## State Board To Approve Higher Pay Request

MONMOUTH, Ore. (AP)—The Oregon State Board of Higher Education today put its formal approval today on a request for nearly \$6.5 million for added pay for faculty members.

The Finance Committee Monday decided to ask for a supplemental appropriation of that amount in the next biennium.

Unless the state system of higher education's salaries are increased each year, Chancellor John R. Richards said, Oregon will fall below the standards which keep it competitive with other states.

The appropriation would present faculty members up one step on the pay ladder—a boost of about 3.8 per cent—and would also set academic pay at levels about 7 per cent higher each year than realistic on the ground that a greater percentage of high school graduates are entering college.

To meet immediate needs of the state's higher education institutions the committee allocated \$309,865 from reserves set aside last spring and from additional student fee revenues. This money will be given to the institutions for no specific uses.

### Prostitute Earned \$84,000

LONDON (AP)—A pretty blonde says that in three years she earned \$84,000 as a prostitute in London.

"And that's nothing to what some of the girls are making," Anne Carter, 21, testified Monday during the trial of her ex-boy friend, John Conway, 27.

Conway was sentenced to prison for five years for living off Anne's immoral earnings.

Anne said she began by making \$23 to \$36 a night. Then her earnings rose to around \$200 a night.

Her peak was the week after Britain's new law against soliciting for prostitution last year drove most of the girls off the streets.

Anne said she advertised in store windows and made nearly \$2,000.

She testified she gave Conway half of everything she earned.

"But life with Johnny wasn't easy," she said. "We had many rows. I walked out five times, but like a fool I always went running back."

Police testified they saw Conway beat her.

There was no charge against the girl.

"I never want to see Johnny again," she told reporters after court. "That part of my life is over."

Arkansas comes from a Quapaw Indian word meaning "down stream people."
