Air Drill

(Continued from Page 1)

of the 25th NORAD Division will be the Nike, Ajax and Hercules units in the Pacific Northwest located around Seattle, Spokane and Hanford. These and United States Navy radar picket ships on duty off the Pacific Coast will be engaged in the exercise.

THE 25TH NORAD Division, covering the states of Washington, Oregon, and Idaho, plus parts of Montana, Nevada, and California, is a component of the North American Air Defense Command (NORAD).

The North American Air Defense Command with headquarters at Colorado Springs, is the first two-country all-service type military command ever to operate within the boundaries of the North American Continent. It is the first peacetime organization with cooperative operational defense planning involving a situation wherein the governments of Canada and the United States place military forces at the disposal of a single joint command.

Additionally, within the United States it is the first time elements of the three services have operated under one unified command.

NORAD's creation was in recognition of the fact that Air Defense of the continent in the era of supersonic bombers and missiles is a single, common problem; and that there must be in peacetime an organization that could operate immediately at the beginning of an attack in accordance with plans and procedures already jointly approved.

NORAD's peacetime job, therefore, is to prepare these plans and procedures for immediate joint action and to weld together an effective, combined force capable of instant reaction to attack.

The 322nd Fighter Interceptor Squadron, a unit of the 408th Fighter Group at Kingsley Field is scheduled to participate in this exercise, Colonel Williams stated.

Talented Thief Robs Radio Star

PALM DESERT, Calif. (AP)—Detectives say a jewel thief—one with talent—took \$9,600 in gems from the hotel room of Jane Gosden, wife of Freeman Gosden, one of the Amos 'n' Andy originators. Mrs. Gosden called sheriff's deputies Sunday when she found a jewel case missing. Investigators found a rear window jimmied and re-closed so skillfully the marks were barely perceptible.

REPORT ALL WET
CARSON CITY, Nev. (UPI)—Carson City authorities rushed into action when they received a report that two carloads of teenagers were involved in a running "gun battle" on city streets. The guns were water pistols.
