

L.O.L.

Sudden skin blemish? Don't turn down that date. Cover up the "blossoms" with a dab of Spotstik, an opaque stick make-up in a tone to match your skin.

Parents of children born with disfiguring birthmarks may receive help in coping with the problem by writing to the L.O.L. (Lipstick Only) Child Foundation, 41 5th Street, New York 22, N.Y.

Tip for teens! The time to worry about complexion problems is before they occur. Daily use of L.O.L. Antiseptic Lotion as a cleanser in your bag is lipstick-sized Spotstik for quick complexion repairs. It covers up sudden blemishes that could cause self-consciousness on that very special date.

A vanishing trick for dark under-eye circles of deep laugh line shadows is to apply a light shade of Spotstik, opaque make-up in stick form. Then apply regular foundation and make-up. The Spotstik lights the shadows, makes them disappear.

If a birthmark or other skin discoloration has made you self-conscious, you can overcome the problem by applying Covermark, an opaque waterproof cream that even stays on through a sun and swim session. It comes in 14 shades to match every complexion.

The secret of soft white hands lies in the moisture content of the skin Softskin Hand Cream contains "scolostrom" to make such moisture magic possible and gives four times the usual skin-softening action.

Conceal that black and blue mark with a spot stick make-up. Spotstik will completely cover up the discoloration and will also conceal pimples, freckles, moles, and other skin blemishes.

Reynolds Metals is the third largest taxpayer in the metropolitan Portland area, he added, with railroads and utilities the only ones paying more in taxes. The Oregon operation has 900 employees and operates three shifts a day, seven days a week.

The company is the largest printer in the nation, he said, and does something like 90 per cent of the printed foil wrapper business for decorative wrappings for soap, medicine and other products.

Raisin-Apple Slaw

Men like crisp salads, salads with real flavor and lasting appeal. "Raisin-Apple Slaw" is one of the most popular combinations; it not only joins crisp apples and cabbage but has the tangy-sweet flavor and chewiness of raisins. This mayonnaise slightly with fresh lemon juice before folding it into the salad ingredients. This gives a refreshing tang and brings out the fruit flavors. "Raisin-Apple Slaw" is an especially good salad to serve with fish and meatless suppers.

RAISIN-APPLE SLAW

1 cup light or dark raisins
1 cup diced unpeeled apple
3 cups finely shredded raw cabbage
1 teaspoon salt
Mayonnaise or salad dressing
Fresh lemon juice
Salad greens

Cover raisins with boiling water and let stand 5 minutes. Drain and cool. Add to apple, cabbage and salt. This mayonnaise slightly with lemon juice and fold into salad ingredients. Serve on salad greens.

JOE BAKKENSEN

Reynolds Metals

A new, extra thick Reynolds foil wrap will be available to home makers in Klamath Falls later this spring and the company is planning a big foil promotion for Easter.

This word was brought to Klamath Falls by Joe Bakkenesen, sales representative for Reynolds Metals Company, Portland, Ore. He and one other salesman, Bob Kearney, have as their territory all of Oregon and Southwestern Washington. Reynolds Metals has approximately 60 per cent of all of the aluminum foil business in the nation, Bakkenesen said. Reynolds was the first manufacturer to come out with a handy household foil on a roll which could be torn off in required lengths.

NAMED after Mrs. Richard M. Nixon, wife of the vice president, this new "Pat-tress" coiffure has been designed by the Official Hair Fashion Committee of the National Hairdressers and Cosmetologists Association. It has natural height at the top, easing into a soft flow of draped waves and elegant simplicity in keeping with the new Gentle-tress hair fashion trend for spring and summer.

HAIR FASHION

Gentleness will highlight your length and will never be longer than the length of the crown hair. Glorious professional permanent waving will give richness to the hair, as well as easy manageability, a necessary feature of the "Gentle-tress" look. Consult your cosmetologist also for professional hair conditioning to correct any vestige of drabness or excessive oiliness that might have occurred during the winter season.

In the hair picture, the brownette has definitely returned to the fashion scene. Warm browns are easy oval, sometimes tilted, or asymmetrically balanced, but always proportioned to the individual. Hair will be dressed in a natural flow of soft draped waves, drifting with its natural growth direction. Its silhouette will be less bouffant than in previous seasons, with an almost total absence of all look, a trend in styling that is destined to emphasize the lady in every woman.

The silhouette of the new style is an easy oval, sometimes tilted, or asymmetrically balanced, but always proportioned to the individual. Hair will be dressed in a natural flow of soft draped waves, drifting with its natural growth direction. Its silhouette will be less bouffant than in previous seasons, with an almost total absence of all look, a trend in styling that is destined to emphasize the lady in every woman.

Spring make-up will be directed toward adding tone to complexions. Fresh creamy and peachy complexions will be especially desirable. Lip colors will be more intensified and will include vivacious coral tones, pinks and rose hues. There also will be more emphasis on eye make-up, and false lashes will continue in popularity. But the result of make-up must be subtle, the suggestion of a naturally gentle look.

There are now about 100 brands of foreign automobiles sold in the United States.
