

NURSING TRAINEES, Rita Gae Hazen, left, and Mrs. Mary Ann Robnett, center, get tips on the use of a Snellen eye test chart from Mrs. Helen Murray, public health nurse at the county Public Health Department headquarters as one phase of instruction during their two-month field training period here.

Pupil Nurses End Course

Two student nurses who have been putting the finishing touches on their training with the Klamath County Health Department planned to return to Eugene Friday after two months here.

There they will resume studies at the University of Oregon Medical School of Nursing until December, then, when graduated, they plan to part company.

One, petite blonde Rita Gae Hazen, 22, will marry a dentist practicing in Alaska. She will assist him. She is the daughter of Mr. and Mrs. G. L. Hazen of Clatskanie, Oregon.

The other, pretty Mrs. Mary Ann Robnett, 21, Eugene, wants to specialize in work with children in Doernbecher Hospital, Portland. Her parents are Mr. and Mrs. Lee V. Smith.

During their stay in Klamath Falls, their work was supervised by public health nurses Mrs. Helen Murray and Mrs. Mildred Philippe, student advisers.

The two-month tour of duty is an essential part of the nursing training program at University of Oregon.

EXPRESSES CONDOLENCES
WASHINGTON (UPI) — Soviet Ambassador Mikhail Menshikov has expressed his condolences on the death of Gen. George C. Marshall. Menshikov spent 10 minutes Wednesday with Undersecretary of State Robert Murphy.

LAW'S STRONG ARM
KYOTO, Japan (UPI) — Japanese policemen are noted for their rigid interpretation of the law. Five vegetable peddlers flipping coins to see who paid an 83-cent restaurant check were arrested on gambling charges and kept overnight in jail.

Young Pianist To Give Solo

WASHINGTON (AP) — A 14-year-old American pianist will be soloist Saturday night when visiting Soviet composer Dmitri Kabalevsky conducts his third concerto in Constitution Hall here.

The National Symphony Orchestra Wednesday night announced the selection of Abbott Le Ruskin of New York as soloist. The boy is one of the few pianists who has the Russian Concerto in his repertoire.

Kabalevsky, Dmitri Shostakovich and four other Soviet composers are touring the United States. The concert was scheduled in their honor.

Reds Offer New Proposal

CHICAGO (AP) — The Chicago Sun-Times, in a dispatch from Washington, said today that a letter from Soviet Premier Nikita Khrushchev to President Eisenhower "is said to contain a new offer from Red China to the United States."

"The charge d'affaires of the Soviet Embassy in Washington, Mikhail Smirnovsky, delivered the Soviet Prime Minister's message to Undersecretary Robert Murphy at the State Department last week," the Sun-Times said.

"It is a report on certain aspects of Khrushchev's conversations with Chinese Communist leaders in Peiping. Khrushchev is reported to have written Mr. Eisenhower that Communist China is ready to accept the principle that international problems should be settled by peaceful negotiation and not by force. This is the formula Mr. Eisenhower and Khrushchev adopted in their Sept. 27 Camp David communique."

KF Recruiter Wins Award

Sgt. I.C. M. W. Buess, commander of the Klamath Falls Army recruiting station, brought home the bacon on his return from the main recruiting station for the western two thirds of Oregon and Southern Washington at Portland recently.

He was presented a fancy, engraved electric wall clock for topping 24 other recruiters in the region. He reached 161 per cent of his regular Army enlistment quota during the fiscal year ending June 30.

He also received permanently the monthly trophy award for winning possession of the plaque for the most number of months during the fiscal year.

Awards were presented by Lt. Col. Arthur G. May, commanding officer of the Portland station.

Sergeant Buess says his success is due to complete frankness in counseling regular Army applicants regarding Army schooling and vocational training opportunities.

Placing a young adult in a field agreeing with his education, past experience, aptitude and interest are important factors to work out, the sergeant says.

DAZZLING AWARDS are shown here proudly by S.I.C. M. W. Buess, right, of the Klamath Falls Army recruiting station, as they were presented in Portland recently by Lt. Col. Arthur G. May for recruiting successes above and beyond call of duty.

TEST NEW SHIP
MOSCOW (UPI) — A new Soviet hydro-foil ship designed to carry 150 passengers at speeds up to 42 miles per hour is being tested at Gorky, the official Soviet news agency Tass reported today.

CHURCHILL GETS HAND

LONDON (UPI) — Sir Winston Churchill received a standing ovation from both ruling Conservative and opposition Socialist members when he made his first appearance in the House of Commons Wednesday since the general elections.

Donati's Comet was the finest of the 19th century and is known as the typical comet. Its period is 2,000 years.

Road Group Begins Work

The County Road Department began work today on improvement of the West Side Highway along Upper Klamath Lake.

The work is the first step toward what county officials expect will become an all-weather highway up the west side to Fort Klamath.

County Engineer Warren "Pat" Rodgers said bridge crews have started replacement and reconstruction of two small bridges at the foot of the road near the Lake of the Woods Junction.

These bridges will accommodate a wider roadbed. The department plans to regrade the lower portion of the road, do some realignment, and prepare a gravel surface.

Next spring the department plans to pave the section.

The work now planned would extend probably three miles from the junction to a point above Hariman Lodge. Rodgers said that was all the weather would allow this fall.

The work will be expanded next year, but the complete route of the West Side Highway has not yet been decided upon, Rodgers said.

ANZUS TO MEET
WASHINGTON (UPI) — The 10th council meeting of the Southwest Pacific Anzus defense alliance will be held next Monday in Washington. The alliance consists of Australia, New Zealand and the United States.
