week of debate on the bills begins in the House on Tuesday. One of them has the support of President Eisenhower, who appealed to the nation on radio and television Thursday night to erase what he called the national disgrace of labor-management gangsterism.
The President supported the toughest of the three, the bill sponsored by Reps. Phil M. Landrum (D-Ga.) and Robert P. Griffin (R-Mich.).
The House also is considering a bill sponsored by Rep. John F. Shelley (D-Calif.). This measure has the support of the AFL-CIO. Another bill voted out by the House Labor Committee has the support of Speaker Sam Rayburn (D-Tex.).
The committee bill is a watered-down version of a bill passed by the Senate in April.
White House Press Secretary James C. Hagerty said there had been a large number of telegrams commenting on the President's speech and many were "virtually unanimous in support of the President's position."
The networks turned down a request by Democrats for equal time to answer Eisenhower. But their viewpoint will be given some time on radio and television.
Rayburn will discuss labor legislation on the Mutual Radio Network Monday night (7:15 EDT), and Reps. James Roosevelt (D-Calif.) and Frank Thompson Jr. (D-N.J.) will discuss the same question on the ABC radio and television networks at 7:30 p.m. that night.

LIMITED CHANGE
JACKSONVILLE, Fla. (AP) — Gov. Leroy Collins foresees a small amount of integration in Florida schools this fall.
"It will be limited," he told a panel of newsmen on a national television program. Face the Nation (CBS), Sunday.

Why, Helen! You've rearranged your room!

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain
New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.
In case after case, while gently relieving pain, actual reduction (shrinkage) took place.
Most amazing of all—results were achieved through that sufferers made astonishing statements like "Piles have ceased to be a problem!"
The secret is a new healing substance (Bio-Dyne) — discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H. At your druggist. Money back guarantee.
*Reg. U. S. Pat. Off.

Helps You Overcome FALSE TEETH Looseness and Worry
No longer be annoyed or feel ill-at-ease because of loose, wobbly false teeth. FASTEETH, an improved alkaline (non-acid) powder, sprinkled on your plates holds them firmer so they feel more comfortable. Avoid embarrassing causes by loose plates. Get FASTEETH at any drug counter.
