Building Permit Granted Lions

DUNSMUIR—A building permit was granted the Dunsmuir Lions Club at the city council meeting last week. The permit for a \$17,500 steel and concrete building means construction will start soon on the community youth building adjacent to the ball park parking lot.

The Lions Club has about \$11,000 in principal and interest from the sale of the Scout hut to the state a few years ago. The Scout hut was in the path of the new freeway.

With this money plus assistance from other civic groups, the Lions propose to build a multi-purpose community building.

MT. SHASTA stunned her viewers over the weekend when she made a public appearance in her new winter outfit. A storm that raked Northern California and the Pacific Northwest left a thick fleece of snow on the mountain that promptly was blown off the ridges by a bitter wind. Drifting snow produced an incandescent halo that lasted all day Sunday. — Photo by Peggy Walsh.

SP Wants To Buy WP

WASHINGTON (UPI) — The Southern Pacific Co., operators of more than 8,000 route miles of railroad from Oregon to Louisiana, applied to the Interstate Commerce Commission Wednesday for permission to purchase the Western Pacific Railroad.

The price would be about \$35 million through an exchange or purchase of stock. Southern Pacific, with headquarters in San Francisco, is one of the largest transportation systems in the West, with routes from New Orleans through Texas, New Mexico, Arizona, Utah, Nevada and California to Portland. Western Pacific's main line runs from Oakland, Calif., to Salt Lake City. It has 1,200 route miles in California, Nevada and Utah.

Under the plan submitted to the ICC, Southern Pacific would issue 1,733,806 shares of its authorized but unused common stock in exchange for Western Pacific common stock at the going price on the New York Stock Exchange.

Western Pacific stock was listed at \$18.75 as of Sept. 30, 1960. The company's assets were estimated at \$34,204,162 at the end of last year.

Southern Pacific already owns a 10 per cent interest in Western Pacific. Southern Pacific President D.J. Russell said in San Francisco that when the control application is granted, Southern Pacific also will take over the Western Pacific stock which is now held by the Southern Pacific Land Company.

A Southern Pacific statement said: "Mr. Russell stated that, with such control of Western Pacific by Southern Pacific, large savings could be accomplished by both companies through coordination of services and the elimination of unnecessary duplicate operations and that more efficient facilities and a better and more expeditious service for the public would result."

Russell said he believed the railroad industry has a bright future if railroads produce efficient, economical and reliable transportation. The proposed control of Western Pacific by Southern Pacific is directed toward this end, he said.

Dunsmuir Books Audit Slated

DUNSMUIR—Richard Millington of Mount Shasta, certified public accountant, will audit this city's books, the city council decided at last week's session. Millington informed the council he would undertake the job for \$7.50 an hour or \$400 maximum for the job.

A representative for Munson and McPherson, a Redding accounting firm, appeared at the meeting in quest of the auditing assignment. His services were not accepted on the grounds that he had declined to quote a gross fee or hourly rate in his letter requesting the job. Munson and McPherson had previously done the city's auditing.

Siskiyou Voters

DUNSMUIR — Registered voters in Siskiyou County eligible to vote in the November election number 17,247, according to figures released this week by Rachel Cordes, county clerk.

Democrats in the county total 10,984 and Republicans number, 5,830. There are two persons registered as members of the Prohibition Party and one as a Communist. Four hundred and thirty people declined to state a party in registering.

The two-party system seems to have gained favor here in the past decade. In 1950 there were 16 Independent Progressives, nine Progressives, seven Socialists and two Townsends. These parties have no avowed followers in Siskiyou County this year. In 1950, 396 declined to name a party.

Registration is not an all-time high in Siskiyou County. In September, 1952, there were 17,926 registrants. However, this year's total is a gain of 530 persons over the 16,717 registered voters in September, 1958. In September, 1958, there were 10,355 registered Democrats and 5,804 Republicans.

Pure sugar cane... so sweet and clean little Hawaiians eat it raw (Grown-ups make it into C and H)

You are looking at two of the sweetest products of Hawaii: sugar cane... and little sugar cane eaters.

Here on the Islands, sugar cane grows so pure, sweet and clean, little Hawaiians eat it raw. While we grown-ups make it into sugar... for you. C and H Sugar. World's finest, we believe.

For nature has given Hawaii everything sugar cane needs to grow its sweetest. Our sun shines brightly. Our rains fall gently. And in this earth, even orchids grow wild. This must be where sugar was meant to grow.

So many of our friends on the mainland use C and H Sugar... we hope you are one of them.
