

Fluhrer's 25th Anniversary

**It's our Silver Anniversary! 25 Years
of service to the Great Klamath Basin!**

...and we're celebrating!

Our plant at 419 Broad Street, occupied by Fluhrer's since 1951, and constantly improved to meet the high requirements of sanitation that we maintain. (We've been awarded a certificate of Excellent or Superior every year from the American Institute of Baking). This modern, fireproof plant houses our production and garage facilities.
