A way to help keep the roof over your head

even if you become totally disabled!

New York Life's new Home Protector Disability Policy can provide vital income if you become totally disabled.

Probably every family man has worried about how he could keep on paying the mortgage or the rent if a disabling illness or injury prevented him from working. New York Life's new Home Protector Disability Policy can help provide a way.

A Home Protector plan can be adapted to your specific needs. You have several choices of the amount of monthly income benefit, the time when your benefit begins, and the age (50, 55, 60 or 65, in most states) to which you want to be protected.

And here are some important features: While your policy is properly in force, New York Life can't cancel it, can't add restrictions to it, and can't raise your premiums—regardless of any changes in your health or occupation, or the number of times you collect benefits.

Although the Home Protector offers a lot of peace of mind, premiums can fit your budget quite easily. For more information on this desirable plan, see your New York Life Agent. He can also tell you about other income protection plans, major medical and hospital and surgical plans, including hospital and surgical plans for persons over age 65. Or—mail the coupon at the right.
