

LAXATIVE SLAVERY CAN BE DANGEROUS

*Start breaking bad habits tomorrow
with a safe, appetizing cereal food*

**Corrects constipation
caused by lack of bulk**

Millions of people become addicted to laxative drugs without quite realizing it.

They begin by taking a pill or a dose of medicine whenever they miss a day. And soon, because they find themselves off schedule more and more often, they are taking harsher and harsher laxatives in larger and larger amounts.

They forget the warning of doctors that this slavery to laxatives can do serious damage to the digestive system.

It is welcome news to these "addicts" that there is a safe, natural way to break the

chain laxative habit. Yes, it can usually be corrected the Kellogg's All-Bran way.

You see, one of the common causes of irregularity is lack of bulk in the diet. And Kellogg's All-Bran is whole bran—nature's best bulk-forming food. Just a half-cup of Kellogg's All-Bran with milk gives you all the good bulk food needed each day for natural regularity.

Insist on the Original

If you'd like to free yourself from laxative slavery, try eating Kellogg's All-Bran for just 10 days. Just be sure you get the original All-Bran—Kellogg's All-Bran. It's America's favorite whole bran cereal by 3 to 1!

HEMORRHOIDS
