

Panamanian Rioters Jailed

PANAMA (AP)—Thirty to forty Panamanian nationalist agitators were jailed here after a round-up of elements blamed for fomenting an anti-U.S. riot Saturday.

The demonstrators were led by 150 members of a "motorcade of sovereignty" from Chiriqui province in western Panama.

A mob of 300 split away from an orderly independence day rally, burned effigies of Uncle Sam, shouted "Gringo go home" and threw rocks at U.S. soldiers guarding the border of the Panama Canal Zone.

Twelve U.S. soldiers and 19 Panamanians were injured in the fight.

The riot was another manifestation of recent nationalist agitation to establish Panamanian sovereignty over the Canal Zone, taken over by the United States under permanent lease in 1903.

Some observers believed leftists took advantage of the big rally in celebration of the 130th anniversary of Panama's independence from Spain to inspire the riots. The "march of sovereignty" demonstrators started early in the day scattering leaflets denouncing the treaty of 1902.

U.S. authorities praised the Panamanian National Guard for its help in quelling the riot. The United States had complained the guard was slow to act when a mob tried to invade the Canal Zone on Nov. 3 and subsequently attacked the U.S. Embassy.
