TULELAKE—The 14th annual state meeting of the California Association of the Future Homemakers of America took place October 28, 29 and 30, at Asilomar, California. Attending from the Tulelake unit were Linda Lewis, Kathy Byron and Dianne Dingler. They were accompanied by Mrs. E. Brough, adviser, and Mrs. Martin Dingler.

The Tulelake chapter made an exhibit on the participation of the group in the Migrant Nursery School. This school is a yearly project which cares for the children of transient laborers in the Tulelake area. The activity fulfills the national goal of the FHA which is to develop potential abilities. Linda Lewis, president, supervised one of the sections at the convention. Kathy Byron took part in one of the skits.

Approximately 700 girls and their advisers from 13 sections of the state attended. The delegates represented the 267 California chapters with a total membership of 9,804.

Theme for the convention was "Our Platform for 1960-61." Major goal of the meeting was to help members understand more about FHA. To guide their activities toward this purpose the program was based upon these objectives: (1) to develop our potential abilities, (2) to develop a better understanding of the responsibilities of good citizenship, (3) to gain a better appreciation of our American heritage, (4) to help chapters put the program of work into action.

Featuring on the program for the meeting was a youth panel discussion with the subject chosen, Citizenship Begins at Home, with Dr. Mary Lane of Alameda College moderating. Other business included revision of the state constitution, election and installation of new state officers and a report on the national convention held in Washington, D.C., last summer. Gail Sinton, state president from Shandon, spoke on the responsibilities as a future homemaker.

The convention ended with a banquet and the installation of new officers.

SP Workers Lauded

DUNSMUIR — In continuing its safety program, Shasta Division of Southern Pacific Company has recently stepped up its policy of giving recognition to individuals and working units for accident-free records and safe practices.

"Alert personnel give us good safety records," Sam Burton, division superintendent, said in congratulating Shasta Division employees for excellent performance and fine cooperation in the third quarter of 1960.

This commendation was issued by Burton upon learning that Shasta Division had placed highest among the railroad's 11 divisions and won President D. J. Russell's All Employee Quarterly Safety Award.

A publicity campaign is being organized to see that the credit for safety is given where credit is due, Burton said. Employees are being photographed at work and their participation in the smooth functioning of the railroad recognized.

Solon Tells Of Problems

MOUNT SHASTA — The problems confronting a congressman were discussed by Harold T. (Bizz) Johnson, Democratic incumbent congressman from the Second District, at a breakfast meeting of the Soroptimist Club recently at the Lamplighter Cafe.

National defense and national security are the first considerations, Johnson said. He noted California gets about 25 per cent of the nation's appropriation for defense and security and defense contracts are of vital importance to the state's economy.

Johnson felt the next session of congress would take a hard look at world security and re-evaluate assistance to the undeveloped free countries.

"We must develop our natural resources in order to compete with other countries," Johnson said.

He spoke of importance of timber resources to this area and of growing awareness of the role of recreation in national forest and national park development.

Highway development is of parallel importance and present federal highway program is the largest public works project ever undertaken and when completed in 1973 will create 41,000 miles of freeways, he said.

Broadening of social security coverage and benefits will be another problem to confront the 87th Congress, Johnson said.

He said he had enjoyed his first term in congress and in stepping into the position vacated by Sen. Clair Engle, he felt he had been able to continue programs initiated by Engle with representation of the 19 counties in the Second District.

Mass Planned In Old Church

FORT JONES — Mass will be held at 12 noon on Sunday, November 6, in the Church of St. Peter and Paul in Callahan for the first time in over 25 years by Father William Broderick. A barbecue dinner will be served following the service.

This church was dedicated 102 years ago, when Callahan was a thriving community and a stage coach stop on the Oregon Trail.

Mr. and Mrs. William Broderick, a missionary priest from Southern Oregon, used to come to the home of Mr. Callahan, for whom the town was named, and say mass. In 1858 the church was built. A marker was placed on the site some years ago by the Native Daughters of the Golden West.

It was brought to the attention of the Parish Association of Fort Jones that the church should be either restored or torn down. People in Callahan were consulted and they expressed a desire to restore the building if possible.

The following committee was appointed: Joe Serpa, chairman; Mrs. Russell Farrington, Father Broderick, Jim Pierra and Dick Hayden. They worked with the association and were helped by the Knights of Columbus to raise funds for repairs. Donations of \$57 have been received, and the walls, roof and windows have now been repaired. Additional funds are needed to go on with the work of restoring the interior of the church.

Crime Rate Increase Noted

PALO ALTO (UPI)—Atty. Gen. Stanley Mosk today reported crime rate increases but declared that the overall trend was "normal."

In the first six months of 1960, he said 15,023 felony complaints were filed in superior courts. This was a six per cent increase over the same period of 1959.

But in 1960 there was only a 2.3 per cent increase in the number of felony convictions as compared with the first half of 1959, he said. The figures were reported to an annual meeting of sheriffs here with the state Department of Justice.

Mosk said the increase in crime was slightly greater than the increase in population, but that this was not "evidence of any pronounced or unusual rise in crime."

The slight difference, he said, resulted from the dislocations of surging population growth and accelerated mobility of the people.

"The crime outlook as revealed over the past six years suggests that the overall trend is normal and that law enforcement has done an effective job in its general control of criminal activities."

His report showed 294 homicide complaints filed in superior courts in the first half of 1960, which were an increase of 23 per cent over the same period of 1959.

Other felony categories were: robbery, up 10 per cent; assault, down 8 per cent; burglary, up 8 per cent; theft except auto, up 13 per cent; auto theft, up 8 per cent; forgery, up 12 per cent; sex offenses, up 2 per cent; narcotics, down 5 per cent; other offenses, up 9 per cent.

At the same time, however, the number of arrests jumped a whopping 19 per cent. A total of 47,691 arrests were made on felony charges in the first six months of this year, even though only 12,374 were brought into court and convicted. The 1960 conviction rate was higher than for 1959, but 3 per cent less than the rate for the first half of 1958.

Deadline Set On Discharges

YREKA — Former service personnel ineligible for veterans benefits because of other than an honorable or general discharge from the service have one year to apply for correction of alleged errors or injustice, Veterans Service Officer Lynn E. Roberts of Yreka announced today.

Under Public Law 601 the secretaries of the Army, Navy, Air Force and Treasury are authorized to correct any military or naval record where, in their judgment, such action is necessary to correct an error or remove an injustice.

Applications for correction must be filed prior to October 25, 1961, or within three years of discovery of the alleged error or injustice—whichever is the later date.

The secretaries act through boards of civilian officers of employees of their respective departments, and applications to the appropriate service must be made through the Veterans Service Office from the Veterans Administration. The service office has a list of the boards to which applications should be sent.

Public Law 220 places the October 25, 1961, time limit on the correction applications by amending Section 207 of Public Law 601.

In addition to his original discharge papers or copy thereof, the veteran will be required to submit a sworn statement setting forth the error or injustice claimed and the reason why the veteran thinks the sentence was too severe for the offense committed.

If the veteran can obtain statements from comrades who know of the incident in question, such sworn statements should also be submitted with his application.

The Veterans Service Office is located at the courthouse annex, Yreka.
