Wanted Man Found Dead

TULSA, Okla. (UPI) — A fugitive murderer and bandit who was to have been placed on the FBI's list of 10 most wanted criminals Tuesday was identified today as one of two men who were killed in an auto wreck at Tulsa Saturday night.

The FBI released the identity of Thomas Oliver Moore, 35, a full, unbalanced criminal. The FBI had planned to publicly list Moore as one of its most wanted.

Moore was found dead in the wreckage of an auto about 10 a.m. Sunday. A companion was identified as E. B. Miller, 30, Latayette, La.

Moore and Miller were killed when their late model car ran through an intersection on a country road 3 1/2 miles north of Tulsa, crashed through a fence into a pasture and overturned in a creek bed.

Authorities said a number of weapons and some ammunition were in the car.

Moore, tall, tattooed and trigger-happy, had been on the loose since Oct. 6 when he escaped from the maximum security ward of Alabama's Atmore Prison.

ICE SKATING facilities near Moore Park were opened to the public Saturday night and the rink was mobbed by more than 400 skaters of all ages. They and City Park and Recreation Department personnel waited patiently through spurts of thawing weather until the ice pack built finally to a six-inch depth. The rink features a big, wood-heated warming hut and a concession stand. Skating on the 400 foot by 65 foot rink is free from 7 p.m. until 10 p.m. nightly. The rink will close Christmas night.

Police Seek Sly Promoter

HANFORD (UPI) — Police have issued an all-points bulletin for the arrest of Samuel Rayburn Zehr, the promoter of a nonexistent cotton-picking machine accused of leaving town with \$44,446 in cash and a truckload of unpaid for home furnishings.

Officers said Zehr left a trail of debts totaling \$63,000. His principal cash victim was identified as Dr. Arthur Ziesmer, a Hanford physician who invested \$39,350 in the cotton gleemer Zehr said he planned to produce.

Zehr, 36, and his wife, Josephine, 33, were named in a felony complaint listing 13 counts of grand theft and two counts of embezzlement. Bail was set at \$100,000 on each count, a total of \$1,500,000 in all.

Police said the Zehrs and their five children departed Thanksgiving night in a big truck loaded

with everything movable, including an expensive stereophonic record player and an electric organ.

"Just about every merchant in Hanford got hurt," Kings County Deputy Sheriff Harold McConnell said. "This guy was an extremely good talker. I have a report he also took a Pasadena doctor for \$70,000 to develop a cancer machine."

Among Zehr's victims was the Elco Manufacturing Company of Bakersfield, producer of house trailers. District Attorney Charles F. Leach said Elco was on the verge of bankruptcy because it never collected on a consignment

of trailers sent to Zehr. He said Zehr had sold the trailers on the installment plan and pocketed \$3,000 of the initial payments.

Leach said the other victims included several clothing stores, auto finance companies, shoe stores, jewelers, and suppliers of materials for spindle nuts Zehr manufactured for cotton-picking machines.

"He made money simply by not paying for his materials or labor," Leach said of the spindle nut enterprise.

Mrs. Zehr was also active. She bought more than \$500 worth of clothing just before the couple departed, according to McConnell. No one saw the Zehrs, who came here two years ago, leave town.

Castro Warns Of Crackdown

HAVANA (AP)—Setting Cuban against Cuban in an island-wide spy system, Fidel Castro has promised an even tougher crackdown against his enemies.

The Prime Minister's promise came as antigovernment violence flared in the capital.

In a television speech of almost three hours — his fifth public speech in seven days—Castro Sunday night told the Cuban people the next session of his cabinet will pass laws stripping all property from persons convicted of counter-revolutionary activities.

"They will lose their money, their houses and their lands," he thundered. Castro spoke at a packed meeting of the commercial workers and barbers unions.

He accused the rich of fomenting a counterrevolution and an invasion from abroad to regain their privileged status.

Castro said a system of informers is operating throughout Cuba to point out the enemies of his revolution.

Castro also moved Cuba closer

to full nationalization of agriculture by signing checks to buy all the sisal plantations owned by Cubans. The government took them over and announced the

nation's sugar fields will be seized next.
