

MARKETS and FINANCE

Stocks WALL STREET NEW YORK (AP) — The stock market was sharply lower at the close today. Turnover for the session was fairly active. Volume for the day was estimated at 2,500,000 shares compared with 2,760,000 on Friday. Key stocks fell from fractions to about 2 points. Steels, motors and rails took the brunt of the early selling which sent pivotal issues to losses of 3 points or more. The list steadied above its lows and a few stocks resumed the upside. The overall decline erased about half the gains made Friday when Wall Street expected the steelworkers to be back at work today. Youngstown Sheet was down about 4 points and Goodyear more than 1. U.S. government bonds improved in quiet trading.

FIRES SWEEP SAXONY HANNOVER, Germany (UPI) — A series of brush fires swept Lower Saxony Sunday, damaging more than 100 square miles of forest and heathland but causing no known casualties. When an enemy approaches, the cottontail rabbit pounds the ground with its hind legs to warn other rabbits of impending danger.

City Council Denies Lease To Golf Club

YREKA — The leasing of city property, south of Yreka to the Rolling Hills Golf and Country Club, Inc., was refused by the Yreka City Council at its session here last Thursday night.

Extension of a lease to the club received the negative votes of councilmen Charles Cooley, Man McNeil and Dr. R. M. Stewart, while favorable votes were cast by Mayor James E. Cummings and Councilman Harry Friedman. The latter two expressed the opinion the golf course would be an addition to the town recreation-wise, as well as creating a more scenic approach to the town.

A previous request had been made by the club to the city council to extend an option to lease the land to them with the understanding the lease would be signed only when the club could show financial stability. Keith Vidler, as spokesman for the club, explained the organization did not have enough funds to purchase the property, so plans were to sell shares, but in order to sell shares it was left a vice was first required. Advice from Joe Correa, city attorney, to council members was that upon completion of a legal opinion setting forth specific details, such as legal description of the property concerned, and the length of time allowed for raising of money by the corporation, an agreement could be entered between the organization and the city council.

Mayor Cummings expressed the opinion that a nominal fee could be charged for the property, such as payment of the taxes by the club, to which Councilman Friedman agreed. It was also agreed that at least half of the cost of the proposed course should be raised before the final signing of the lease.

A doubtful opinion was expressed by Councilman Cooley as to whether the proposed site was the proper one for a golf course, stating that such a course should be constructed where it would enhance homes and residential sections, instead of in the center of an industrial area.

Cooley expressed further doubt that the city would have enough water to supply the golf club, pointing out the water would be taken from the same table as the city water, thus lowering the water supply.

Cummings responded by stating he didn't think the water was a problem, pointing out that any industry established at the site would be required to purchase water from the city.

Councilman McNeil reported to council members that ground had been broken for a golf course in Schullmeyer Gulch, south of Yreka, which would be open to the public with life memberships to be sold at a cost of \$500 each. McNeil continued by stating he felt the city land should be sold, or the city should operate the golf course as a municipal property. He said the city shouldn't be giving away public property for such nominal fees as taxes. He concluded that there were really only two choices, to either sell the property to the club, or operate it themselves.

The vote was then called with ballots cast three against two, not in favor of granting the lease.

Withdrawal Date Set

YREKA — Tuesday, December 15, is the date set by W. E. (Eddie) Roberts, superintendent of Siskiyou County schools, for the election to determine if Yreka and its attendance area wish to withdraw from the Siskiyou Union High School District.

Roberts stated that signatures on the petitions calling for the election have been canvassed by the county clerk's office and 400 were allowed. Only 10 per cent of the voters out of 2,879 registered voters were required to sign the petitions, which would have meant the signatures of only 288, therefore the petitions qualified by a high margin.

Also in conjunction with the December 15 election, it has been announced by Rachel N. Cordes, Siskiyou County clerk, that registration for the election closes Thursday, October 22. Mrs. Cordes called special attention of the residents of the Yreka High School attendance area to that date and urges them to register and vote.

GEORGE C. MARSHALL

GI Farewell Given General

WASHINGTON (AP) — Muffled drums tap out a soldier's farewell today for Gen. George C. Marshall.

President Eisenhower and former President Harry S. Truman were to attend funeral services at the Ft. Myer, Va., chapel for the five-star general of the Army. Marshall died Friday night at 78 after a long illness.

The general had served as Army chief of staff during World War II and later as secretary of state and secretary of defense. He was author of the Marshall Plan which helped war-weakened Europe along the road to economic recovery.

The body of the soldier-statesman rested in Bethlehem Chapel of the Washington National (Episcopal) Cathedral until time for the services at Ft. Myer, just across the Potomac River from Washington.

A simple funeral was planned in accordance with Marshall's wishes. Arrangements included army band music as the procession entered and left the Army chapel, the chapel service conducted by Canon Luther D. Miller of Washington Cathedral restricted to 200 persons, graveside services restricted to members of the family and pallbearers, burial in Arlington National Cemetery on a slope below the Tomb of the Unknowns.

Masonic Chief Visits Yreka

YREKA — Right Eminent Companion H. C. Spurr of Ukiah, Deputy Grand High Priest of Royal Arch Masons of California, paid his official visit to Cyrus Chapter No. 15 recently.

Companion Spurr and his suite, consisting of Charles Orr, Ferd Simmons, Charles Van Orsel, O. G. Seale, Charles Larson and Howard Trivelpiece, all past high priests of Cyrus Chapter, Fred Arnsberg, commander of Mount Shasta Commandery, and William Harris, master of Siskiyou Council, were escorted to the East by Wayne Hill, past high priest, and presented to Ralph James, high priest of Cyrus Chapter.

At the close of the meeting an inspirational talk was given by Companion Spurr. Among out of town visitors were Eldon Waldren, Medford, grand master of the Grand Council of the State of Oregon; W. D. Brunner of Ukiah, California, who also piloted the plane which brought Spurr to the county airport at Montague; and F. H. Ervingham, eminent commander of Malta Commandery of Ashland, Oregon, together with his corps of officers, Harry Schultz, Jack Caldwell, Earl Klein, Walter Hamby, Charles Pitts, Gene Morris, Howard Gillette, Allen Shipman and Lester Cash.

A 6 o'clock dinner at the Masonic Temple preceded the meeting.

California Weather United Press International

Northwestern California: Fair today becoming cloudy Wednesday with light rain likely north of Ft. Bragg; little change in temperature; high today and low tonight 70-75; coastal winds north-west 10-20 m.p.h. today.

Water Plan To Create More Jobs

SAN FRANCISCO (UPI) — California's new two billion dollar water plan will create two million more jobs in the state, according to the director of the Department of Water Resources.

Harvey O. Banks told delegates to the 41st annual convention of the League of California Cities Monday that the project would support more than five million persons, be worth billions of dollars to the state, and provide increased hunting and fishing facilities.

The director said construction would begin next month on the first part of the project, the South Bay Aqueduct. It is expected to supply water to Southern Alameda and Santa Clara Counties by 1962. More than 2,500 delegates from 275 cities attended Monday's session. Other highlights included: —Sen. John Kennedy (D-Mass.) said congressional seats should be reapportioned on the basis of the 1960 census to provide better representation for urban areas. Controller Alan Cranston predicted that California's population would increase nearly 700,000 a year for the next 10 years.

Water Curbs Discontinued In Yreka

YREKA — Water rationing in the city of Yreka was discontinued at 8 a.m. Friday, October 16, following action taken by the Yreka City Council at its Thursday night meeting. Council members cast a unanimous vote in favor of discontinuing the program.

The opinion expressed by Mayor James E. Cummings was to the effect that the water rationing program could be discontinued immediately, pointing out rationing was in effect until November 1; but the water supply seemed to be holding its own. His statement was corroborated by Pete Potter, superintendent of streets and water, and Charles Cooley, water commissioner.

Potter had reported the North well and the Boston shaft seemed, too, to be holding their own, adding that he had not been pumping much water from the City Hall well. Water rationing in Yreka was first started in July, with residents permitted six hours of irrigation a week, later decreased to three hours.

It was agreed by council members to employ the services of Crawford J. Porterfield to audit the city of Yreka's books at a maximum fee of \$1,100, which will be decreased if the work load proves less than anticipated.

According to the report of Oscar Piemme, city engineer, the Greenhorn Dam is mainly on schedule. The only phase in the construction program which is lagging is the pouring of concrete for the spillway. Piemme expressed some concern regarding the completion of the spillway by the deadline date of November 15, 1959.

Girl Scouts Reach Goal

YREKA — Keith Vidler, campaign chairman for the Yreka area of Girl Scouts, announced last week that the goal set for the Yreka area has been reached. He stated that approximately \$1,800, the amount set, has been turned in by solicitors in the fund raising drive. This figure is double the amount collected last year.

The West Siskiyou District of the Rogue Valley Girl Scout Council, of which Yreka is a part, had set a goal of \$3,500 for the entire area. Campaign results from other communities embraced within the district have not as yet been reported. In addition to Yreka, the areas included in the district are Fort Jones, Happy Camp, Hill, Hornbrook and Klamath River.

Area Crews Battle Blaze

YREKA — Ralph James, fire control officer for the Klamath National Forest Service, announced today that 57 men from KNF have been sent to fight the Woodwardia fire in the Angeles National Forest.

The Klamath National Forest Service has also transported two 300-gallon heavy duty tankers with six-man crews, a camp boss, four cooks and one timekeeper to the scene. Twelve two-way radio sets have been sent. Besides a 10-man crew sent last Wednesday, a 10-man "hot shot" crew left Thursday night, with Glen Robinson as leader. Robinson is fire control officer on the Yreka district at the Oak Knoll Ranger Station.

Judge, Constable Attending Meet

MOUNT SHASTA — Perry Sheldon, constable of Mount Shasta, with judicial district judge, Kenneth Stone, Weed, and Mrs. Victoria Thaler, judge of Tulelake, are spending the week in Bakersfield at a judges' and constables' convention. The meet is being held in Bakersfield Inn.

Subjects pertaining to law enforcement at lower court levels are being studied with the aid of specialists in law enforcement. The trend toward juvenile crime is being studied with ideas on corrective steps being stressed. All the Siskiyou County representatives have outstanding records in their respective districts.

Psychologist Leads Forum

YREKA — Joseph Turbovsky, consulting psychologist of the Siskiyou County Superintendent of Schools office, led a discussion on the counseling and guidance plan of the schools at the recent meeting of the Yreka High School Parent Teachers Association.

Prior to the program, a business session was conducted by the unit's president, Lee Morford, Yreka. The group decided to hold a special meeting Tuesday, November 3, for the purpose of discussing the pros and cons of the proposed withdrawal of Yreka High School from the Siskiyou Union High School District.

The unit also made a decision to experiment with an occasional meeting in one of the other high school attendance areas, and tentative plans were made to have one in Hornbrook, definite date to be announced later.

Several phases of the wide program relative to counseling and guidance were covered. Turbovsky pointed out that parents are the primary counselors of a child from the time of his birth until he enters school, at which time the teachers and school counselor unite with the parents in counseling the child. Guiding and counseling children, he said, is neither a leading, nor a commanding, nor a wish-fulfillment situation, but is rather a cooperative and continuous process in which the child, himself, should have a voice.

To aid in this parent-teacher-child partnership, tests of a diversified nature are given at grade levels four, six, eight, nine, 10, 11 and 12, in order to measure and understand the aptitude and achievement maturity level of the child. Results of these tests generally disclose whether interest and ability together will permit the child to attain the goals he has set for himself.

Turbovsky concluded his discourse by stating that good school guidance can aid the youth whose abilities do not lie in the field of his interests to discover interests that lie within the reach of his abilities.

Chessman Scores Justice

SAN QUENTIN, Calif. (UPI) — Cary Chessman—who sidestepped the gas chamber for nearly 12 years after being condemned for robbery, kidnap and rape—lashed out today at California justice.

The 38-year-old convict-author also criticized Gov. Edmund G. Brown, who refused to grant clemency which would have saved Chessman from the gas chamber for the seventh time. He is scheduled to die at 10 a.m. p.m. Friday.

In denying clemency Monday, the governor said the evidence of guilt against Chessman was "overwhelming" and showed "a deliberate career of robberies and kidnappings, followed by sexual assaults and acts of perversion, accomplished at the point of a loaded gun."

Chessman—who still insists he is innocent—immediately charged that Brown's action was the "politically expedient thing for him to do."

"He has made his bid, made his verbal bow—and paid his homage to hysteria," said Chessman, with the same calm and cockiness he has shown during his long stay on death row.

"I am just as pleased that he took the action he did because it clearly defines the quality of justice—or lack of it—in the Chessman case," the convict said.

Meanwhile, his attorney, George Davis, scheduled a meeting with Justice William O. Douglas of the U. S. Supreme Court. Davis filed an application for a stay of execution last Friday.

Chessman, who claimed he did not want a clemency hearing before the governor because it amounted to an admission of guilt was confident that the Supreme Court would act favorably in his behalf.

Gov. Brown said one of the main reasons he denied clemency was because Chessman showed no signs of contrition. "It's a terrible commentary on California justice when the price an innocent man must pay to escape the gas chamber is to falsely admit his guilt," Chessman said. "I am certain this atmosphere of passion and prejudice will not penetrate the U. S. Supreme Court chambers."

Chessman was convicted in Los Angeles in 1948 of being the "Red Light Bandit," who terrorized couples in lovers lanes by using a car equipped with a red light similar to those on police cars. He wrote four books, including a best-seller, while on death row, and attracted world-wide attention with a legal battle during which he won six stays of execution, appealed 10 times to the U.S. Supreme Court and 16 times to lesser courts.

Chessman told reporters he was ready to die Friday morning—but he added that he would be working at his typewriter turning out more appeals almost right up to the hour of the execution.

Lost Woman Found Safe

JACKSON, N.H. (AP) — Lillian C. Barnes, 55, of Montreal, lost for 26 hours in the White Mountains wilderness, walked safely to a National Guard message center Monday.

"God bless you," were her first words when she reached searchers about a half-mile from where she had started her hike on Bald Land Trail.

Although about three inches of snow fell overnight and the temperature was below freezing, Miss Barnes, an experienced mountain hiker, suffered no ill effects. She was dressed warmly and had a couple of candy bars to munch. Miss Barnes said that she kept moving to keep warm and even when she sat down to rest kept swinging her arms.

Breaks Hacked In Brush Fire

LOS ANGELES (AP) — Firemen Monday night hacked fire breaks completely around a brushfire which has charred 14,000 acres of watershed in the hills north of Los Angeles.

Two firefighters died fighting the blaze, which menaced two luxurious suburbs and a tiny mountain community. Two thousand firemen and a fleet of water-bombing planes saved all the threatened homes.

Appeal Filed For Tregoff

LOS ANGELES (UPI) — A petition has been filed with the California Supreme Court to "absolutely and forever" prevent a trial against Carole Tregoff, accused with Dr. R. Bernard Finch of murdering the surgeon's wife.

The former model's attorneys filed the document Monday as an appeal of the District Court of Appeal's recent refusal to block trial proceedings against her.

The petition asked that all attempts to try Miss Tregoff be halted and the district attorney's office be required to explain why "it should not be absolutely and forever restrained and prohibited from taking any further proceedings."

The 22-year-old divorcee and her 41-year-old lover are in county jail awaiting trial Nov. 24 on charges they murdered Mrs. Barbara Jean Finch, 33, at her West Covina home last July 18.

Bids Requested On Area Road

SACRAMENTO (UPI) — The Division of Highways today called for bids on a \$1,620,000 freeway project on U. S. 99 northwest of Weed.

The project involves construction of about 2½ miles of four-lane freeway and about 7 mile of two and four lane highway generally parallel to and south of the present route.

The project will eliminate the precept steep and winding section northwest of Weed. Included is a new four-lane bridge over the Shasta River.

Bids will be opened here Nov. 18.

College Council Outlaws Hazing

STANFORD, Calif. (AP) — Stanford University's interfraternity council has outlawed hazing. A student died at the University of Southern California this month during a fraternity initiation. Another is hospitalized at the University of California in Berkeley with a kidney ailment which developed after he was struck at a hazing.

Veep Bid Offer Would Be Nixed

CHICAGO (AP) — Gov. Edmund G. Brown of California says he'd accept the Democratic presidential nomination if he were offered it, but he adds he has no interest in the vice presidential nomination.

The 54-year-old Brown, twice attorney general of California, told newsmen Monday that he still does not consider himself an active candidate for the presidency.

Extra Facts About "UFie" & Mama, "Jenny D". UFie is a little girl burro, just a little over two months old. She has a fuzzy brown coat with black trimming, that is soft as a kitten. Her ears are like velvet. She likes grass, sugar lumps, apples, paper and boys and girls. Jenny D., UFie's mama, is about two and a half years old. UFie has her first baby, She has a black coat with light gray underlines. She has helped hunters pack into the mountains in and around Yosemite Park. She also likes boys and girls and lets them ride her. UFie, who has been around people so much the sometimes thinks she is a person, loves to ride in a station wagon like a dog. She has ridden a lot, for she visited all the boys and girls in their class rooms at school in and around Klamath Falls. UFie will be in the Merrill Spud Festival Parade, Saturday, and will pick a new master for herself and Mama at the noon barbecue that same day. If you would like to own UFie and Jenny D., you can have a chance by contributing to UFie's Round-up which will help United Fund make it's Goal. UFie asks you to help anyway because if you win them, and can't keep them, UFie knows a man who will buy them from you. Send your contribution (dollar or more) to United Fund, P.O. Box 839, Klamath Falls, Oregon. Include your name and address. Or put it in one of the stores identified with a UFie Sign.
