Strike Talks Set To Resume

SAN FRANCISCO (UPI) — Negotiations will resume this week in the 22-week-old strike by Bay Area boatmen.

Interment Set For Lanza

LOS ANGELES (AP) — Singer Mario Lanza's body will be entombed in Calvary Mausoleum Wednesday.

It was blown here in a casket Sunday aboard a jet airliner. Lanza, 38, died of a heart attack in Rome, Oct. 7.

Rosary will be recited Tuesday in Hollywood, where a solemn requiem high mass will be celebrated Wednesday.

Rape Suspect Being Held

HANNIBAL, Mo. (AP) — Officers seeking a man who raped an 8-year-old girl seized a motorist early today after a wild chase. Sheriff Melvin Starkey said the man would be charged with the crime.

Several shots were fired before the man, chased for miles through northeast Missouri, was trapped on a dead-end street.

Police said the arrested man identified himself as Charles Harold Burch, 29, of Decatur, Ill. Several persons who saw the rapist in Troy Sunday night, before the girl was lured away from the picnic there, were to view Burch. These included two older girls who had refused to get in a car with the man who picked up the younger girl with an offer of candy.

The victim was released near a farm house four miles from Troy about two hours after the man picked her up. She was hysterical. An examination showed she had been raped, officers said.

When the search started the rapist's car was described as having Alabama license plates. Officers said Burch's car bore an Illinois license plate from a car stolen at Havana, Ill., and that Alabama license plates were found inside the vehicle.

No War Seen By RC Chief

LITTLE ROCK, Ark. (AP) — A third world war will be averted because leaders of both the United States and the Soviet Union realize the destruction it would cause, Gen. Alfred M. Gruenther says.

"I include (Soviet Premier Nikita) Khrushchev among those who realize this," the retired Army general, who now heads the American Red Cross, said in an interview Sunday.

The lessened danger of a hot war, Gruenther said, does not mean the U.S. and the Soviet Union have solved — or can solve — their cold war differences. But he said he thought the exchange of visits between President Eisenhower and Khrushchev would ease the situation.

Ninth Hunter Dies In Oregon

LA GRANDE (AP) — Another deer hunter was killed Sunday, the ninth gunshot death of the season in Oregon.

James Schilling, 50, La Grande, was shot fatally while hunting in Little Dark Canyon, 18 miles west of La Grande.

State police said the bullet came from the .22 caliber rifle of Schilling's grandson, David Gustafson, 10, Milwaukie. They said it was accidental.

Also in the hunting party was the boy's father, Gordon Gustafson, of Milwaukie.

ROMMEL SERVICES ULM, Germany (AP) — The U.S. Army officially took part with the German army Sunday in memorial services for Field Marshal Erwin Rommel, who died during World War II.

"The Desert Fox," led Germany's Afrika Korps and later commanded forces in Normandy after D-Day.

Red snow and green snow have been known to fall in Greenland. This snow is colored by tiny living things in the snow.

New Penalty 20 Per Cent On Water Bills

MONTAGUE — Montague residents will be penalized 20 per cent on overdue water bills in accordance with a new water ordinance passed by the Montague City Council at its October meeting.

Water bills are due and payable on the 15th of each month, and are deemed past due on the 20th. Previous to the new ordinance a 10 per cent penalty was levied on all past due water bills.

The meeting was in charge of Jack Churchill, mayor of Montague, with other officials present as follows: Robert Akin, street commissioner; Homer Swain, water commissioner; Harold Cooney and Charles Haley, police commissioners; Beulah Gordon, city clerk; Alta Cooney, city treasurer; Al Widner, chief of police and city maintenance; Charles Rigg, deputy police and city maintenance; Sam Friedman of Yreka, is the city of Montague's attorney.

11 Youths Arrested By Sheriff

OROVILLE (UPI) — Butte County Sheriff Larry Gillick has arrested 11 young men as the result of a drinking party that drew 150 teenagers to a deserted ranch two miles from here.

The party had just warmed up Friday night when Gillick, 10 deputies and two matrons arrived at the ranch on Table Mountain.

The sheriff said he found whiskey, wine and vodka along with "hundreds of cans of beer."

There was not enough room in the sheriff's cars to take all the teen-agers back to Juvenile Hall, so Gillick and his officers packed them in their own cars and led a 40-auto convoy back to Oroville.

When the convoy arrived, Gillick began telephoning parents. At one point, there were 400 parents and teen-agers in Juvenile Hall, which was built to house 20 persons.

All the youths were students or recent graduates of Oroville High School. Many of them were expected to be at the Auburn-Oroville football game in Auburn, and two of the girls at the party were wearing cheer leader uniforms.

Oroville, without much of its roofing section, lost 31-0. Gillick booked the 11 young men, all between 13 and 20, on charges of contributing to the delinquency of minors. He said an anonymous caller tipped him about the party.

Pat To Meet With Demos

CHICAGO (UPI) — California Gov. Edmund G. (Pat) Brown, an avowed candidate for the 1960 Democratic presidential nomination, will meet today and Tuesday with three men who could bear heavily on that ambition.

Brown was in Chicago to attend a meeting of the civil defense committee of the governor's conference.

He planned to have lunch today with Mayor Richard C. Daley. Daley will have a large voice in the nominating convention because of his position as leader of the Democratic party in Illinois.

Brown will meet Tuesday with Adlai M. Stevenson, twice-defeated Democratic presidential candidate. The California governor will stop in St. Louis on his way home for dinner Tuesday night with former President Harry S. Truman.

Conservation Meet Opens

YOSEMITE (UPI) — California's 65 million acres of wilderness and their place in the state's future were the subject today of a two-day conference of conservationists.

The conference was sponsored by the Wildland Research Center of the University of California's Agriculture Experiment Station.

It was described as a conference for leaders in resource organization and management to discuss interrelated problems of forest, range, water, wildlife and recreation conservation in California. It will also take up the university's role in the research essential for better wildlife management.

The welcoming address was made by Harry R. Wellman, vice president of the University of California. One of the principal speakers today was Daniel G. Aldrich, dean of agriculture at the university.

IN CHILDREN'S HOME BERLIN (AP) — Fire in a children's home at Zingst in East Germany killed five of the home's 70 youngsters Saturday night, the official East German News Agency ADN reported.

4-H NEWS

MONTAGUE — Fashion-conscious 4-Hers from all over Siskiyou County crowded into the Big Springs Community Hall recently to learn about newest fashions for teen-agers, and the part that pattern, fabric, color, and grooming play in the selection of clothing.

Margaret Kohl, State 4-H Club specialist from Berkeley, supplemented the fashion show with training that will help the 4-H leaders and members in the 4-H clothing project this fall.

The 4-H members who modeled the garments loaned by the Simplicity Pattern Company, were Judy Young, Willow Creek 4-H Club; Susan Kellogg, Betty King, Linda Haan, and Chrissie Warner, Fort Jones 4-H Club; Pat Scala, Delphic 4-H Club.

Lorena Dillman, Melanie Dudley, Diane Preston, Bobette Dunaway, and Wendy Cassidy, Etna 4-H Club; Margaret Callick, Charlene Day, Candance Miller and Diane Girdler, Crag View 4-H Club; Janice Birdwell, Annette Hayden, Quartz Valley 4-H Club; Arlene Sears and Nancy Freeman, Grenada 4-H Club.

Escorts for the lovely models were Don Kreutzer, Table Rock 4-H Club; George Haan, Quartz Valley 4-H Club; and Bill Solus, and Phil Zediker, Big Springs 4-H Club.

Big Springs 4-H leaders decorated the hall for the event. The 4-H Home Economics Advisory Committee, with Mrs. Clarence Dudley of Etna, chairman, organized and supervised the fashion show. Milly Miller of the Big Springs 4-H Club supplied the background music.

Ship Workers Back On Job

SAN FRANCISCO (UPI) — The West Coast shipyard strike that lasted eight weeks officially ended today as 15,000 workers from the San Francisco Bay Area to the Canadian border were back on their jobs.

Terms for settlement of the strike were decided Saturday. Marine carpenters accepted a new three-year contract granting an immediate 10-cent raise and a 39-cent package increase.

Contract terms for other unions involved were accepted earlier last week. Members of the International Association of Machinists and United Steelworkers Local 1304 ratified their pacts Saturday morning.

The metal trades workers, which also struck the shipyards, signed a similar pact two weeks ago.

More than 5,000 workers have been struck in the Bay Area alone since Aug. 24.

Cannery Fire Set At \$2 Million

FREMONT (UPI) — The huge F. E. Booth cannery was destroyed Sunday by a fire that caused an estimated two million dollars in damage and was visible for 10 miles.

The blaze broke out shortly before midnight Saturday and spread through the rambling two-story structure, which covered almost an entire city block and housed machinery, offices and canned goods.

Fire Chief Frank Madruga said his crews poured 10,000 gallons of water on the blaze. He said the cause was unknown, but ordered an investigation to determine if arson was involved.

California Weather

San Francisco Bay Area: Fair tonight and Tuesday morning; high today 63-67; low tonight 47-53; westerly winds 10-20 m.p.h.

Northwestern California: Fair today, increasing cloudiness tonight with showers Eureka northward; cloudy Tuesday morning clearing in afternoon; little change in temperature; high today and low tonight Napa 74-44, Ukiah 67-45, Santa Rosa 64-43; coastal winds mostly northwest 10-20 m.p.h. north of Cape Mendocino late tonight and early Tuesday.

CORPORAL PUNISHMENT

DUNSMUIR — The elementary school board has decided to continue its policy on corporal punishment — spankings — if and when needed. Faculty members may use corporal punishment at their own discretion under the written ruling of the school board as outlined in the educational code.

GIVEN LAMB

TULSA, Okla. (AP) — Billy Joe Tugman, 11, bid 71 cents for a prize lamb at the Tulsa State Fair last week. No sale. Bidding was by the pound — not the animal. Tien John S. Freeman, president of Skelly Oil Co., learned of the lad's disappointment. He bought the ewe and gave it to him.

Girl, 15, Wins Right To Enter State Contest

YREKA — Arlene Sears, daughter of Mr. and Mrs. Norman Sears, Grenada, was named junior winner in the regional "Make It With Wool" contest held in the Tehama County Fairgrounds at Red Bluff.

Her grey wool sheath dress and matching three-quarter length wool coat won for her a trip to Los Angeles in November and a chance to compete in the state contest.

Miss Sears, 15, is a member of the Grenada 4-H Club, and made her prize-winning garments in her club's advanced sewing project.

There were 43 girls from many Northern California counties competing for the prizes offered by the Northern California Wool Growers Association to three age groups, sub-deb, to 15; junior, 15-17; and senior, 18-22 years of age.

The girls were shown how to model by a professional model on Saturday afternoon, after which they were treated to a lamb barbecue by the members of the Northern California Wool Growers Association. Winners were announced at the style show presented in the evening.

Diane Dingler, Tulake, was also a Siskiyou County contestant in the contest and was presented a skirt length of Pendleton wool by the Wool Growers. She is the daughter of Mr. and Mrs. Martin F. Dingler of Tulake and is a member of the Lava Bed 4-H Club, where she is enrolled in a clothing project.

New Operators For Ski Facility

McCLOUD — The Alpine Corporation of Mount Shasta which operated the Snowmen's Hill ski T-bar and rope tow, has turned over the operation of the winter sports area to Max Ricci and Kenneth Hitchcock of McCLOUD.

Ricci said repair and maintenance work is being done this week to put the equipment in good operating condition, ready for the first snowfall.

In addition to the T-bar lift and rope tow, the corporation has a warming hut and snack bar.

Weather Table

Table with columns: United Press, International, High-Low-Rain. Lists cities like Albuquerque, Atlanta, Bakersfield, Boise, Brownsville, Chicago, Fairbanks, Fort Worth, Fresno, Helena, Kansas City, Los Angeles, Miami, Minneapolis, New Orleans, New York, Oakland, Oklahoma City, Phoenix, Red Bluff, Reno, Sacramento, Salt Lake City, San Diego, San Francisco, Spokane, Stockton, Thermal, Washington with corresponding weather data.

Assemblyman To Back Cabin Owners

SACRAMENTO (UPI) — Assemblyman Lloyd Lowrey (D-Rumsey) is going to bat for eight cabin owners and a resort operator who have been told to get out of the Tahoe National Forest to make way for a new highway.

Lowrey said Sunday that he planned to organize California lawmakers and other officials to change federal law governing such cases.

His action came after federal and state officials explained that the owners leased land in the federal forest on a year to year basis and that the government could not compensate for their cabins unless Congress passed a special act.

"It's wrong for any federal agency to allow people to build structures and spend money and then take their equity away without giving them anything in return," Lowrey said, adding "We might expect it to happen in other parts of the world, but we just don't do these things in the United States."

Lowrey estimated there were 18,000 cabin owners in the state who built cabins under similar government terms and who could lose them in the same way.

"Apparently the same thing is going to happen when they build a new highway 50 in a few years," he said, "and it could happen anytime they want to put in a reclamation dam or any federal project."

In this case, the owners built their cabins in the Big Bend Tract, an area of government land lying along a new right of way for U.S. 40 between Emigrant Gap and Hampshire Rocks in Placer County. One owner estimated that the cabins were worth between \$7,000 and \$12,000 and the resort buildings \$40,000.

Lowrey said that he had discussed the matter at the Western States Public Land Committee in Denver last week and that the committee had passed a motion to investigate.

Meanwhile, he said, he hoped to organize lawmakers and other cabin owners in the state to help change the federal law.

Lions often hunt in parties, called "prides," of four, five or even as many as 23.

Ejection Of Red Diplomat Considered By Washington

WASHINGTON (AP) — The State Department is reported to be considering ejecting a Soviet diplomat from the United States in retaliation for the Soviet Union's ouster of the security chief of the U. S. Embassy at Moscow.

The prospect that such a step will actually be taken is at the moment highly uncertain. Sen. John Sherman Cooper (R - Ky) called Sunday for such a move "in the absence of an apology" from the Kremlin.

The uncertainty is due partly to the fact that some officials consider direct retaliation in such cases as an empty gesture. But it is also the result of great puzzlement here about what the Soviet move itself was supposed to accomplish.

One theory advanced in diplomatic quarters is that the Kremlin wanted to warn the Soviet people to be wary of friendly contacts with Americans in spite of the official policy of the "Spirit of Camp David" preached by Premier Nikita Khrushchev following his conference with President Eisenhower three weeks ago.

But this is only a theory and officials here are waiting to see how the Soviets themselves handle the case of 37-year-old Russell A. Langelle before they make up their minds what the maneuver may mean.

Secretary of State Christian A. Herter has declined comment on the incident.

The story broke Saturday when the State Department accused the Soviets of seizing Langelle Friday morning and trying by bribery and threats of violence to make him into a spy for the Soviet government.

The acting chief of the U. S. Embassy, Edward L. Freers, protested to the Soviet Foreign Office Friday afternoon. The acting chief of the American section, S. R. Stringanov — former Soviet Embassy counselor in Washington — in reply accused Langelle of spying on the Soviet Union and ordered him out of the country.

Mother Sent To Hospital

ST. LOUIS, Mo. (AP) — The St. Louis Board of Children's Guardians is considering the case of a 33-year-old widow and her eight children, found living in a station wagon here for the second time since her husband died last July.

Mrs. William H. Catlow was found in the car Saturday. Police said she had \$2,000 in cash. Weeping, she told police:

"I don't need food and I don't need clothes. All I need is a home."

The children, ranging in age from 4 months to 11 years, were in good condition. They were placed in foster homes and their mother was admitted to a mental hospital for observation.

Mrs. Catlow and her family were found living in the car last August. At that time she declined the help of service agencies, and left for California. She receives \$250 a month from Social Security.

Police said she and the family had been living in the station wagon since returning from Pomona, Calif., recently.

Kentucky Mayor Dead At Age 94

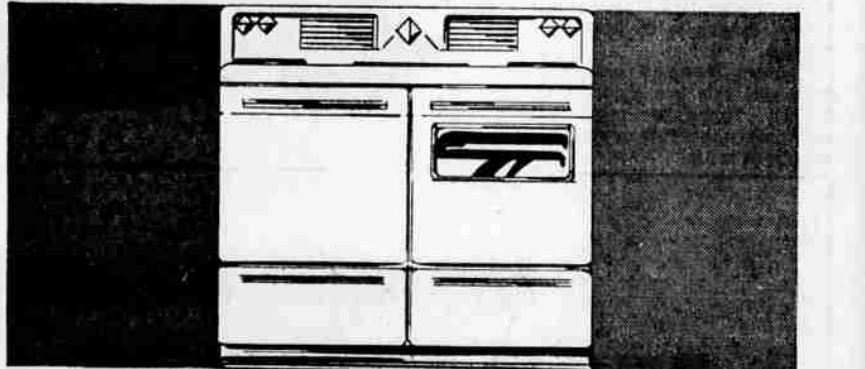

BEREA, Ky. (AP) — John L. Gay, the only mayor this town of 3,300 ever had until he retired in 1938, died Sunday in a Lexington hospital. He was 94.

Gay became mayor in 1910 when the local form of government was changed. He served before that as justice of the peace and later as police judge.

"I'm lunching with my wife, so I'll grab a sandwich first. She thinks all I eat at noon is a bowl of rabbit food!"

Look at both—and you'll buy GAS!

Every automatic wonder a good cook wants is wrapped in today's modern GAS ranges!

Compare the features you find on today's Gas ranges—and you won't cook any other way! Gas gives you fast and flexible control over cooking, too... burners warm up instantly, turn high or low at the touch of a dial. And a Gas range means a cleaner kitchen—the blue flame burns clean... guarantees smokeless broiling!

See the latest models on our display floor or visit your gas appliance dealer, today.

See the oven that starts itself! Go out for the day, and roast will be done when you come home! Just place in the oven—set automatic timer... oven starts itself, shuts off on the dot!
