THE KITCHEN, with its many sound-reflective surfaces, is usually the noisiest spot in the house. Whirring appliances, loud voices, slamming doors, and clattering dishes all combine to produce a symphony of noise. Ordinary ceilings will reflect this noise back into the room, but one surfaced with acoustical tile traps the sound waves before they have a chance to produce noise. The result is a quieter, more pleasant kitchen in which to work.

WANTED: DONATIONS

NOGALES, Ariz. (AP)—An article was printed in a national magazine praising Mike de la Fuente of Nogales for his aid to underprivileged in the border cities of Nogales, Ariz., and Nogales, Mexico. He received two letters after the article appeared. Both asked for money.

SUBSCRIPTIONS ARE SWEET

BROKEN ARROW, Okla. (AP)—"The sweetest deal ever offered," was announced by C. A. McWilliams, publisher of the weekly Broken Arrow Ledger. He said a five-pound sack of sugar would be given to each new subscriber and each person who renews his subscription.
