MIKE BALSIGER RONALD PHAIR VERN OWENS

**Jaycees Ready Award Presentations**

Each year about this time the Klamath Falls Junior Chamber of Commerce makes awards to men judged most creditable to themselves and the community. Three such awards will be presented Friday beginning at 6:45 p.m. during the annual Jaycees banquet in the Willard Hotel.

Candidates for the traditional Distinguished Service award are Wayne Plaisted, Paul Cruikshank and the Rev. Robert Groves. All as they must be, are 35 years of age or less.

Norman Jacob of Merrill, Duane Blackman of Henley, and Howard Holliday, who farms near the Weyerhaeuser Company mill, are candidates for the Outstanding Young Farmer of Klamath County award.

Nominees for the Senior Citizen award, instituted here this year, are Mike Balsiger, Ron Phair and Vern Owens. Men 35 or over are considered senior citizens by Jaycees.

All have done outstanding work, say club members. The Young Farmer award candidates all have boosted crop or livestock yields and have practiced progressive farming techniques.

Distinguished Service award candidates all are very active in community affairs, church work and organizations. So are candidates for the Senior Citizen award.

Keynote speaker for the banquet is Harlan Bosworth, winner of the

Distinguished Service award in 1938, when he was here with the California Oregon Power Company. He is considered an authority on power production from atomic energy.

**City Airport Vote Slated**

LAKEVIEW—Lake County voters will again have an opportunity to decide whether funds should be raised for improvement of the city airport. The decision was made at a special meeting of the town council here Tuesday night.

Representatives from the county court, chamber of commerce, Fremont Forest Service, West Coast Airlines, and other interested citizens met for discussion on the matter, once turned down by county voters.

The chamber of commerce will have charge of a drive to contact signers in order to put the measure on the ballot by petition in May. The need is for \$24,000 to be raised to match the \$22,000 in federal funds that have been practically assured in telephone discussions with the district airport engineer of the Federal Aviation Agency in Seattle.

DAVE JENISON, former resident of Klamath Falls, has returned here from Coquille to be associated with O'Hair's Memorial Chapel as an apprentice mortician. Jenison, his wife, Bunny, and 4-year-old daughter live at 4416 Bristol.

**Sheriff Ousted From VFW Post**

HILLSBORO, Ill. (AP)—Sheriff Harold Whitten has been ousted as a member of Post No. 1036 of the Veterans of Foreign Wars.

Whitten said he received a letter from the post which said he was "an undesirable member" and that his membership had been revoked.

The ouster came after the sheriff led a raid on the post's clubrooms and seized two slot machines. The post paid a \$100 fine.

PIGEONS TOOTSIE TICKLER PARIS (UPI)—The city council today weighed the ethics and feasibility of a plan to get rid of pigeons by spraying public monuments and buildings with a chemical which tickles pigeons' feet.

**Road Studied By Group**

SALEM (AP)—The Oregon Highway Commission probably will tell at its Jan. 28-29 meeting what it plans to do about rebuilding Highway 42, between Roseburg and Coquille.

But chances are that whatever it does, it will not satisfy the Douglas and Coos County interests which want the narrow, curvy road rebuilt quickly.

These interests feel that the Legislature, which authorized a four-million-dollar bond issue for Highway 42, gave the commission a mandate to get the job done soon.

The Highway Commission says the job would cost at least 10 million dollars. It says it is impossible to get the other six millions quickly.

At its Jan. 28-29 meeting, the commission plans to announce what projects it will build in the next year. It looks as though it will provide about one million dollars for Highway 42 this year.
