Morse May Deny Backing Nominee For Cabinet Post

WASHINGTON (AP)—Sen. Wayne Morse (D-Ore) said Friday if he finds Livingston T. Merchant advocated armed U. S. intervention in Indochina in 1954 he will oppose Merchant's nomination as undersecretary of state.

Morse is a member of the Senate Foreign Relations Committee which has Merchant's nomination pending before it. Morse disclosed his position in a letter to Merchant made public by the Senator.

"I find it difficult," Morse said, "to believe that you ever held or now hold preventive war views. Of course, if you do, then irrespective of my otherwise high regard for you I could not vote for your confirmation."

Morse told Merchant it was represented to him that "you favored American armed intervention in Indochina and that you were one of the architects of the proposed program of military intervention in Indochina" proposed by the late Secretary of State John Foster Dulles to Sir Anthony Eden "as referred to in the Eden memoirs."

Morse asked Merchant these questions about Merchant's role in negotiations between Dulles and Eden, then British foreign secretary:

"Did Secretary Dulles propose to the British and French in the spring of 1954 that they approve a proposal that the United States attack communist centers in Indochina and the mainland of China?"

"To your knowledge, were United States aircraft carriers sent from their stations at Manila to the Gulf of Tonkin?"

"Was it proposed by Admiral Radford, chairman of the joint chiefs of staff, and approved by the secretary of state that the aircraft carriers drop tactical atomic bombs on the chief communist

supply and staging centers of North Viet Nam? "Within your knowledge, would you say that Sir Anthony Eden is correct in his memoirs when he writes, 'Dulles repeated his thesis about the vacuum created by the collapse of France as a world power. He appeared to share my doubts as to whether intervention by air would be decisive, but said that if I felt able to stand with him he was prepared to recommend the President to ask Congress for war powers.'"

A State Department spokesman said Merchant, out of town for the weekend, would reply promptly, presumably by letter.

Education Of Women Faces Revise

BOSTON (AP)—The education of American women must be radically revised to meet the changing patterns of life in this country.

That's the unanimous opinion of a panel of experts attending the annual convention of the American Assn. of Colleges.

Women's place is no longer strictly in the home, they said, but in outside jobs as well.

Opal D. David of the American Council on Education, told the convention Tuesday that women have a longer life span, are getting married earlier, having their babies earlier, and many of them will spend 25 years in gainful employment.

Changes in their education, Mrs. David said, haven't kept pace with the changing times.

Part of the reason she said is that women's colleges are not getting the support they need from foundations and philanthropic organizations.

"It's a paradox," she declared, "that a country where women control more and more of the nation's wealth is giving less and less of it to educate those women."

President Franc L. McCluer of Lindenwood College said there is an increasing demand for vocational training in women's education.

"Women are seeking employment outside the home as never before," he said. "In 25 years, I venture to guess that more than half of all American women at the age of 35 will be gainfully employed."

President J. Ralph Murray of Elmira College said entirely new study programs should be drawn for women students. They should include more independent study and less learning by rote, he said, and they should stress cultural and intellectual literacy.

"Every course in the curriculum," Murray said, "should emphasize reading, writing and speaking. There must be much more emphasis on depth of study."

APPRECIATION was expressed to the Herald and News last week by the Navy Recruiting Service with this certificate. Local recruiter, Chief Robert Gomes, presented the award, and Norm Cardozo, reporter, received it in behalf of the Herald and News staff.

SCOUT NEWS

AWARDS PRESENTED MONTAGUE — Presentation of awards, demonstrations and welcoming of a new member were the high spots of the meeting of the Montague Cub Scout Pack 51, Tuesday evening, January 19.

The flag salute was led by Danny Paul.

New member for Den No. 2 is Barry Knight, who was welcomed by the pack with all the boys singing the Cub Scout song for him, followed by the boys all joining in giving the Cub Scout oath for his benefit.

Cub Scouts of Den No. 1 conducted several experiments including a demonstration on fire by Gary Tucker, Tommy and Timmy Acord showed "chemical plants."

A "foaming fountain" was shown by Lloyd Flower, and Tommy Higgs demonstrated the principle of rocketry.

Pete Bray, delving into the mysteries of "secret writing," showed how this could be done by writing a message with lemon juice on paper, and then bringing out the message by holding the paper near a candle flame.

E. W. Paul, member of Den No. 2, demonstrated combustion by squeezing a bit of orange peel toward a lighted candle; Mike Freitag illustrated the principle of magnetism; and Stevie Churchill used a microscope to show a slide of shrimp eggs.

Demonstrations by Cub Scouts of the Den No. 3 included Danny Paul, "playing" musical water glasses; Johnny Dutra illustrating body electricity; Don Callahan showed how to pick up a piece of ice out of a glass of water with string; and Joe Stacey captivated the audience by floating an egg on water.

Wolf pin awards were presented by Ray Callahan to Lowell Joy, Pete Bray, Gary Tucker, Timmy Acord, Tommy Acord, Joe Stacey, Johnny Dutra and Don Callahan.

Jim Glenn, Cub master of the Montague Cub Scouts, introduced Gene Breceda as the institutional representative, who awarded the "smiling" cub bear to Den No. 1 for the best attendance record.

The sad cub bear went to Den No. 2.

Glenn announced he will relinquish his post as scoutmaster for the Montague Pack as he is to transfer to the Hornbrook Cub Scout Pack to aid them with their problems. A new Cub scoutmaster will have to be chosen by April to replace him.

Refreshments were served by the fathers of the Cub Scouts, who also served as the cleanup committee.

TOKYO (UPI)—The Rt. Rev. Stephen F. Bayne, en route to London to head the advisory council on missionary strategy of the Anglican church, described his job this way:

"I am rather like a mosquito in a nudist camp. I know what I ought to do, but I don't know where to begin."

Questions Unanswered In Crash Of Airliners

By GEOFFREY GOULD WASHINGTON (AP)—An airliner plunged into the Gulf of Mexico Nov. 16. Another crashed in North Carolina Jan. 6. Together they make one of the most intricate mysteries investigators have ever been asked to solve.

More pieces of this human jigsaw puzzle keep coming in all the time, but where the pieces fit and the kind of picture they make is still as baffling as ever. Here are some of the questions that haven't been answered:

1. Were the two crashes in which a total of 76 persons died caused by bombs? Even this much has not been proved. The first plane is at the bottom of the Gulf of Mexico. Of the second, the latest word is that if an explosive

made it disintegrate in air, it was an uncommon kind, not like dynamite or nitroglycerine which leave telltale traces.

2. If the Gulf crash was caused by a bomb, was it planted by Robert Vernon Spears, a naturalist and an ex-convict? He was listed as a passenger on the doomed plane, but the FBI found him alive Wednesday in Phoenix, Ariz.

3. Who took Spears' place as a passenger on the Gulf plane? Was it William A. (Al) Taylor, Spears' old pal? Did Spears hypnotize him into taking the plane in his place? Spears denies it. But he has long studied hypnotism, and his wife, Frances, says she is sure someone could be hypnotized. There is no evidence Taylor was on the plane, but he hasn't been seen since the crash.

4. Can the North Carolina crash be traced to a suicide bomb? Julian A. Frank, 32, a heavily insured Westport, Conn., lawyer, has been an object of suspicion. An unproved theory is that Frank committed suicide by exploding a bomb on the plane, taking 33 others to death with him. Frank's wife won't believe this. And now there appears to be doubt that a bomb caused the crash.

5. If the worst is true, was there some clandestine link between these two tragedies? There is some evidence that Spears and Frank had met, but it is not conclusive.

Bits and pieces fell into the jigsaw puzzle Friday, some seeming to fit and others merely cluttering the picture.

In Dallas, Mrs. Spears said that her husband denied to her that he had sabotaged the Gulf airliner, in which 42 died. She said she would not have taken the \$100,000 from an insurance policy he carried. She said she had told Spears this when he made a secret visit to her in Dallas Jan. 7, during the period he was presumed to be dead.

Furthermore, she said, Spears took out the one-year insurance policy Sept. 2, not just before the Nov. 16 airliner crash.

She disappeared from her home with FBI agents Friday night but returned later.

In Washington, it was learned that Spears had electric tape and flashlight batteries along with dynamite blasting caps in his luggage when the FBI picked him up at a Phoenix motel. The finding of the blasting caps had been reported a couple of days ago. Earlier, a cache of dynamite had been found at the place where Spears was hiding out in Arizona.

At Charleston, S.C., Julian Frank's widow, a beautiful former model, was reported in serious condition in a private hospital.

Her lawyer, Carl J. Rubino, said in New York she had a miscarriage as she was traveling to Florida by train. He said it was caused by "harassment which arose from unfounded speculation and irresponsible conjecture" about her husband's death.

At Charlotte, N.C., Sen. A. S. Mike Monroney (D-Okla.) said that he is sticking by his theory that a suicide bomb caused the Bolivia, N.C., crash. He said his information had come from Civil Aeronautics Board probes "who have worked all their lives in this field."

Monroney is chairman of the Senate aviation subcommittee, CAB men, testifying before the subcommittee, first broke the bizarre North Carolina crash story and gave evidence pointing at Frank.

Monroney said newly discovered insurance policies taken out by Frank in favor of his wife now total "nearly a flat million dollars."

The chief unanswered question, Monroney said, is what kind of explosive was used.

"The chemical analysis is not complete," he said, "but what's been done so far indicates that the explosive was of a low order, not nitroglycerine, black powder, or dynamite. But there are plenty of more exotic explosives that don't leave a residue."

TO SPONSOR CRUSADE NEW YORK (UPI)—The Protestant Council of the city of New York announced Friday its evangelism department will sponsor a Spanish language sidewalk crusade by Billy Graham. The crusade, to run Nov. 6 through 13, will be aimed at the large Spanish-American population of New York City.

The first church, university and hospital in the Western Hemisphere were located in Mexico City.

GRANGE NEWS

MIDLAND GRANGE Several guests were present at a meeting of Midland Grange January 20 at Midland Hall.

They were L. W. Barleen, Klamath County deputy, and Mrs. Barleen, both members of Shasta View Grange, and Mr. and Mrs. Frank Nelson of Eastern Star Grange, Bend.

Barleen spoke for a concerted membership drive.

Master Alex Cammock and his staff of officers performed the opening drill and presented the flag. After reports from committee chairmen, Cammock thanked men of the Building Committee for building cupboards for the grange hall. The men will soon build new tops for the grange card tables.

Lecturer Mayme Cammock's literary program included a prayer by Laura Walker, chaplain, and readings by Grace Stork, "One Month After Christmas," and Pauline Flowers, "Flight."

The membership played games. Proceeds collected from some of them will be donated to the New March of Dimes. Eleanor Sukrow and Leon Andriou won prizes. Mrs. Cammock appointed new members to a committee to help plan open house slated for February 17.

The membership voted to hold a silver drill and add to the lecturer's prize fund for the New March of Dimes.

Several applications for membership were read. Mike Smith, Abe Boehm and Emma Wirth were reported to be ill.

Nearly 30 per cent of the jet fuel of the United States is produced by Texas refineries.

Japan Video Shows Film On Portland

SAPPORO, Japan (AP)—Television here today featured filmed scenes of a balmy, green Portland, Ore., as this city dug out from under an all-night blizzard.

In Portland, too, there was snow on the ground now.

The film feature was part of the transpacific sister city exchange linking a number of United States and Japanese cities.

The travelogue, "Portland, City of Roses," arrived at the same time as the blizzard.

This winter-wise city of 480,000 took the storm in stride, although it delayed trains and kept a fleet of modern snow plows and trolley track sweepers running all night.

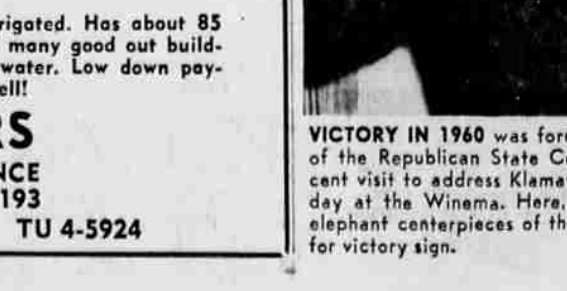

Robert W. Brownlee, a United Church of Japan missionary born in Portland, appeared on the TV program and described the Oregon city. He now is living with his wife, Helen, and 8-year-old son in Tomakomai, a Japanese village on the Tsugaru Straits.

Mayor Yosaku Harada told the TV audience international understanding must be fostered not only by governments but by people-to-people efforts like the Portland-Sapporo linkup.

"I thought at first that it was silly when Americans asked me such questions as whether we have street cars, trains and airplanes," the mayor said of his trip last year to the United States. "But then I came to realize this was due to the lack of communications between our two peoples which we must improve."

Sapporo has prepared a TV movie that will be sent to Portland in a few days. It will show this Northern Japan city plus views of the visit last year of Portland Mayor Terry Schruk, Portland Chamber of Commerce.

Sports Writer Masami Obara of Sapporo's Hokkaido Shimbun plans to stop Feb. 2 in Portland to arrange an exchange of Sapporo and Portland high school students. He will be en route to cover the Winter Olympics at Squaw Valley, Calif.

VICTORY in 1960 was forecast by chairman Peter Gunnar of the Republican State Central Committee during his recent visit to address Klamath County Republicans on Thursday at the Winema. Here, Gunnar holds aloft one of the elephant centerpieces of the banquet with the familiar "V" for victory sign.
