

A WISH CAME TRUE for Mr. and Mrs. Hale Thompson, left, who came from Eugene to be overnight guests of Mrs. Thompson's brother and sister-in-law, Mr. and Mrs. Bob Chilcote, with whom they are pictured. The popular wishing well stood in front of a large wall completely covered with brilliant hibiscus blossoms. Mexican Fiesta guests were greeted at the door by smiling pretty Aida Zurita Doya of Mexico City, who spoke to each one in Spanish as she selected a gladioli blossom from a gaily painted flower cart to present to each lady.

A TRIUMPHANT TORERO, Capt. Thomas Jeffcoat, escorts the bull, realistically acted by Capt. E. A. Valentine and Lyle Faast, out of Reamos arena. The comical act was a part of the intermission program at the Mexican Fiesta on Saturday evening staged by the women's auxiliary. Co-chairmen Ann Prock and Pauline Pernell and their committee transformed the club rooms and terrace into a Mexican garden scene with gayly colored hats, baskets, flowers and palms. A buffet supper of Mexican dishes was served to the large crowd at midnight after which they danced again to the music of LaMar Jensen's trio. The band played from a center spot fenced by iron grillwork and outlined with bright red flowers in white boxes.

She's A Typical Busy Homemaker

By AP NEWSFEATURES
What's home life like for the nation's top homemaker?
Mrs. Clarke Priebe of Des Moines, Iowa, who recently won the Mrs. America crown at Fort Lauderdale, Fla., lives in a 12-year-old typical story and a half Middle West brick home.
It has three bedrooms and two baths but is a tight fit for Mr. and Mrs. Priebe and children Margie, 14, Gregory, 9, Doug, 7, and Karen Jane, 3½.
The Priebees are thinking about moving to a larger house but hate to leave their ideal location.
We're near the park and swimming pool," Mrs. Priebe says, "within walking distance of elementary and junior high schools and there's even a lake nearby where the children can go fishing. The bus line is around the corner."
Just now the Priebe home is furnished mostly with mahogany but the pieces gradually are being replaced with cherry.
"Mahogany shows the slightest speck of dust," the blue-eyed, black-haired homemaker explained.
Mrs. Priebe has no maid. The older children make their own beds and help with other housework. Big sister Margie is the family baby sitter and can cook a meal as well as her mother. Margie is good at sewing, too, a task her mother dislikes.
The three younger children must be in bed by 8:30 p.m. — regardless of television temptations.
"Anyway, they aren't much interested in TV," Mrs. Priebe

says. "They'd much rather be out doors playing."

Margie, a ninth grader, hasn't had a date yet. Her parents and those of her friends have agreed that supervised parties are to be the rule for the time being with no pairing off in couples.

The Priebees had been considering a kitchen remodeling project but now are glad they didn't undertake it. One of Mrs. America's prizes was a complete new kitchen.

CHEESE MUFFINS

Gouda corn muffins . . . mighty good eating! Prepare a package of corn muffin mix as directed on package and fold in 1 teaspoon finely chopped fresh or sautéed onion and 1 cup finely shredded nut-like flavored Gouda cheese (about ½ Gouda). Bake as directed in package directions.

FEATHERS TRIM VEILS

Those ever-popular cage veils now come with feather trim for autumn. They're done in many different colors, of course.

We love to assist you in planning your wedding and in selecting your dress and trousseau for the happiest time of your life.

TAPESTRY HANDBAGS

On tap for fall: tapestry handbags, many with leather handles and trim. Trim, in black, brown or beige, can be matched to shoes or gloves.

SENOR BOB YEATCH dressed in style for his role as master of ceremonies, a job which he did very ably just after this dance with Mrs. Yeatch, who wore a charming gown befitting a senora. A special feature of the floor show was a beautiful ballet dance by Barbara Blanchard, pupil of Edna Howell. Many songs and requests were sung by Raymond Kilfoyle to the accompaniment of his guitar.

AIR

Every day the average person takes in 15,000 quarts of air, 10 times as much by weight as our intake of food and water combined. Most people are far more concerned about the safety of water, milk and food than with the purity of the air they breathe. Polluted air affects health, corrodes buildings, splashes laundry and ruins paint.

TRAVEL BERET

The travel beret in rayon velvet is ideal for the midsummer or early fall vacationer. Looks smart en route and can pack flat.

SPICETTES

Serve Gouda Spicettes on the appetizer or help-yourself salad tray, and watch them disappear! Remove the bright red paraffin coating from a Gouda cheese and cut it into thin wedges. Roll outside edges of slices in paprika . . . seasoned salt . . . or curry powder . . . whichever you prefer, and plunge a pick through center of wedge for easy serving. The spicy outside coating goes particularly well with the mild nutlike flavor of the Gouda cheese. Just right to serve with appetizers or your favorite salad.

EYELASHES

An exciting new peak in ultra high-fashion eye make-up now has been reached with the introduction of Max Factor's fabulous flirtatious artificial eyelashes. This bewitching addition to his lavish eye make-up collection gives women the ultimate in fashion filip and glamour, and satisfies a longing for luxurious lashes which every woman has harbored deep within her beauty consciousness.

Made of shining natural hair, these artificial eyelashes, created by the master of make-up artistry, come in four exciting colors—rich, natural black and brown, and the high-fashion bewitchment of blue and green. Woven on fine nylon thread in slightly different lengths, they are perfectly shaped to fit the arched contour of the eyelids and to provide the fascinating natural look of long, growing eyelashes.

Quick and easy to apply with the special adhesive and self-applicator which comes with each set of lashes, you simply make-up your eyes as usual, except for mascara, dampen the nylon thread with the adhesive, and place the eyelash strip directly above your natural lashes. With a toothpick, the strip is then firmly but gently pressed into place, making sure the ends are securely fastened. If the lashes are overly long for the size of the eyes, they should be trimmed to the desired length. At this time, stroke on mascara to blend the natural lashes with the artificial ones, if you wish to give them added weight and mystery.

Best of all the new Max Factor Artificial Eyelashes may be used time and time again by gently

EYE DRAMA with artificial eyelashes created by Max Factor is the height of high-fashion eye make-up this year. Designed to fringe already made up eyes with fascinating allure, these eyelashes are a full quarter of an inch in length. Black, brown, green and blue is the four glamorous shades in which they are being introduced. Easy to apply with a special adhesive and its own applicator, the lashes may be used over and over again.

by peeling the strip from the lids and storing them in their own container. To keep them gorgeously clean and luxuriously beautiful, they should be cleansed occasionally with alcohol to remove adhesive and mascara. Renew the curl by dampening the lashes, brushing them around a pencil and allowing them to dry.
