The Portland Indian Health Area will be reorganized before July 1. Dr. Robert Zobel, area medical officer in charge, said today. The reorganization will not affect the level of services now provided for Indians in these states or the working relationships with the Indian tribes and federal agencies.

Dr. Zobel said that Indians are being notified through their tribal councils of the changes in the area office.

Administrative staff will be retained to operate the Portland Area Office. The reorganization will not affect the level of services now provided for Indians in these states or the working relationships with the Indian tribes and federal agencies.

Some management functions and personnel will be transferred from Portland to the newly established Billings area, where they will be in closer proximity to the facilities which they are responsible for serving. These include four Indian hospitals and several field clinics. The professional personnel and their supporting staff will remain relatively unchanged in the Portland Area Office. Sufficient admin-

Man Nabbed For Pilfering

AUSTIN, Tex. (AP)—An unemployed clerical worker who said he kept from going hungry by stealing from a blind woman's concession stand in the courthouse agrees "it's pretty rotten."

Carl Edward Hammond, 37, was charged with theft Tuesday after Sheriff T. O. Lang arrested him near the stand.

The stand, operated by Miss Nell Scales, is run on an "honor system" in which patrons make their own change from bowls on the counter.

Hammond was held without bail. He gave his address as 23 Gramercy Place, New York.

Lang said Hammond admitted stealing "maybe half a dozen sandwiches" and short-changing the blind owner on several occasions.

Hammond told a newsman he had been unable to get a job because he was too short of money to make a good appearance.
