

They'll Do It Every Time

By Jimmy Hatlo

A TYPING CLASS in action is shown here at KUHS. This is a part of Mr. Miles' first period and first year typing class. There are approximately 410 students enrolled in first year typing. Students enrolled are sophomores, juniors and seniors. Miles has four other beginning typing classes; Miss Bushong has two, Miss Baillie, one. Training in this course the first year is both for personal use and for students who wish to follow the vocational curriculum.

Needed: Pay-As-You-Go Politicians

By HAL BOYLE
NEW YORK (AP) — What this country needs is a new pay-as-you-go political party that could make fresh promises to meet everyone's real needs.

The election of 1960 proved that the most common remark made by the average voter after casting his ballot Tuesday was this: "What difference does it really make to me who wins? I'll still have to work for a living." This attitude reflects a deep underlying dissatisfaction in the electorate. They are unhappy with both the Democratic and Republican parties, both of which are a bit out of touch with the people's real desires.

A third party — perhaps to be called the True Welfare of Better World party — might sweep the nation in 1964.

WAGES — A salary that lasted from payday to payday would be the government goal for all — instead of the present salary which only lasts from payday to the day after payday.

HOUSING — Two barbecue pits would be provided for every home, one in the front yard, one in the back yard. No wife would have to stay home every night unless she wanted to. If her husband was too tired to take her out, a government-tested male escort would be at her service one evening a week.

WELFARE — A free guaranteed parking space would be available without charge to every citizen — and located within one-minute walking time of his job.

A political party with a program like that surely would win hands down in 1964. It might stay in power only a few years — but wouldn't they be years to remember!
