Police advised their father he will receive a bill for cost of repair. The boys were told they will have to appear in the juvenile office later.

Science Program Features Snakes

McCLOUD — Carl and Carolyn Scobie will present a demonstration featuring live snakes, poisonous and non-poisonous, at a National Assemblies science program on reptiles of North America. The presentation will be held in the McCLOUD High School auditorium January 11 at 2 p.m.

Purpose of the demonstration is to dispel from the minds of people misunderstanding regarding snakes. The economic worth of snakes to man will be explained as will the difference between poisonous and non-poisonous species and how the snake helps complete the cycle of life in the great outdoors.

A slight admission charge will be made. The public is invited to attend.

A "legitimate theater" is one where "live" shows are given, with the actors appearing in person.

Registration Slated

McCLOUD—Registration for the Mt. Shasta Ski School starting February 6 at the Ski Bowl is being held for McCLOUD students January 4-16. Laurence Lung will sign up those desiring to take the course. All interested students 10-18 years of age are eligible to register. Transportation to the bowl is being arranged.
