Nixon's Mother Fetes Birthday

WHITTIER, Calif. (AP) — A color portrait of the Richard M. Nixon family was among birthday gifts received by Mrs. Hannah Nixon. The vice president's mother, observing her 75th birthday Monday, also received telephoned congratulations from him and from another son, Navy Lt. Edward Nixon, who is stationed in Florida. Later she was honored at a party in the Whittier home of her third son, F. Donald Nixon. Mrs. Nixon lives in nearby La Habra.

Demos Rebuff Brown; Mull Tax-Cut Measures

SACRAMENTO (UPI) — Senate Democrats sent 24 million dollars in tax cut bills to the Senate floor today, rebuffing Democratic Gov. Edmund G. Brown.

The governor said last month that any tax cuts this year would be "irresponsibility" and "callous disregard" for the state's financial health.

But Monday the Senate Revenue and Taxation Committee, with six Democratic and two Republican members present, approved four tax reduction bills, starting them on their way through the Legislature.

They would: Remove the four per cent sales tax from all medicines, prescription drugs and medical devices, such as eyeglasses, false teeth, false limbs, trusses, etc.

The bill, authored by Sen. John F. McCarthy (R-San Rafael), would save the average family \$2.50 a year in sales taxes. It would cost the state 15 million dollars in lost revenue and city and county governments about four million dollars.

Remove the sales tax from only prescription drugs and the medical devices.

This "more austere" bill by Sen. Stanford C. Shaw (D-Ontario), would cost the state \$8,900,000 in lost revenues and cities and counties \$2,225,000. It would save the average family about \$1 a year.

Cut state income taxes by about four million dollars a year by: Permitting surviving spouses to file joint returns for two years, permitting deductions of up to \$600 a year for baby sitting, including charges to be deducted, permitting charity deductions up to 30 per cent instead of 20 per cent and giving benefits affecting the aged and sick.

Bring bank and corporation taxes into closer conformity with federal law on such features as depletion allowances and unit rule on depletion of oil and gas property at a revenue loss of one million dollars a year to the state.

Only one audible "no" vote was heard in the vote on the income and corporation tax measures. No opposing votes were heard on the vote for approval of the two sales tax bills.

The action came after Sen. Hugh M. Burns (D-Fresno), president pro tempore of the Senate, attempted to have the vote postponed.

"I think we are getting a little ahead of ourselves in adopting tax reduction bills at this time," he said. "With prejudice, wouldn't it be in order to put them over at least until the budget is in shape?"

Vote Turnout To Be Light

NEW YORK (AP) — A light turnout was expected today in a special congressional election in the Bronx.

Sen. Jacob H. (Jack) Gilbert, a Democrat, was a strong favorite to win the seat vacated by Democrat Isidore Dollinger when he was elected Bronx district attorney last November.

Opposing Gilbert in the 23rd District race are Simon M. Koenig, a Republican lawyer, and Hector J. Mathew, a subway worker running on the Liberal party ticket.

Experts Perplexed WASHINGTON (AP) — Why does the U.S. Senate use the word cloture instead of closure, which means the same thing? Senate parliamentary experts say they don't know. Cloture was originally a French word. In parliamentary usage, it means a method of closing out debate and getting a vote on an issue. Under present Senate rules, cloture can be put into effect by a vote of two-thirds of those present and voting. The British call it closure. It was introduced in 1882 into the House of Commons where it is done by a motion that "the question be now put."
