

Wouldn't You Know It's

BEST FOODS Italian Dressing is made with Mazola Corn Oil, Corn Products and Best Foods merged last year. The new product combines two brand names that homemakers have come to know and trust.

NEW DRESSING

Best Foods and Mazola have combined to answer the homemaker's request for an Italian dressing made with corn oil. Best Foods uses modern, golden Mazola corn oil to make this Italian dressing which is subtly different. A secret blend of spices and a kiss of garlic give it a final touch of flavor. It is salad time all year long, just with fresh salad greens on the market, give the menu a change of pace with a change of dressing.

Shredded raw zucchini, combined with onion rings and wedges of tomato make an excellent Italian-type salad and Italian dressing is the perfect dressing to serve with it.

SAFEWAY

CONCENTRATED NuSoft fabric softener is now available in a new economy size which will rinse 32 washloads. NuSoft makes wash softer, fluffier and easier to iron because the wrinkles just don't stay in garments treated with NuSoft. It is from the Corn Products Company.

NuSoft fabric softener is called the new miracle rinse.

It makes all washables softer and fluffier. You'll notice the biggest difference in bath towels and washcloths when you first try it and it works whether you dry your clothes on the line in the backyard or in a clothes dryer.

Ironing becomes easier and faster because wrinkles simply cannot set when NuSoft is used in the last rinse.

Shake the bottle before using. Then measure 1 bottle capful into the final, clear rinse for an average machine load. Never use NuSoft with soap, detergent, bluing or starch. Use it only in the final rinse water.

It acts quickly. If your washer has spray or overflow type of final rinse, test to "warm-wash" or "cool wash" and add NuSoft. Agitate for three minutes and then skip to final spin.

For washboard laundering, use a half capful or less of NuSoft because it is concentrated. Use bluing before rinsing with NuSoft. For starched articles, starch after rinsing with NuSoft. NuSoft is available now in the new quart economy size.

VEGETABLES

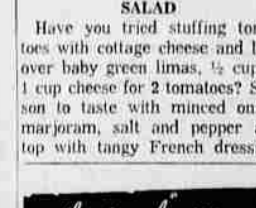

Two vegetables are often better than one. Join chopped cooked spinach and mushrooms in a Sauterne-flavored cream sauce. It makes an elegant vegetable for spring menus. Serve individual frankmies of "Creamed Mushrooms and Spinach" with a meat plate luncheon. Squares of crusty golden corn bread and chilled California Sauterne or Chablis wine poured as the beverage will complete a rewarding meal.

MUSHROOMS AND SPINACH
2 tablespoons chopped green onions
2 tablespoons butter or margarine
1/2 cup sifted flour
1 teaspoon salt
1-1/2 teaspoons pepper
1 1/2 cups rich milk or thin cream
1/2 cup California Sauterne or other white dinner wine
2 cups chopped, cooked spinach (packed)
1/2 cup cooked mushrooms
Cook onions in butter a few minutes. Stir in flour, salt and pepper. Slowly stir in milk; cook and stir until mixture boils and thickens. Add wine and cook a few minutes longer. Be sure spinach is well drained and all liquid pressed out. Add spinach and mushrooms to sauce; heat well.

Make about 6 to 8 servings.

SALAD

Have you tried stuffing tomatoes with cottage cheese and lettuce over baby green limas, 1/2 cup to 1 cup cheese to 2 tomatoes? Season to taste with minced onion, marjoram, salt and pepper and top with tangy French dressing.
