

African Called Strike Fails To Achieve Goal

JOHANNESBURG (AP) — The one week strike called by the outlawed African National Congress to protest the white government's strict racial laws failed to achieve its aim today.

Police in all major cities of South Africa reported that Negroes showed up in normal numbers and without hindrance by alleged intimidators.

No major violence was reported. The only police action announced at noon was a raid on an African settlement near the Indian Ocean city of Port Elizabeth.

Court Rules Deportation

WASHINGTON (AP) — The Supreme Court today upheld a deportation order against a 50-year-old Portland, Ore., house painter who was brought to this country from Finland when less than a year old. The painter, William Niskanen, was ordered deported on grounds he was an active Communist party member from 1937 to 1939.

The court announced its ruling in an unsigned opinion. Justice Douglas wrote a dissenting opinion, joined by Chief Justice Warren, Justices Black and Brennan. This made the vote 5-4.

Niskanen came to this country in 1909. He was ordered deported in 1953 and for seven years attacked the order in legal proceedings in federal courts.

The Internal Security Act calls for deportation of aliens who at the time they entered the United States, or at any time thereafter, were Communist party members.

Niskanen's appeal to the Supreme Court cited a Dec. 9, 1957, decision by the high tribunal that overturned a similar deportation order against an alien who was a Communist party member in 1935. In that case, the court said the record did not show the 1935 party membership was "the kind of meaningful association" to support the alien's deportation.

Niskanen contended the 1957 decision applied also to his case.

But the majority opinion said an able federal district judge had found that Niskanen perjured himself by denying membership in the Communist party.

where police rounded up "undesirables," questioned 200 Negroes and detained many of them.

In Johannesburg, South Africa's largest city, buses and trains from Negro settlements were crowded with workers.

Reports from Cape Town, Durban and elsewhere said the situation was quiet there also and Negroes were streaming to work.

Troops were standing by at such trouble spots as the Nyanga and Langa townships near Cape Town, and Cato Manor near Durban. Police riot cars cruised slowly among the houses.

The police manned raids through the Negro townships in search of agitators and stay-at-homes.

The work stoppage called by the outlawed African National Congress started Monday. But the day was a national Easter holiday, and this postponed the real test of the strike call until Tuesday.

The government has warned Negroes that they face loss of their jobs or banishment to native reserves in the interior if they heed the stay-at-home call.

The aim of the work stoppage is to force the government to ease its stern segregation laws and to gain freedom for galled Negro leaders. The government broke a previous work boycott by widespread raids in the Negro settlements and wholesale arrests.

Johannesburg and its surrounding Negro townships were flooded over the long holiday weekend with pamphlets calling on Negro workers to stay home. An underground newspaper was distributed Monday by an organization calling itself the Socialist League of Africa. It urged nonwhites to continue the struggle against the "capitalist government."

39 Escapers Captured

GATESVILLE, Tex. (AP) — Thirty-nine of the 54 boys who escaped from the State Training School Sunday had been captured by Monday night.

School Supt. O. F. Perry said he expected more to be caught by early Tuesday.

Some boys, all 18 or under, escaped from the school in groups by mingling with visitors. Others stole a car from a guard after overpowering him.

Perry said boys are sent to the school for crimes ranging from murder to theft.

About 1,300 boys are at the school, which has no fence around it. "There's nothing to keep them from leaving," Perry said. "Something like this happens every spring," he said.

Two Skiers Arrive Safe

SEATTLE (AP) — Two skiers who took the wrong route in a blizzard on Mt. Rainier came safely off the mountain Monday evening while plans were being made for an extensive search.

A Marie Mitchell, 22, of Millard, N.H., and Bob Working, 21, Seattle, had spent more than 56 hours on the snow-swept flanks of the 14,410-foot peak.

The two, both experienced mountaineers, registered at Mt. Rainier National Park Saturday and headed for 10,000-foot-high Camp Muir, apparently planning to spend the night there and return Sunday. Rangers started a search Monday.

Working said the area Sunday was "all fogged in—we weren't sure where we were." A short period of clearing weather enabled them to get their bearings and they were neither lost nor uncomfortable during the Monday blizzard, he said.

But the trail to safety led them out on the opposite side of the mountain.

Dr. William Beebe, scientist and explorer, writes in the National Geographic Magazine that it is mainly movement of the hunter and not the color of his clothes that frightens wildlife.

A RARE AWARD was presented to Mrs. Fred Case, local Selective Service clerk, last week by Sgt. First Class M. W. Buess, Army recruiter for Klamath County. Only five such certificates of appreciation have been awarded so far in Oregon. The award is made for outstanding contribution to the Army volunteer recruiting program. It was awarded by headquarters, Sixth Army Recruiting District, San Francisco Presidio.

MD Hopeful; Greek Lad Doing Fine

NEW YORK (AP) — A Greek crucial heart operation behind him rested at a hospital today, his lum-

Parkchester General Hospital reported him in good condition and "doing fine."

Monday night, about 12 hours after surgery, Dr. Aaron Gorelik helped Stellakis Parthenopoulos, 4, out of bed to a chair where the youngster sat for several minutes.

"I am very encouraged," said Gorelik. He forecast good prospects for the boy's complete recovery and a chance for a full and healthy life.

It was for just such a chance that the boy, a slum child facing death from a heart defect, made a plea three months ago.

Through a Greek doctor he sent a letter to an American newsmen in New York whose heart had been saved by Gorelik in a previous operation. The newsmen's account of that operation was printed around the world.

The newsmen, John O. B. Wal-

Court Records

Cabbie Befriends Family; Doctors Perform Surgery

DALLAS, Tex. (AP) — A dozen doctors at Children's Medical Center will try to repair the heart of a little girl today while her parents and a cab driver pray for success.

The cab driver is W. H. Henry, 30, a bachelor who befriended the family when he met them at a bus station last week.

Ruth Maria Cvetic has never had a normal heart. The doctor-tive open surgery that doctors in Army life in Germany.

Henry said the 4-year-old girl was born in Mexico City, where her parents have lived for five years.

Her father told Henry that doctors in Mexico sent a diagnosis of her condition to physicians in Europe who wrote back and said the operation could only be performed in the United States.

The operation was scheduled for 10 p.m. today.

Henry's cab pulled up at 3 a.m. last Thursday at a Dallas bus station. Mr. and Mrs. Alexander Cvetic lifted Maria in a firm friendship soon developed between Henry and the family from Australia.

The Cvetics spoke no English. Henry has a knowledge of German from almost six years of Army life in Germany.

The family had come from Mexico City where Cvetic worked as a metallurgist. Their car broke down at San Antonio so they continued by bus to Dallas.

Reservations they thought they had made at a Dallas motel could not be verified.

The lanky cabbie wheeled his taxi to his house trailer and told the Cvetics to make themselves at home. Henry moved in with them.

Next day, he learned rare A-negative blood type was needed for Maria's operation. Henry lined up 10 donors at Texas Instru-factory where he formerly worked, and at the city transit company.

Henry has been staying with the family at the hospital where the doctors, who he has helped work, and at the city transit company by serving as interpreter.

Alert Lad Aids Father

KANSAS CITY, Mo. (AP) — An alert 7-year-old boy averted an accident Monday after his father suffered a heart attack while driving a car.

Joe Baxter, 80, who has had a heart ailment several years, kept on driving after the seizure hoping to reach his destination in a Kansas City suburb. He told his son, Jerry, to guide the car and turn off the ignition if another attack occurred.

A few moments later Baxter blacked out from another seizure. Jerry stopped the car.

The father was taken to a hospital where he was reported in satisfactory condition.

POLICE WARN BURGLARS

SANTA BARBARA, Calif. (UPI) — Burglars were advised today to quit breaking into a sporting goods store in nearby Goleta.

Sheriff's deputies said that despite their warnings about safety, the store owner rigged a double-barreled shotgun to blast at a rear window if it were tampered with.
