De Gaulle Hit By New Crisis

PARIS (AP)—President Charles de Gaulle today faced the most serious challenge from the National Assembly of his 21 months in power. A majority of deputies demanded a special session of the Assembly — not due to meet until April 28 — to debate the government's freezing of farm prices as an anti-inflation move. Assembly speaker Jacques Chaban-Delmas said 287 deputies — 10 more than the required half of the members — had signed a petition for recall of Parliament to debate the government farm program.

French Release Blast Report

PARIS (AP) — France's atomic blast in the Sahara Feb. 13 was at least three times more powerful than the first U. S. atom bomb dropped on Hiroshima, Japan, but the government says it caused no fallout danger to inhabited areas. The government announced Wednesday the power of the explosion equaled between 60,000 and 70,000 tons of TNT. The World War II Hiroshima blast equaled 20,000 tons of TNT.

Airship Sets Record

LAKEHURST, N.J. (AP) — A Navy airship settled down at its base here after its record-setting crew decided they were tired from three days in the air. The blimp set a record of 73 hours for a submarine patrol exercise when it landed Wednesday. The crew of 24 cruised the Atlantic about 100 miles off the coast. The previous record for an exercise was set two weeks ago when a blimp stayed aloft 65 hours.

Ships Collide

NORFOLK, Va. (UPI) — An American tanker and a Norwegian motor vessel collided in the darkness of the Hampton Roads Harbor channel early today, spilling 150,000 gallons of gasoline from a hole in the tanker's bow. There were no injuries.

FOUR YOUNGSTERS were passengers in this mangled sedan when it overturned near Fremont Bridge on Lakeshore Drive crossing Link River Wednesday afternoon. Sandra Ebinger, 15, with a fractured finger, was the only casualty. The driver, Leonard Allen Gionet, 17, of OTI, was charged by city police with reckless driving and driving with expired license plates. He was eastbound at high speed and failed to make a sharp turn, police said. Felix Peace of Peace Ambulance Service is in the foreground.

Burglary Under Probe

City juvenile officers are investigating a burglary reported Wednesday by Richard Groves of 1434 Lakeview Avenue. Groves said he suspects juveniles of entering his home, breaking into a display case and stealing a 38 caliber pistol from an antique collection. Groves and a companion were home at the time, but were outside the house. The companion heard glass break, but said he thought nothing of it. Groves later found the glass lid to the display case shattered on the floor. Officers said the thief probably dropped it accidentally. Juvenile officers also took into temporary custody a 17-year-old girl for questioning concerning taking and using an auto without the owner's permission Wednesday. The girl was ordered to jail by the county juvenile office to await an interview in juvenile court Thursday morning. The car belonged to a companion, she said.

Man, Plane Have Test

EDWARDS AFB, Calif. (UPI) — The X15 rocket ship flashed across the desert for the seventh time today in a test of both man and plane at six times the pull of gravity. The stub-winged plane, half rocket ship and half airplane, was aloft for nine minutes after it was dropped, with test pilot Scott Crossfield at the controls, from beneath the wing of a B52 at 45,000 feet. The plane reached a speed of about 1,350 miles an hour at 50,000 feet and Crossfield put the plane in a tight turn — known as a G-turn. During the flight of the X15, designed to test both man and machine in space, Crossfield was exposed to almost six Gs — six times the normal pull of gravity. That made his weight — normally about 175 pounds — about 1,040 pounds while in tight G-turn.

Jim Wiede Buick Garage personnel notified city police Wednesday that a youth took a 1958 sedan for a trial drive that afternoon and failed to return it.

The car was found by state police eight miles north of Klamath Falls on Highway 97 Wednesday evening.

Officers said an engine connecting rod had failed and the car had been abandoned.

In other activity, city officers arrested Freddie Hood, 24, and Howard Lanigan, 29, both of Chiloquin, Wednesday evening for aiding a minor to violate curfew.

Hood was charged in addition with driving without an operator's license in his possession, and Lanigan with allowing an unlicensed person to drive a vehicle.

The minor, a juvenile girl, was taken into temporary custody for questioning regarding curfew violation. The trio was stopped in a car at Fourth and Main streets.

Hood and Lanigan posted \$215 bail and were released. Lanigan was fined \$100 for aiding a minor to violate curfew, and \$10 for allowing an unlicensed person to operate a vehicle. Hood was fined \$100 for aiding a minor to violate curfew and \$5 for driving without a license in municipal court Thursday.

Fellow officers also investigated a slight accident involving a patrol car driven by City Patrolman James D. O'Neal, 223 Lincoln Street, Wednesday afternoon at 445 Commercial Street.

Barn, Hogs Fire Victims

A small barn and 24 young hogs were destroyed by fire early Thursday morning on the Joe Yance ranch six miles south of Klamath Falls on Old Midland Road, county firemen said.

They were not sure how the fire started, but suspect a heat lamp used to keep the pigs warm.

The barn was a total loss, they said. It contained nothing except the pigs and a brooder.

Suburban firemen were called to the Big Y Market, 4710 South Sixth Street, Wednesday evening to cope with a small fire caused by a short circuit in an overhead light fixture.

The fire burned a small hole in the store ceiling, firemen said, but caused no other damage.

They also put out a grass fire on property owned by George Lambert, 1763 Derby Street, at 3:05 p.m. Wednesday. No damage resulted. Firemen said a trash fire got away from Lambert.

Area Officer Gives Quote From Suspect

Michael Joseph was quoted today on how hard it was to kill one of the two men he is accused of murdering on a reservation ranch last fall.

Chiloquin Police Chief Lewis Jones, who investigated the shootings, quoted Joseph. "That was the hardest ... to kill I ever killed. I had to shoot and shoot and shoot before he stopped rolling."

Jones testified Joseph made the statement about Harry Deman, one of two men he is accused of murdering last September 20. Joseph's first-degree murder trial went into its fourth day today. His trial on the death of the second victim, Okie Richards, is scheduled to follow the current trial.

Jones said he was called to the Delbert Lang Ranch about 6:10 the evening of September 20. There he found two bodies lying under a tarpaulin and Joseph standing on the porch of his cabin.

Jones said he asked Joseph what had happened, and Joseph answered, "I just killed a couple of ..."

"He told me these two fellows came up, and had knives, and he shot them," Jones testified before a five-woman, eight-man jury.

Jones then lifted the tarpaulin from the body of Deman and felt the victim's face, Jones said. "You're cold, you ...," Jones quoted Joseph. "That's just the way I want you."

During Jones' testimony, District Attorney Arthur Beddoe offered a 30-30 rifle into evidence. Jones said it was the rifle he had taken from Joseph on the day of the investigation. The district attorney removed the rifle from a box on the counsel table and laid it with a thud on the desk of Court Recorder Doris Abernathy. Defense Attorney David Card brought the rifle to the defense table where it was examined by Attorney Freeman Murray and Joseph. Then Card said, "No objection."

Jones said he investigated the deaths in the company of Sgt. Dan Stover of Lakeview, a guest in his home. He said a Melvin Murch was questioned at the Lang Ranch, but Beddoe did not permit Jones to testify on conversations with Murch at this time.

Previous state witnesses were Dr. George Nicholson, chief deputy coroner, who said Deman's death could have been caused by either of two shots into his abdomen. Former Deputy Coroner Bill Mills testified about removing the bodies, and articles from them.

The jury, selected after two days of questioning, visited the Lang Ranch yesterday morning. Trial testimony opened after noon yesterday when Beddoe in an opening statement, reviewed the case, claimed Deman was killed with Joseph's own rifle, and maintained that Joseph had planted the knives found around the body.

Murray and Card reserved their opening statement until the defense presents its side of the case.
