FASHION AID

Best fashion aid to any woman is the full-length mirror. Shows you how you look to others, front and back and reveals crooked seams, slips that slip and wispy hair straying from under the back of the hat.

TIMELY TIP

If you use candles on your table, wrap the end of each candle in a square of aluminum foil before placing it in the holder. Shave the candle to fit if necessary. This will prevent the wax dropping on the tablecloth.
