**FALSE TEETH**  
That Loosen  
Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just "sprinkle" a little PASTELITE, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly so they feel more comfortable. Does not cost Alaska plate order teeth. Get PASTELITE at drug counters everywhere.

**YOU BE THE JUDGE**

- Isn't it better to stay on the job than keep taking "rest" treatments?
- Isn't it better to go in one who specializes in Real treatment than to suffer from treatments by inexperienced hands?
- Isn't it better to be cured quickly and permanently from PROLAPSE, PRESURE, FISTULA, ANAL THROMBOSIS, and other Rectal disorders WITHOUT HOSPITAL OPERATION?
