

Party Of GIs And Scribes Expelled

SANTIAGO, Chile (AP) — Chile today expelled a party of Cuban soldiers and newsmen who, ostensibly on a good will trip, landed without authorization in Santiago Monday aboard a Cuban air force transport.

Two Chilean warplanes escorted the Cuban craft from this city, scene of the Inter-American foreign ministers conference on Caribbean tensions which both Cuba's Premier Fidel Castro and his brother, Maj. Raul Castro, have called a farce.

The transport flew to Lima, Peru.

The Chilean government promised every courtesy to Raul, commander in chief of Cuba's armed forces, if he chose to come on to this city. But the fiery, 30-year-old revolutionary may have canceled his plans now that the advance party has been turned back.

Lima reported no indications that he planned to continue on to Santiago, where the ministerial conference ends today.

The Chilean government protested to Cuba over the plane's arrival with armed soldiers aboard and without permission.

There were strong suspicions among some conference delegates that Raul's trip was planned to grab headlines from the conference, which has been seeking ways to lessen tensions in the Caribbean created partly by invasions launched from Cuba.

An advance Cuban military plane, carrying 21 newsmen, 13 bearded soldiers equipped with pistols and machineguns and a crew of 7, was seized when it landed here Monday. The party was kept under guard and ordered to leave the country today.

Chilean officials said the Cubans did not have the advance permission required for the landing of a foreign military plane carrying armed personnel. They said none of those aboard had Chilean visas and some did not have identification papers.

Crews Save Flying GIs

MOSES LAKE, Wash. (AP) — Eleven flying soldiers were on their way back to civilization by mule train and boat Tuesday after coming through two helicopter crashes in a four-day effort to recover the bodies of two comrades.

Apparently none of the men were injured in either crash.

The first crash occurred last Friday after a helicopter with men aboard flew into the wilds of North Central Washington to bring out the bodies of two men killed in a plane crash last January.

The wreckage of this plane, and the still-walking men, were sighted the next day, Monday, another helicopter flew in and picked them up, along with the bodies of Capt. Wade L. Shankle Jr., 27, Dexter, Mo., and Pvt. John A. Ardussi, 20, Rocky River, Ohio.

Taking off, the 'copter hit a clump of trees and crashed. Its crew of three and the eight men it had picked up apparently escaped injury.

A three-mule pack train was sent from the nearby town of Twisp to the crash scene about 120 miles northwest of here. The men hiked to the isolated village of Stehekin.
