

**IF YOUR HAIR** is touched with silver, this is your year to enjoy it. You're not only fashion's darling, you're the woman for whom Silver Curl, the special Toni home permanent wave for gray or partly-gray hair, was created.

**SILVER CURL**

Gray hair is a sterling asset and dignity. Like anything of value, these attributes demand effort from you. Whether your hair is salt-and-pepper gray, or all-over gray, it is like sterling silver that needs attention and the proper surroundings to look its best. Given these, your hair can be as memorable as fine sterling.

Although frequent brushing and shampooing will help make gray hair attractive, it still needs a good home permanent to keep it that way. Silver Curl by Toni, the only home wave kit made exclusively for gray, partly-gray and white hair, gives a lovely, long-lasting wave—and more. Actually, it's a hair beauty treatment as well because it removes every trace of dryness and drabness, leaving the hair silky soft to the touch and bright with that special gleam of precious sterling.

**Beauty Tip**

Probably the most difficult time for a girl to make-up properly is during her teen years. She wants to look just as well groomed as the older girls, but doesn't want to look too made up for her age. Here are a few tips from Max Factor, Hollywood's master of make-up artistry, to help the girl in her teen look as lovely as possible without being overly made up. Use lipstick in pastel shades and learn to use a lipstick brush so you can apply the lipstick perfectly. For a pale face, add a touch of rouge to give a healthier look. Apply only a little foundation make-up and a light dusting of powder in a shade that matches your own coloring, but at all times guard against using too much make-up. Youngest members of this age group should use just a light application of lipstick and face powder.

**DAIRY FOODS**

Cheese may replace part of your daily milk requirement. An ounce and a quarter slice of American cheese supplies the same amount of protein and calcium and four times as much vitamin A as ¼ cup of whole milk.

**POTATOES**

Have you served au gratin potatoes recently? Heat the milk before pouring over the casserole of slices raw potatoes, cheese and seasoning. It will cook more quickly and the sauce will stay creamier. Wonderful with ham.

**WHO SAYS** that ice cream isn't a wintertime dessert? Here, America's favorite dessert goes dramatic as Cherry-Almond Jubilee. It's a gourmet dessert which can be prepared in a jiffy.

**Ice Cream**

Ice cream dressed up with a fancy topping or just served plain, still rates as one of America's favorite foods. The variety of flavors and endless ways to serve makes ice cream one of the quickest and easiest as well as versatile desserts or snack foods. Nutrition-wise too, ice cream is an excellent source of milk nutrients, containing the same high quality proteins, minerals and vitamins in slightly different proportions.

Cherry-Almond Jubilee is one of the more dramatic ways of serving vanilla ice cream and will bring guests and family. Prepare the sauce ahead and then serve in a warmer or chafing dish with butter toasted almonds sprinkled on top—truly a gourmet dessert. To precede Cherry-Almond Jubilee, serve grilled French lamb chops, whipped buttered potatoes, minted glazed carrots, cottage cheese and fruit salad, rolls and butter, and milk.

**CHERRY ALMOND JUBILEE**

- ½ cup silvered almonds
  - 2 tablespoons butter
  - 1 1-pound can (2 cups) Bing or red pitted dessert cherries
  - 1½ teaspoons cornstarch
  - ¼ teaspoon almond extract
- Saute almonds in butter until light golden brown. Drain cherry juice into chafing dish or saucepan; blend in cornstarch; cook until thickened and clear, stirring constantly. Add cherries and almonds. Heat and stir in almond extract. Serve warm over vanilla ice cream. Makes 2 cups sauce enough for 6 servings.

**COTTAGE CHEESE**

There is little difference in the calorie content of creamed and uncreamed cottage cheese — just 12 calories for a half cup serving. Just enough cream is added to dry cottage cheese to add flavor and attractiveness.

**T.O.D.**

Does your spouse snore? "Turn-Over-Darling" restores the pleasures of a good night's sleep. Entirely safe, the little gadget has push-button control and is battery operated. The two tiny flashlight batteries will last for months and the sound is adjustable for light or heavy sleepers.

The "stop snoring" device is a little heart-shaped molded plastic gadget which is placed under the pillow of the offending sleep partner. When snoring starts, the awakened sleeper pushes the little finger-tip control which produces a vibratory hum signaling the snorer to turn over. The snorer will subconsciously turn over, away from the hum, and rarely will be awakened or disturbed after a night or two of use.

Turn-Over Darling is compact and can be carried on trips. It is for use for double or twin beds and is made by De-Sta-Co Products, 250 Midland Avenue, Detroit 3, Michigan.

**SAVING ALL ROUND**

Try fringed terry-cloth guest towels in pastel shades as napkins for the children. They are extra large, require no ironing and not only can you select colors that harmonize with your china but they wear indefinitely.

THE CORNING GLASS building on Fifth Avenue was the background for this model shown wearing a new short jacketed suit with its own self-belt. From the Monte Sano and Pruzan collection for fall, it is interpreted in a bold tweed mixture in fabric by Lesur. Made of "Orlon" acrylic fiber, wool, reindeer hair and nylon, this fabric molds the fitted, slim lines of the skirt, yet drapes softly for the fuller lines of the waist-length fitted jacket with three-quarter sleeves. A wide lapel collar falls away from the open neckline.
