JUNIOR BRONCS

The February meeting of the Junior Broncs was held at the home of Barbara Evans.

As Secretary Sandra Woodard read roll call, Mrs. Woodard gave out the pins that the members had earned for a certain number of years in 4-H. Evelyn Hooper read her report on "The Gait of Horses."

John Espinosa was introduced as a new member. The members again discussed the new shirts.

Mr. Woodard announced that Mrs. Vian is going to start riding lessons at 30 cents a week for anyone in the club who would like to take them.

The club discussed having a long ride along with a breakfast after the weather becomes good.

A discussion of the fair and how to improve horsemanship was next. It was suggested that a set of rules be made up for the 4-H members concerning the fair.

The meeting was then adjourned after which refreshments were enjoyed by all.

The next meeting will be March 10 at the clubhouse.

Through the course of the meeting we discussed our money-making project for the year. It is going to be a combination pie - social, dance, and card party. Lila Ritter is going to handle the publicity. Linda Taylor and Carolyn Brower are going to make the posters.

In the morning the scale was taken around. The following are the weights of the calves:

Due to breakage of the scales, Juanna Goode's and Neal Buchanan's calves could not be weighed.

At this meeting we also filled out our record books and got them up to date.

Members present at this meeting were Neal Buchanan, Juanna Goode, Bob Brower, Linda Lanphear, Carolyn Ritter, Ross Lanphear, Lila Ritter, Karen Dixon, Robert Ritter, Linda Taylor, Phillip Dixon and Steve Dixon.

Just Be Sure Uncle Sam Doesn't Guess

When you mail that check or money order for federal taxes, be sure Uncle Sam doesn't have to guess which Joe Smith, or Tom Brown, or Joe Zilch to credit. Or just what tax you want to pay.

A. G. Erickson, Internal Revenue director for the Oregon District said today that each year he receives many payments that are not properly identified.

As a result, he said, some of the taxpayers involved may not receive proper credit, or payments to their tax accounts may not be recorded until after considerable delay occasioned by checking records or exchanging correspondence.

In some instances, taxpayers may even continue to receive bills for taxes they had sought to pay, he added.

Beachcombers Have Field Day

FLORENCE, Ore. (AP) — Cans and bottles of beer and ale washed ashore here Monday and Tuesday. Beachcombers had a field day.

The harvest of liquid refreshment came from large sections of a refrigerator van that floated ashore in sections.

Much of the cargo was broken up and a 2,200-yard section of Siuslaw River shoreline was paved with broken glass and twisted metal.

The van apparently was swept off a ship in the recent Pacific storms and then torn apart on jagged reefs offshore from this Oregon coastal community at the mouth of the Siuslaw River.

To avoid such pitfalls, Mr. Erickson said, persons making payments to the Internal Revenue Service, should observe these "musts":

1. Follow carefully the instructions accompanying each return, bill or notice.
2. Be sure to enclose with your return, or the director's copy of the bill or notice as indicated.

Legion Aux OKs Project

MERRILL—Members of Merrill American Legion Auxiliary No. 80 approved the project of sponsoring an essay contest to be held in the Merrill High School. Subjects of the contest are "Why My Education is Important to Future of America" and "Why I Love My Country." Prizes will be awarded in each division. Mrs. Lena Buck is essay chairman.

Other business transacted at the home of Mrs. Buck included a donation to be made to the department president's project, McLaren School for Boys. The Americanism chairman requested items concerning current events.

A cash prize was awarded to the Merrill unit by Helen Anthony, District 4 president, for attaining membership quota.

At the close of the meeting, a report on Guatemala was made by Mrs. Buck, Pan-American chairman.

It is best to attach these to your check or money order.

3. Where your account number is given, enter it on your check.
4. Print your name and address legibly wherever called for.
5. Be sure you mail your remittance to the proper Internal Revenue office.

Also pointed out was that some \$75,000 tax returns of various types, for income taxes, excise, employment, social security, etc., are filed in the Oregon District each year.

The district director said that while his office makes every effort to match up unidentified payments promptly with the proper accounts, considerable delay is bound to result for many of these cases during the income tax filing period, because of the large number of returns filed.

World In Terrible Straits; Time To Open Box Is Now

By ROBERT MUSEL

LONDON (UPI) — The world is in such a parlous state that I got in touch with Robert Temple today and urged him to "open the box" right away.

"I'd like to," said the 74-year-old secretary of the Panacea Society, "but we cannot open the box unless there are 24 bishops of the Church of England present. And although we've been trying with newspaper advertisements, petitions and other forms of pressure for 44 years, we still cannot persuade enough bishops to gather at the same time."

Temple is one of the guardians of what his society calls "Joanna Southcott's Box."

Miss Southcott was a prophetess who died in 1814 and the society claims that before her death she wrote out a prescription for all the world's ills and had it placed in a large box which was then hammered shut with copper nails and bound with stout cord.

She laid down in her last testament that if the 24 bishops gathered at a time of crisis and opened the box before a concourse of believers (in her) they would find therein the secret of eternal peace and prosperity for humanity.

Temple explained that since only Joanna Southcott had the revelation of peaceful existence it was natural that the summit and all other international conferences were foredoomed.

His advice to Eisenhower, Khrushchev, Macmillan and company is to save their time and convene the bishops instead.

"To open the box?" "Certainly," said Temple, "Where is the box?"

"In safe hands."

"Can I see it?"

"Alas, no — not until the bishops gather."

Temple said they had the right number of bishops in 1918 but the

he turned it down. "We are still hopeful," Temple said, "that before it is too late, the bishops will 'open the box.'"

DEFENSE BACKFIRES

MEMPHIS, Tenn. (UPI)—Donald Verna Stinson, 32, of Birmingham, Ala., fired his two lawyers during his jewel robbery trial Tuesday, conducted his own defense — and lost.
