

NEW DREAM WHIP

New Dream Whip comes in a box, needs no refrigeration, stays fresh on your pantry shelf. Won't wilt, won't separate, keeps for days after it's whipped. Low in cost, low in calories — only 17 per serving. And Dream Whip is the one whipped topping you can use as an ingredient, too. Keep it handy.

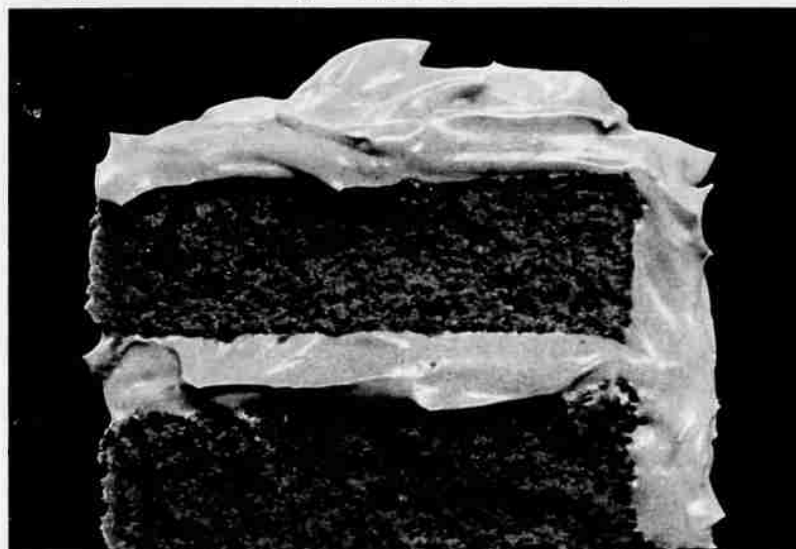

goes anywhere...

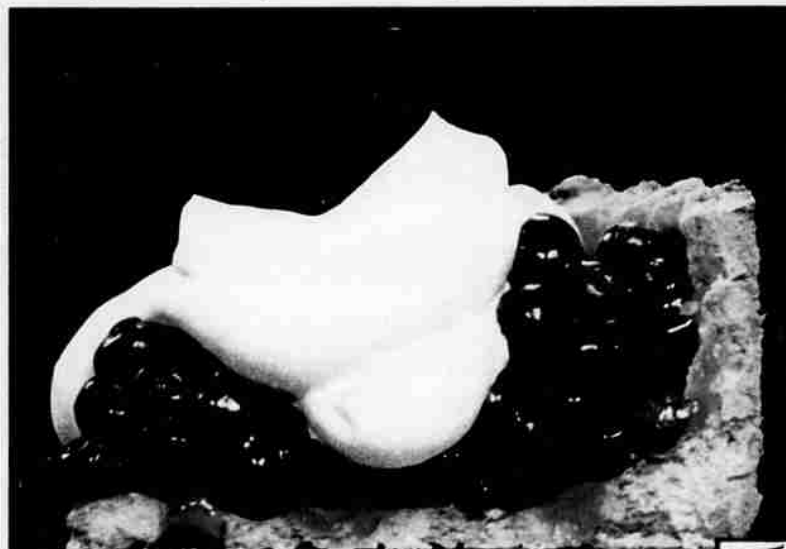

Inside—in Grape Glory. Fold Dream Whip into slightly thickened Grape Jell-O—substituting 1 cup grape juice for the 1 cup cold water.

Topside—on Peach Tarts. Easy-to-make Dream Whip makes the simplest dessert fancy, won't make bulges on you or your budget.

In between—frosting Devil's Food Cake. Flavor Dream Whip Chocolate, adding 2 tablespoons each cocoa and sugar before whipping.

All over—on open-faced Blueberry Cake. Use Dream Whip for all desserts, as a topping or in recipes. *Anywhere.*
