Stocks WALL STREET NEW YORK (AP) — The stock market closed sharply lower today in active trading. Volume for the day was estimated at 3,700,000 shares compared with 3,290,000 Friday. Key stocks declined from fractions to 2 points or more. Some of the "glamour" stocks were down more sharply. Down about 2 points were U.S. Steel, Ford, Radio Corp., Texaco, General Electric, Allied Chemical. A broad spectrum of high quality issues were victims of the renewed retreat after three straight sessions of decline. Among the "science" stocks on the downside were Motorola, down more than 5, Polaroid, more than 3 and Thiokol, about 2. The market was mixed at the start, settled lower and declined more sharply as trading picked up in early afternoon.

Dismissal Motion Denied In Murder Trial Action

Patly Gibbons Martinez, 26-year-old widow of the man Leonard Marvin Lugo is charged with killing, said her friendship with Lugo was casual and did not involve lovemaking. Mrs. Martinez testified from the circuit court witness stand that she and Martinez had been separated — for the fourth time — since December 1959. She said she met Lugo last April. Over objections fired back and forth by both chief defense counsel Joseph O. Stearns and District Attorney Arthur Beddoe, Mrs. Martinez said her late husband's reputation as a violent person was bad and that she had heard of threats he had made against Lugo. She said he had made no such threats in her presence. Beyond presence of the jury, defense Attorney Glenn D. Ramirez entered into evidence a beer can opener which Mrs. Martinez classified as a dangerous weapon her late husband had carried. She previously had said he carried a pocket knife. Mrs. Martinez, however, was not permitted to answer a question put by the defense: "Were there any improprieties between yourself and the defendant?" The trial of Lugo, a 21-year-old ex-convict accused of killing Joseph Owen Martinez II, 26, by firing six shots into his body August 31, today entered its second week before Circuit Judge David R. Vandenberg and a well-filled courtroom. Mrs. Martinez was the second witness to appear today, and the fourth called by the defense. Today's session opened with continuing cross-examination of Lugo by Beddoe. It held more moments of tension between the district attorney and Stearns, a Portland attorney. Stearns moved for a mistrial after Beddoe asked Lugo, "When you shot him (Martinez) in the back four times, he was trying to run away from you, wasn't he?" Stearns jumped from his chair to make his motion. He said his motion for mistrial "was predicated upon conduct of the district attorney throughout the cross-examination, and particularly now. The district attorney has assumed toward the defendant an attitude calculated upon open hostility. The attitude is overbearing, loud, sarcastic . . . all to such a degree to tend to make the defendant odious in the eyes of the jury and deprive the defendant of a fair and impartial trial under law which our constitution guarantees." At the conclusion of Stearns' speech, the judge answered immediately, "The motion is denied." Stearns repeated the motion a few minutes later, and the judge denied it again. Lugo's testimony under cross-examination developed that he had served a term in the state penitentiary for assault with a dangerous weapon. He was sentenced to five years on January 10, 1956, and was paroled last April 9. He now faces a first degree murder charge. The trial possibly could reach the stage of final arguments late today.

Fire Damages Living Room

Fire damaged the living room of a home occupied by Miles Cain at 4517 Bisbee Street Sunday afternoon, suburban firemen said. They said the Cain fireplace was choked with wood. Fire seared a wall and damaged the remainder of the room with smoke. Suburban firemen also were called to the residences of Charles Kenyon, 4419 Bristol Avenue, at 10:26 a.m. and the home of Esther Newell, 2602 Kane Street, at 9:44 a.m. Saturday. Both were chimney fires and neither caused damage. City firemen made a run to 806 South Sixth Street Sunday where a car was reported afire. They said the car apparently had overheated and appeared to be burning.

Authorities Cite Young Violators

City police had to use force to subdue a youth they said was intoxicated at a local drive-in restaurant early Sunday morning. The 16-year-old was lodged overnight in the city jail on orders of county juvenile officers. Officers said the youth would be ordered to appear for consultation in the juvenile office soon. They said he was drunk and belligerent when they attempted the arrest. Another youth, 17, was cited for failure to yield right of way to a vehicle when his car collided with one driven by Donald R. Crawford of Merrill at the corner of North Third and Main streets Saturday morning. Damage was considered slight. The youth was cited to appear in juvenile court. No date was set immediately. Another accident at 1755 Crescent Avenue yielded a charge of failure to leave name and address at the scene of an accident. Sunday morning, for Delma Marion Howard of 1822 Lexington Avenue. Officers said he admitted having hit a car owned by Leon Woolley of the Crescent Avenue address. Howard said his car slipped on icy pavement and skidded into the rear fender of Woolley's car. Damage was slight. Howard said he stopped, inspected the damage and left. He was found and cited an hour and a half after the accident was reported at 1:27 a.m. Howard told officers he didn't want to arouse anyone at that time of morning, and decided to come back and settle the matter later. He was ordered to appear in municipal court Thursday at 9 a.m.

Minor Accident

State police reported today only one minor injury accident over the weekend. Officers said cars driven by Douglas Leonard Hannum, 22, 1110 Martin Street, and James Joseph Walters, Kingsley Field, collided at the intersection of South Sixth and Ward streets. Hannum was taken to Klamath Valley Hospital by Peace Ambulance, but treated and released at the hospital. Walters suffered minor cuts and bruises. Officers said Walters was attempting to make a left turn to Ward when Hannum hit his brakes, slid 150 feet, and struck Walters in the front end. Both cars were towed away.

Crash Kills 4 On Willamette

EUGENE — At least four persons were killed instantly Monday morning in a grinding head-on collision between a car and a semi-truck on slippery, snow-covered Highway 58 about two miles above McCredie Springs, some 49 miles southeast of here. State police in Eugene said officers radioed from the scene that the dead included two men and two women, whose bodies were still wedged in the mangled wreckage of the car. A possibility existed, state police added, that there was another body in the auto. There was no immediate identification of the victims. The semi-truck was owned by a Fresno, California, firm. State police said the collision occurred about 10:15 a.m. in the midst of a hard snow storm. The highway already was slick from a 10-inch overnight snowfall. Officers at the scene radioed that they were able to see three bodies in the back seat and one in the front seat. There was a possibility that the wreckage contained yet another body which rescuers could not see, police said. The large truck smashed over the auto and the wreckage was wedged underneath. A heavy duty wrecker was dispatched from Eugene to move the truck from atop the crumpled auto. The truck, which came to rest sideways in the road, blocked traffic on the mountain highway. State police reported about an hour after the collision that autos and other vehicles were stacked up for more than a mile.

Powers Jailed For Assault

Leonard Thomas Powers was bound to the grand jury on a charge of assault with a dangerous weapon after a preliminary hearing in district court Monday. William H. Jones of Medford testified at the hearing before District Judge D. E. Van Vactor that Powers had forced him from a car near the Merrill gravel pit December 28 after holding a knife at his throat and robbing him of the remains of \$100. Jones said he and Powers, about 25, had left Medford that day to look for work near Tulelake. Before leaving, Jones said he withdrew \$100 from a savings account in a Medford bank. He said Powers made out his withdrawal slip because Jones had on the wrong pair of glasses. The men stopped for a meal at Tulelake, after which Jones said he went to sleep. He was awakened when he was robbed, he said. Powers was returned to jail in lieu of \$5,000 bond.

Board Clarifies Survey Contract

The Hospital Survey Board of Governors received confirmation today that a clause in Stanford Research Institute's proposal for a hospital survey was merely a technicality. The clause, said SRI's assistant director of economic research, Charles L. Hamman, was "merely to prevent misuse of Stanford Research Institute's name." This the board of governors had assumed, but it wished to make its agreement for a four-month survey, to cost \$8,750, entirely clear. A condition includes release of the full report to the public, with which Hamman said "we are fully in accord."

Mrs. Earl Kent Death Reported

Relatives here of Mrs. Earl Kent, Olympia, Washington, were notified last night of her death Sunday in that city after an illness of about six months. Earl Kent was one of the founders of the Klamath Falls Creamery. He was the object of a widespread search here in 1948 when he failed to return from a hunting trip. Searchers found him dead from a heart attack. Mrs. Kent was well known in the Langell Valley area where she visited many times. The American expression "That's tough!" is roughly the equivalent of the English expression "Oh crumbs!"

Thrift Reports Busy Police

Reports of thefts continued to keep city police active over the weekend. They are investigating a report by Fred Gardner of Chemult that from \$200 to \$600 was stolen from his billfold while he slept at the home of a friend, Eddie Danley, at 616 Commercial Street Sunday night or Monday morning. Gardner told officers he recently received the money from an insurance company, covering an accident incurred while he worked as a railroad hand. Officers questioned Danley. He told them Gardner owes him some money, but said he had nothing to do with the theft. Officers also learned that a television set reported stolen last week from the apartment of Roy Jackson, 2514 South Sixth Street, was found outside the building. Jackson said he did not recover other articles reported stolen during the same burglary. The following reports also were received by officers: 1. Lawrence Peterson of 754 North Tenth Street said someone stole a red toolbox full of tools and an expensive carburetor from beneath the seat of his car sometime between December 18 and January 4 while the car was parked in the city. 2. Stanley Allen Coon of 1607 Hope Street reported a blue five-gallon "jerry" can stolen from his car while it was parked at the Tower Theater parking lot on South Sixth Street Saturday evening.
